

Additionally, I would appreciate it if you could look into the issue of why I have not been receiving correspondence from the COU/CT DSS on this subject, and advise on any necessary steps to rectify the situation.

Your assistance in ensuring that our organization has access to accurate and up-to-date information is greatly appreciated. Please let us know if there are any further steps we need to take in order to obtain this verification.

Thank you for your time and attention to this matter. I look forward to your prompt response.

Subject: Re: Request for Documentation to Update and Confirm Information on Provider Registries unsecure

Thank you Marihonor,

I hope this email finds you well. I am reaching out to inquire about the ACR Provider List and our listing on it. I noticed that several agencies are listed 3 to 4 times with the same information, and I was wondering if ABI Resources may do the same? Would ACR please list ABI Resources on the ACR Provider List in the same manner as other agencies listed 3 to 4 times with the same information? **The directory is produced by program. ABI Resources participates in the ABI Program and appears on that directory only.**

What is the process for being listed at the top of the ACR Provider List and how may ABI Resources ensure that we are consistently listed at the top of the list? **The directory is sorted by alphabetical order.**

As a reputable agency, we would like to ensure that our services are easily accessible to those seeking care, and being listed at the top of the provider list would help us achieve this goal. Therefore, I would appreciate any information you can provide on how this process works and what we can do to be listed at the top consistently. **The directory is sorted by alphabetical order**

Additionally, the ACR PIU document provided does not show areas and locations, which raises the concern that ABI Resources may not be listed for all areas. Therefore, I would like to ensure that we are listed for all areas to better serve our clients. **ABI Resources is listed for statewide services as indicated on the directory page I sent you on Friday.**

Furthermore, the ACR PIU document provided does not show service types, including PCA services. As ABI Resources offers a wide range of services, I would like to ensure that we are listed for all services, including PCA services, to make it easier for our clients to find us and access the care they need. **We have you in our system for the ABI Program only. If you wish to add the PCA Program, please send in current copies of your insurance certificates (liability, WC, theft) and your DCP. We will process your request and send you the letter you will need to enroll for PCA Waiver billing.**

Lastly, we would like to inquire about the accessibility of the ACR Provider List to the public and what steps consumers need to take to access the list? **Per DSS directive, the directory is not for public view. It is for program participants/ reps and DSS care managers**

As a provider of services, we would like to ensure that our clients and potential clients can easily access the list to find the services they need. Therefore, I would appreciate it if you could provide information on the accessibility of the list and any steps that consumers need to take to access it. **It is not for public view**

Would it be possible for you to provide us with the link to the public ACR Provider List, so we may share it with our clients and make it easier for them to access? **There is no link to the Provider Directory that Allied produces and maintains**

Please let me know if there are any steps we need to take to update our listing or if you require any additional information from us.

Thank you for your time and consideration.

All the best,
David Medeiros

Hi David,

My name is Erin Kane, Head of Quality here at Connecticut Community Care. Hope this message finds you well! Ron passed along your correspondence below and I wanted to take a moment to respond.

Related to your inquiry about the CCC process for referral making; Provider selection is based off the following criteria:

#1: Client choice – the client has a right to select which provider they would like to use.

#2: If a client indicates no preference, we utilize an electronic randomization process (randomizes based on service type, location etc.) to ensure all referrals are distributed fairly. This process is the same for all programs administered here at CCC.

Related to your other questions regarding documentation and eligibility, I would like to defer to a DSS colleague, Amy Dumont (CC'ed here). Please let me know if there is anything I can do to assist further.

Thank you,

Erin
