

As a provider of services, we would like to ensure that our clients and potential clients can easily access the list to find the services they need. Therefore, I would appreciate it if you could provide information on the accessibility of the list and any steps that consumers need to take to access it. **It is not for public view**

Would it be possible for you to provide us with the link to the public ACR Provider List, so we may share it with our clients and make it easier for them to access? **There is no link to the Provider Directory that Allied produces and maintains**

Please let me know if there are any steps we need to take to update our listing or if you require any additional information from us.

Thank you for your time and consideration.

All the best,
David Medeiros

Subject: Request for Documentation to Update and Confirm Information on Provider Registries

Hello Allied Community Resources,

I am writing on behalf of ABI Resources to request an update and confirmation of our information on your provider registries. We value our partnership with your organization and want to ensure that our information is accurate and up-to-date.

Could you kindly provide us with the documentation necessary to update and confirm our information on your provider registries? We are committed to providing quality services to our clients and believe that accurate information is essential to maintaining our reputation and credibility as a provider.

Thank you for your assistance in this matter. We appreciate your efforts to help us maintain the highest standards of professionalism and quality in our services.

All the best,
David Medeiros

Hello Erin,

Thank you for taking the time to read this email. As a provider of quality care for the brain-injured population, ABI Resources is deeply committed to upholding the highest standards of person-centered care and client rights. In line with this commitment, we are writing to inquire about the process involved in the event a client wishes to change an agency service provider or care management provider.

We understand that clients may sometimes feel uncomfortable with their current care manager or agency service provider, or may wish to have a different care management agency provider for any reason. We would like to know if clients have the option to request and receive a different agency service provider, care manager, or care management agency provider. If so, we would like to understand the process and how the rules of person-centered care and client rights are applied in such situations.

Furthermore, we would like to understand how this request is officially implemented.

- a. If a client wishes to document their request, what specific form or documentation must a client complete?
- b. What steps must they take to ensure that their request is successfully processed?
- c. Does the client sign an official request to change agency service providers, a care manager, or care management agency?
- d. Is this signed document provided to the current provider?
- e. Where can clients locate these documents?
- f. Is this document provided to the client by care management? and how does care management provide request forms such as these?
- g. What periods for notices are implemented?
- h. In the event that a client is uncomfortable with making this request directly to their care manager, agency service provider, or care management provider, how may the client do so?

As a valued partner in providing quality care to the brain-injured population, we understand that some clients may request the option to change care managers, agency service providers, or care management providers. It is essential for ABI Resources to better understand this process to ensure that our clients receive the best possible person-centered care and rights of the person served. We appreciate any information you can provide us on this matter to help us better serve our mutual clients.

Thank you again for your time and consideration, and we look forward to hearing from you soon.

All the best,
David Medeiros

ABI Provider List.xlsx;

It has again, been identified that ABI Resources is not listed for referrals. ABI Resources has provided the provider list for reference. Would DSS please explain why the provider list is presented with the selected agencies at the top of the list? Would DSS and Community Options please confirm and verify that ABI Resources is on the Allied Community Resources ABI Program Provider Directory both on the portal and in print?

Thank you,
David Medeiros CBIS

Date: August 31, 2023

To: Connecticut Department of Social Services (DSS)

From: ABI Resources

The ABI Waiver Program aims to assist individuals with Acquired Brain Injuries, facilitating their integration into community settings and ensuring they lead self-directed lives. Central to this program's success is the transparent exchange of information by Care Management to all involved professionals.

Report of the Meeting:

During a recent team meeting for ABI Waiver Program survivor EB from Griswold, CT, the CBT behaviorist highlighted the following concern:

In the past 9 months of providing weekly therapy services to EB since January, the behaviorist did not receive any historical behavioral or background information about EB from Care Management.

The absence of information from Care Management poses questions about the necessity and justification of the weekly ABI Waiver behavioral services being provided and billed to Medicaid. How can a behaviorist deliver effective services without prior knowledge or specific directives?

During this meeting, the Care management explained they had no information about the consumer but would look at the client's records next week when they go to the office, the behaviorist then approached ABI Resources for past and current medical and therapeutic data. However, ABI Resources provides non-medical/therapeutic support, potentially complicating the behaviorist's request.

The Cognitive Behavioral therapist raised concerns to the consumer and team about the consumer's lead medical rehab doctor's abilities and prescriptions. Such concerns have unsettled the consumer, making them contemplate seeking a new prescriber and potentially not adhering to their medication regimen. Notably, EB has been with their current doctor for over 15 years.

Implications:

Program Integrity: ABI Waiver care management consultation services are built on organization thorough information sharing and communication. A lapse in this regard undermines the quality of care as well as concerns for Care management consultation service billing that may not be provided.

Consumer Safety: Operating without a complete background can endanger the consumer, therapist, and service providers.

CBT Medication Concerns: Uncertainties regarding EB's medication necessitate immediate investigation and resolution.

Concerns Raised:

Clarity is required on the interventions the CBT behaviorist has employed with EB since January. The obstacles created by the missing historical data and the highlighted medication worries are urgent.

Request for Action:

Immediate Sharing of Information: Care Management must swiftly relay all pertinent historical details about EB to the CBT behaviorist and ABI Resources.

Audit of Care Management Protocols: An assessment should be initiated to discern the cause of this neglect and avert similar oversights for other clients.

Training: Provide comprehensive training for Care Management consultation services and behavioral providers to ensure an understanding of the roles and capacities of each associated organization.

Contact CMS: Initiate a thorough investigation into the consumer's ABI Waiver Program service plan and to ascertain if other consumers are experiencing similar.

Ensuring the concerns detailed herein are swiftly addressed is critical to preserving safety as well as the integrity and purpose of the ABI Waiver Program.

We urge Connecticut DSS to prioritize this matter and ensure proper measures are taken to rectify the situation. Lastly, ABI Resources requests follow-up information as to how the Department of Social Services has addressed this.

Sincerely,

David Medeiros

ABI Resources
