Subject: Immediate Action Required: Solicitation and Protocol Violations by ABI Waiver Behaviorist Nichole Collins.

To the attention of: DSS Commissioner and Amy Dumont, DSS / COU.

I trust this message finds you well.

In reference to our recent meeting, we, at ABI Resources, are writing with an escalating concern regarding a repeated breach of protocol by one of the ABI Waiver Behaviorists, Ms. Nichole Collins. Her continued actions are compromising not only the integrity of our client support system but also that of the Medicaid ABI Waiver program. Today's discovery is yet another additional request for DSS intervention.

It has been observed, reported and documented that Ms. Collins, in her role as a behaviorist, has been directing case management activities and implementing care plans without appropriate consultation or consensus, which are strictly against the established procedures of the ABI Waiver program. Her unilateral decisions and actions have violated the program's guidelines and potentially endangered consumer safety.

Additionally, her actions have involved unilaterally referring and transitioning a client to an agency of her choice, an act that unequivocally constitutes solicitation and an explicit violation of the ABI Waiver protocols. This approach not only infringes on the client's rights to explore all appropriate options but also has created unnecessary conflicts of consumer safety. Her repeated advocacy for preferred agencies, which has been shared with the conservator, is beyond the bounds of her role and is, quite frankly, unacceptable.

In line with the regulations specified by Sec. 17b-260a-17, we are formally requesting that the Department of Social Services (DSS) and the Chief Operating Unit (COU) urgently investigate this matter. It is clearly articulated in this section that providers must adhere strictly to the stipulated guidelines, with failure to do so leading to potential repercussions, including the termination of the provider's service contract, removal from the Provider Directory, or disqualification as a provider.

Our primary concern is to ensure the safety, well-being, and best interests of our clients. In pursuit of this, we hereby request the removal of Ms. Nichole Collins from the Waiver program based on the grievances described above and in compliance with Sec. 17b-260a-17.

We trust in your commitment to uphold the integrity of the DSS ABI Waiver program, ensuring its operations remain fair, transparent, and fundamentally client-focused. Should you require any further information or documentation pertaining to this matter, we stand ready to provide the same.

We look forward to your prompt action in this regard.

Thank you for your immediate attention to this matter.

Sincerely,

David Medeiros

Dear Erin,

I hope this email finds you well. As a provider of quality care for the brain-injured population, ABI Resources is dedicated to maintaining the highest standards of person-centered care and upholding client rights. In the pursuit of this commitment, we sent the email below with a detailed inquiry regarding the process for clients who wish to change their agency service provider or care management provider. Unfortunately, we have not yet received a response from you and are now increasingly concerned about the implications.

Given the importance of this issue and its potential impact on the community we serve, we would like to express our concern about the lack of acknowledgment and answers to our questions. We understand that everyone has a busy schedule, however, we believe that addressing these concerns is crucial for ensuring that our clients receive the best possible care and have their rights respected.

To recap, our previous email contained a series of questions aimed at understanding the process involved in changing an agency service provider or care management provider, as well as how the principles of person-centered care and client rights apply in such situations. We kindly request your assistance in providing us with information on the following topics:

The process for clients who wish to change agency service providers, care managers, or care management agency providers.

The required documentation and steps for clients to successfully submit and process their requests.

The procedures for handling cases in which clients are uncomfortable making these requests directly to their current providers.

We cannot emphasize enough the importance of addressing these concerns for the well-being of our clients and the community we serve. We understand that collaboration and open communication are essential for providing quality care, and we hope that you share our commitment to these principles.

We must reiterate the importance of addressing these concerns for the well-being of our clients, our staff, and our business. We kindly request your prompt attention to this matter.

Thank you again for your time and consideration. We look forward to resolving this issue together, ensuring the best possible care for our clients and a strong, collaborative relationship between our organizations.

We eagerly await your response.

Warm regards,

David Medeiros

Subject: Inquiry Regarding Client's Option to Change Agency Service or Care Management Provider. MFP, ABI and PCA Waivers.

Hello Erin,

Thank you for taking the time to read this email. As a provider of quality care for the brain-injured population, ABI Resources is deeply committed to upholding the highest standards of person-centered care and client rights. In line with this commitment, we are writing to inquire about the process involved in the event a client wishes to change an agency service provider or care management provider.

We understand that clients may sometimes feel uncomfortable with their current care manager or agency service provider, or may wish to have a different care management agency provider for any reason. We would like to know if clients have the option to request and receive a different agency service provider, care manager, or care management agency provider. If so, we would like to understand the process and how the rules of person-centered care and client rights are applied in such situations.

Furthermore, we would like to understand how this request is officially implemented.

- a. If a client wishes to document their request, what specific form or documentation must a client complete?
- b. What steps must they take to ensure that their request is successfully processed?
- c. Does the client sign an official request to change agency service providers, a care manager, or care management agency?
- d. Is this signed document provided to the current provider?
- e. Where can clients locate these documents?
- f. Is this document provided to the client by care management? and how does care management provide request forms such as these?
- g. What periods for notices are implemented?
- h. In the event that a client is uncomfortable with making this request directly to their care manager, agency service provider, or care management provider, how may the client do so?

As a valued partner in providing quality care to the brain-injured population, we understand that some clients may request the option to change care managers, agency service providers, or care management providers. It is essential for ABI Resources to better understand this process to ensure that our clients receive the best possible person-centered care and rights of the person served. We appreciate any information you can provide us on this matter to help us better serve our mutual clients.

Thank you again for your time and consideration, and we look forward to hearing from you soon.

All the best,
David Medeiros

Subject: Re: Request for Documentation to Update and Confirm Information on Provider Registries unsecure

Thank you Marihonor,

I hope this email finds you well. I am reaching out to inquire about the ACR Provider List and our listing on it. I noticed that several agencies are listed 3 to 4 times with the same information, and I was wondering if ABI Resources may do the same? Would ACR please list ABI Resources on the ACR Provider List in the same manner as other agencies listed 3 to 4 times with the same information? **The directory is produced by program. ABI Resources participates in the ABI Program and appears on that directory only.**

What is the process for being listed at the top of the ACR Provider List and how may ABI Resources ensure that we are consistently listed at the top of the list? **The directory is sorted by alphabetical order.**

As a reputable agency, we would like to ensure that our services are easily accessible to those seeking care, and being listed at the top of the provider list would help us achieve this goal. Therefore, I would appreciate any information you can provide on how this process works and what we can do to be listed at the top consistently. **The directory is sorted by alphabetical order**

Additionally, the ACR PIU document provided does not show areas and locations, which raises the concern that ABI Resources may not be listed for all areas. Therefore, I would like to ensure that we are listed for all areas to better serve our clients. **ABI Resources is listed for statewide services as indicated on the directory page I sent you on Friday.**

Furthermore, the ACR PIU document provided does not show service types, including PCA services. As ABI Resources offers a wide range of services, I would like to ensure that we are listed for all services, including PCA services, to make it easier for our clients to find us and access the care they need. **We have you in our system for the ABI Program only. If you wish to add the PCA Program, please send in current copies of your insurance certificates (liability, WC, theft) and your DCP. We will process your request and send you the letter you will need to enroll for PCA Waiver billing.**

Lastly, we would like to inquire about the accessibility of the ACR Provider List to the public and what steps consumers need to take to access the list? **Per DSS directive, the directory is not for public view. It is for program participants/ reps and DSS care managers**

As a provider of services, we would like to ensure that our clients and potential clients can easily access the list to find the services they need. Therefore, I would appreciate it if you could provide information on the accessibility of the list and any steps that consumers need to take to access it. **It is not for public view**

Would it be possible for you to provide us with the link to the public ACR Provider List, so we may share it with our clients and make it easier for them to access? **There is no link to the Provider Directory that Allied produces and maintains**

Please let me know if there are any steps we need to take to update our listing or if you require any additional information from us.

Thank you for your time and consideration.

All the best,
David Medeiros

Dear Erin,

It is important for me to apologize and ask for your forgiveness, I am sorry. I would like to express my gratitude for your previous response on March 13th. Your assistance and guidance have been valuable to me, and I truly appreciate your willingness to help.

As a TBI (Traumatic Brain Injury) survivor of 45 years and a recent stroke survivor, I sometimes have a hard time reading between the lines, making assumptions, and clearly communicating requests. I understand the importance of providing the best possible care and support for our clients and staff. In order to further enhance my understanding of the CCC process, I requested more clarity on certain aspects of the program. My goal is to utilize this information to better serve the individuals under our care and to contribute effectively to the growth of our community.

I understand that you have mentioned directing further programmatic questions to the Department of Social Services. However, I was hoping you could provide some initial guidance or point me in the right direction before I approach the department. DSS has established your agency team as our first point of contact. Your insights, based on your experience and expertise, would be invaluable in helping me navigate this process more efficiently.

My aim is to gather as much knowledge as possible to ensure that our practices are aligned with the broader goals and initiatives of the greatest good. As we both share a deep commitment to supporting TBI survivors, I believe that working together and exchanging information can be a crucial factor in achieving the best outcomes for our clients and staff.

Thank you in advance for your time and consideration. I look forward to hearing from you soon and hope to establish a productive and collaborative relationship in our efforts to support TBI survivors. I only wish to help the greatest good and provide real support for those in need, this is why I have asked you these questions. Would you please help me understand your team processes better?

Wishing you a great day!

David Medeiros

Hi David,

The below was brought to my attention by Julia Evans Starr. I responded to your initial inquiry on March 13th and felt I was forthcoming in my response. As I mentioned then, additional programmatic questions should be directed to the Department of Social Services. The nature of these questions are much more global than CCC internal practices/processes.

Have a nice day,

We kindly request that these concerns be brought to the attention of the Board of Directors at the earliest opportunity, as they directly affect our mutual mission to serve the community. We believe that addressing these questions and concerns will not only strengthen our collaboration but also ensure that the individuals we serve receive the highest quality of care and support.

The lack of response to our inquiries is causing growing concerns for numerous reasons, particularly in relation to the well-being of Medicaid consumers and providers. This situation not only impairs our capacity to offer optimal care to our clients, but it also casts doubt on the effectiveness of communication and collaboration between our organizations, as well as the ability of care managers to effectively provide for the Medicaid waiver brain injured population while ensuring the rights of the person served are adhered to. It is vital to address these concerns swiftly to preserve trust and nurture a positive working relationship moving forward. Request for Investigation: ABI Waiver Program Consumer Employment Concerns at Supported Living Group (SLG)

ABI RESOURCES 860 942-0365 <aabiwr@live.com>

Wed 9/20/2023 7:59 AM

To: Commis DSS <commis.dss@ct.gov>; Amy Dumont <amy.dumont@ct.gov>

To: The United States Department of Labor (DOL), Connecticut Department of Labor, and Connecticut Department of Social Services.

Subject: Request for Investigation: Employment Concerns at Supported Living Group (SLG)

Dear Sir/Madam,

The information presented in this letter is based on joint communications and inputs received both from the said consumer and their conservator. It is intended to ensure that relevant authorities are made aware of potential concerns for their due consideration and investigation. Neither David Medeiros, ABI Resources, nor any affiliated entities or individuals claim full accuracy of the details however believe that they warrant the attention of the mentioned authorities. The representation of facts is made in good faith, and it is hoped that any action taken in response is with the objective of ensuring fair and just employment practices for all individuals involved.

I am writing to formally express concerns and request an investigation into the employment practices at the Supported Living Group (SLG) located in the Executive Office of Bethany, 23 Amity Rd, Bethany, CT 06524. The details provided below pertain to a brain-injured adult man from Madison, CT who may appear to be both a consumer and employee of SLG's Medicaid federally funded ABI Waiver day program.

Employment Details:

Wage and Hour Standards: The consumer works approximately 21 hours a week but may appear to be compensated at a rate of just \$10 a day. This does not meet the federal minimum wage standards. The format of this payment (cash or check) may appear to be unclear, which can raise concerns about wage documentation and tax implications.

Workplace Safety and Health: The consumer's duties involve several physically demanding tasks. The consumer aids with PCA services, which include assisting other consumers to the restroom, setting up commodes, and transferring them to and from these commodes. The consumer also aids attendees prone to falling and even assists in lifting these individuals from the floor. Given his own health challenges due to a spinal cord injury, these tasks pose significant risks. The consumer may appear to be advised against heavy lifting and has balance and impulsivity issues, which compound the health and safety risks. It's imperative to assess if this environment may appear to be compliant with Occupational Safety and Health (OSHA) regulations.

Employment and Training: The consumer was handed supervisory duties with minimal instructions, potentially jeopardizing the welfare of both himself and those the consumer oversees.

Workplace Discrimination: The potential exploitation due to his disability, given the disparity between his responsibilities and his compensation, may appear to be concerning.

Employee Benefits Security: The ambiguity about his employment status raises questions on whether the consumer receives any employee benefits.

Unemployment Insurance and Workers' Compensation: With unclear employment details and payment methods, there's uncertainty about his coverage under unemployment insurance or workers' compensation in case of a workplace incident.

Motivation and Future Prospects:

The consumer's commitment to his role, despite the challenges, seems largely influenced by the \$10 daily pay and the potential promises of full-time employment after a year with SLG.

Communication and Conflict of Interest:

It seems there may have been some level of coercion or undue influence in the consumer's appointment to this role.

A significant conflict of interest exists, as the consumer's ABI Waiver cognitive behaviorist provider may appear to be also an SLG employee, which can hinder transparent communication about workplace grievances or concerns.

Attendees' Profile:

The attendees, supervised by the consumer, are brain injury survivors with behavioral challenges, making the consumer's responsibilities even more demanding given his own health issues.

Conclusion:

The concerns outlined underscore potential breaches in labor standards and regulations for Connecticut's Medicaid ABI Waiver day programs. The potential exploitation, safety hazards, and conflicts of interest necessitate a comprehensive investigation into SLG's employment practices to ensure the rights and welfare of all its workers, including this specific consumer, are upheld.

Sincerely,

David Medeiros

Urgent: Investigation Request Regarding Ethical Concerns with Connecticut Community Care's Practices

ABI RESOURCES 860 942-0365 <aabiwr@live.com>

Mon 9/11/2023 2:59 PM

To: Commis DSS <commis.dss@ct.gov>; Amy Dumont <amy.dumont@ct.gov>

09/11/2023

Dear DSS Commissioner and Amy Dumont, DSS COU.

I hope this email finds you well. I am writing to you on behalf of ABI Resources to address a matter in light of the serious and pressing concerns raised by our clients regarding the practices of Connecticut Community Care (CCC) consultation services to the ABI Waiver program and potential unethical conduct. Specifically, a recurring pattern has been identified where consultation services seem to unduly direct consumers DS and AP toward the agency provider, New Day, facilitated by Ms. Luisa DiNino-Jones. Such actions compromise the core values of person-centered care services as well as efforts to jeopardize ABI Resources' services and reputation as a respected provider.

There have been instances indicating possible consumer discriminatory communications, whether over the phone or via email. This further complicates matters, hindering the ability of ABI Waiver program consumers to make informed decisions. Such conduct not only jeopardizes the integrity of ABI Resources care system but might also verge on discriminatory actions against these consumers.

Consumer DS has made numerous attempts to schedule a Team Meeting to address these concerns, yet no such meeting has been organized by care management. DS shares that care management has repeatedly dictated her choice of providers, steering and excluding the consumer from the decision-making process. Disturbingly, DS has also mentioned receiving derogatory remarks from the care manager, sharing that the consumer is insulted by continuously referencing her as grossly morbidly obese in a derogatory manner.

Consumer AP shares that the care manager often misrepresents their role, posing as the consumer's medical therapeutic provider. The consumer shares that there continue to be instances of wrongful diagnosis, with claims from the care manager of the consumer having manic episodes as well as inaccurate information being reported to the consumer's family via email. The consumer shares that this seems to be an attempt to establish some sort of historical form of legal conservatorship over AP. Consumer AP share that care management has made statements about the consumer's religious beliefs. Lastly, the consumer shares that care management inappropriately comments on the consumer's past relationships in a negative way to others.

Given the severity of these concerns, we at ABI Resources formally request that the Department of Social Services (DSS) initiate a comprehensive investigation into these allegations. It is imperative to uphold the integrity and fairness of services offered to ABI Waiver program consumers.

To address these issues and protect the interests of consumers, we suggest the following measures:

Immediate Investigation: Initiate a neutral investigation into the practices of Connecticut Community Care consultation services, with a focus on referrals to New Day through Ms. Luisa DiNino-Jones.

Immediate Investigation: Initiate a neutral investigation into the practices of Connecticut Community Care consultation services, with a focus on the number of probate conservator referrals involving Ms. Luisa DiNino-Jones.

Strengthen Oversight: Augment oversight mechanisms to ensure consultation services adhere to person-centered care principles.

Enhance Communication Transparency: Establish guidelines mandating consultation services to present transparent, unbiased information to and with consumers, guaranteeing they are included and informed with documentation for consumers to reference.

Training and Awareness: Organize regular training for consultation service providers emphasizing ethical conduct, transparency and person-centered care.

Open Reporting Channels: Develop an efficient, anonymous system for whistleblowers and other consumers to report potential wrongdoing.

Regular Audits: Implement periodic audits to assess the compliance of consultation services with DSS standards and values.

Sanctions and Penalties: Enforce stricter repercussions for services that contravene DSS standards and guidelines.

Contact CMS: Initiate a thorough investigation into the consumer's ABI Waiver Program service plan and to ascertain if other consumers are experiencing similar.

Ensuring the concerns detailed herein are swiftly addressed is critical to preserving safety as well as the integrity and purpose of the ABI Waiver Program.

We urge Connecticut DSS to prioritize this matter and ensure proper measures are taken to rectify the situation. Lastly, ABI Resources requests follow-up information as to how the Department of Social Services has addressed this.

Thank you,

David Mederios

Subject: Formal Grievance Concerning Discriminatory Unfair Business Practices within the Connecticut Medicaid ABI Waiver Program

To: All pertinent departments within the state of Connecticut,

I trust this correspondence reaches you in excellent health and high spirits. My name is David Medeiros, and I am addressing you in my capacity as a concerned business owner, resident, and individual with a disability residing in the state of Connecticut. I have the honor of leading ABI Resources, a distinguished service provider within the Connecticut Medicaid Acquired Brain Injury (ABI) Waiver Program.

I find myself compelled to highlight and formally complain about a series of blatant and persistent inequities pertaining to discriminatory business practices occurring under the aegis of the aforementioned program. Despite my multiple, concerted efforts to engage in constructive dialogue with the Connecticut Department of Social Services, addressing these grave concerns has been met with a disconcerting lack of engagement and rectification. This situation has had a deleterious impact not only on the operations of ABI Resources but also on the well-being and quality of service accessible to the disabled individuals we are committed to serving.

Key Concerns and Grievances:

a) **Medicaid Referrals:**

b) **Paying Consumers / Financial Incentives Inducements / Medicaid Service Agency**

a) **Medicaid Referrals:**

There is a prevailing lack of transparency and an apparent bias in the Medicaid referral processes within the ABI Waiver Program. ABI Resources, despite an unwavering commitment to excellence in service delivery, has been unfairly marginalized, resulting in an unequal and unjust distribution of referrals.

Addressing issues of transparency, bias, and unfair marginalization in Medicaid referrals, particularly within the Acquired Brain Injury (ABI) Waiver Program, is crucial to ensuring equitable access to quality healthcare services for all eligible individuals. ABI Resources and similar service providers play a vital role in supporting individuals with acquired brain injuries, and it is essential that they are treated fairly in the referral process to continue their commitment to excellence in service delivery.

Potential Steps to Address the Issue:

Increase Transparency:

Implement a transparent referral process where criteria for referrals are clearly defined and made publicly available.

Establish a monitoring system to track and publish referral data, including the number of referrals made to each service provider and the reasons for referral decisions.

Conduct an Independent Audit:

Hire an independent entity to conduct a thorough review of the Medicaid referral processes within the ABI Waiver Program to identify any biases or unfair practices.

The audit should also evaluate the performance and quality of services provided by ABI Resources and other service providers to ensure that referrals are based on merit and the ability to meet the needs of individuals with acquired brain injuries.

Implement a Fair and Equitable Referral System:

Develop a standardized and objective referral system that ensures all service providers are evaluated based on the same criteria.

Consider incorporating a randomized component to the referral process to prevent bias and ensure a fair distribution of referrals.

Engage Stakeholders:

Create a platform for open dialogue between Medicaid officials, service providers, individuals with acquired brain injuries, and their families to discuss concerns related to the referral process.

Use feedback from stakeholders to continuously improve the referral system and address any emerging issues.

Provide Training and Education:

Offer training to Medicaid officials and other stakeholders involved in the referral process to raise awareness about potential biases and the importance of a fair and equitable system.

Educate service providers about the referral process, criteria for referrals, and steps they can take if they believe they have been treated unfairly.

Establish a Complaint and Appeal Process:

Create a clear and accessible complaint and appeal process for service providers who believe they have been unfairly marginalized in the referral process.

Ensure that complaints are thoroughly investigated and that corrective action is taken when warranted.

Promote Accountability:

Hold Medicaid officials and other stakeholders accountable for ensuring a fair and transparent referral process.

Implement consequences for individuals or entities found to be engaging in biased or unfair practices.

Regularly Review and Update Policies:

Conduct regular reviews of referral policies and procedures to ensure they remain up-to-date, fair, and transparent.

Update policies as needed to address any identified issues and to adapt to changing needs and circumstances.

Addressing the issues of transparency, bias, and unfair marginalization in Medicaid referrals within the ABI Waiver Program is essential to ensuring that all eligible individuals have equal access to high-quality services. It is imperative that service providers like ABI Resources are treated fairly and equitably in the referral process to uphold the integrity of the healthcare system and to foster trust among all stakeholders. Implementing the above steps could contribute significantly to creating a more transparent, fair, and equitable referral system, ultimately benefiting individuals with acquired brain injuries and the service providers dedicated to supporting them.

b) Paying Consumers / Financial Incentives Inducements / Medicaid Service Agency

Provider: A Medicaid service agency provider is offering financial incentives to consumers, leading to an imbalance in the competitive landscape. This kind of practice can indeed raise serious ethical, legal, and fairness concerns.

Ethical Concerns:

Conflicts of Interest: Financial incentives could create a conflict of interest, where the provider's financial gain takes precedence over the best interests of the consumer.

Bias and Unfairness: It could lead to bias in referrals, favoring certain providers over others irrespective of the quality of services they offer.

Erosion of Trust: Such practices can erode trust in the Medicaid system and healthcare providers, as consumers may question the motives behind the services they are being referred to.

Legal Concerns:

Violation of Anti-Kickback Statutes: Providing inducements to influence the referral of services covered by Medicaid can violate anti-kickback statutes, potentially leading to legal actions and penalties.

False Claims Act Violations: If such inducements lead to fraudulent billing or claims, it could result in violations of the False Claims Act.

Non-Compliance with Medicaid Regulations: Medicaid has strict guidelines and regulations to ensure fairness and prevent fraud, and engaging in such practices can result in non-compliance and potential debarment from the program.

Lack of Responsiveness to Complaints and Reports: Our persistent complaints and reports, meticulously documenting these issues, have been met with apathy. There is an alarming deficit in the investigation, redressal, and accountability mechanisms within the system.

Adverse Impacts on ABI Resources:

Financial Duress: The discriminatory practices and referral shortages have placed ABI Resources under significant financial duress, compromising our ability to maintain operational viability and deliver superior services to our clients.

Reputational Harm: The state's nonintervention and perceived partiality have led to an erosion of our reputation. This has resulted in ABI Resources being unjustly perceived as a less favorable service provider, regardless of our commitment to quality and excellence.

Demoralization of Workforce: The protracted nature of these issues has led to a pervasive sense of demoralization among our staff and stakeholders, adversely impacting the morale and efficacy of our organizational operations.

Addressing the Issue:

Regulatory Oversight: There should be strict oversight and monitoring by regulatory bodies to ensure that all Medicaid service agency providers are complying with laws and regulations.

Transparency: Increasing transparency in the referral process can help in ensuring that referrals are made based on the quality of services rather than financial incentives.

Whistleblower Protections: Encouraging whistleblowing and providing protections for whistleblowers can help in uncovering and addressing such unethical practices.

Penalties and Sanctions: Implementing strict penalties and sanctions for those found guilty of engaging in such practices can act as a deterrent.

Public Awareness: Educating consumers about the potential for such conflicts of interest and providing them with information on how to report suspicious activities can empower them to make informed decisions.

Addressing this issue is crucial for maintaining the integrity of the Medicaid program, ensuring that consumers receive the best possible care, and fostering a competitive and fair marketplace for healthcare services.

Call to Action:

I earnestly seek your prompt intervention and advocacy in ensuring this grievance is communicated to all pertinent departments within the state of Connecticut tasked with addressing such critical matters. The departments that ought to be immediately apprised of this situation include, but are not limited to:

Connecticut Department of Social Services

Connecticut Attorney General's Office

Connecticut Commission on Human Rights and Opportunities

Connecticut Office of the Healthcare Advocate

Connecticut Office of Policy and Management

I have proactively initiated complaints and have directly engaged with the Connecticut Department of Social Services. Rest assured, all communications have been meticulously documented, encompassing dates, times, and the identities of the individuals engaged in these discussions.

I place my trust in your unwavering commitment to justice and fairness, confident that you will accord this matter the urgency and gravitas it demands, ensuring a

comprehensive investigation and the implementation of corrective measures. The equitable treatment of all service providers operating under the Connecticut Medicaid ABI Waiver Program is of utmost importance, and I am optimistic that your intervention will usher in a just resolution.

I am grateful for your time and thoughtful consideration of this crucial matter.

Sincerely,

David Medeiros

Subject: Formal Grievance Concerning Discriminatory Unfair Business Practices within the Connecticut Medicaid ABI Waiver Program

To: All pertinent departments within the state of Connecticut,

I trust this correspondence reaches you in excellent health and high spirits. My name is David Medeiros, and I am addressing you in my capacity as a concerned business owner, resident, and individual with a disability residing in the state of Connecticut. I have the honor of leading ABI Resources, a distinguished service provider within the Connecticut Medicaid Acquired Brain Injury (ABI) Waiver Program.

I find myself compelled to highlight and formally complain about a series of blatant and persistent inequities pertaining to discriminatory business practices occurring under the aegis of the aforementioned program. Despite my multiple, concerted efforts to engage in constructive dialogue with the Connecticut Department of Social Services, addressing these grave concerns has been met with a disconcerting lack of engagement and rectification. This situation has had a deleterious impact not only on the operations of ABI Resources but also on the well-being and quality of service accessible to the disabled individuals we are committed to serving.

Key Concerns and Grievances:

a) **Medicaid Referrals:**

b) **Paying Consumers / Financial Incentives Inducements / Medicaid Service Agency**

a) **Medicaid Referrals:**

There is a prevailing lack of transparency and an apparent bias in the Medicaid referral processes within the ABI Waiver Program. ABI Resources, despite an unwavering commitment to excellence in service delivery, has been unfairly marginalized, resulting in an unequal and unjust distribution of referrals.

Addressing issues of transparency, bias, and unfair marginalization in Medicaid referrals, particularly within the Acquired Brain Injury (ABI) Waiver Program, is crucial to ensuring equitable access to quality healthcare services for all eligible individuals. ABI Resources and similar service providers play a vital role in supporting individuals with acquired brain injuries, and it is essential that they are treated fairly in the referral process to continue their commitment to excellence in service delivery.

Potential Steps to Address the Issue:

Increase Transparency:

Implement a transparent referral process where criteria for referrals are clearly defined and made publicly available.

Establish a monitoring system to track and publish referral data, including the number of referrals made to each service provider and the reasons for referral decisions.

Conduct an Independent Audit:

Hire an independent entity to conduct a thorough review of the Medicaid referral processes within the ABI Waiver Program to identify any biases or unfair practices.

The audit should also evaluate the performance and quality of services provided by ABI Resources and other service providers to ensure that referrals are based on merit and the ability to meet the needs of individuals with acquired brain injuries.

Implement a Fair and Equitable Referral System:

Develop a standardized and objective referral system that ensures all service providers are evaluated based on the same criteria.

Consider incorporating a randomized component to the referral process to prevent bias and ensure a fair distribution of referrals.

Engage Stakeholders:

Create a platform for open dialogue between Medicaid officials, service providers, individuals with acquired brain injuries, and their families to discuss concerns related to the referral process.

Use feedback from stakeholders to continuously improve the referral system and address any emerging issues.

Provide Training and Education:

Offer training to Medicaid officials and other stakeholders involved in the referral process to raise awareness about potential biases and the importance of a fair and equitable system.

Educate service providers about the referral process, criteria for referrals, and steps they can take if they believe they have been treated unfairly.

Establish a Complaint and Appeal Process:

Create a clear and accessible complaint and appeal process for service providers who believe they have been unfairly marginalized in the referral process.

Ensure that complaints are thoroughly investigated and that corrective action is taken when warranted.

Promote Accountability:

Hold Medicaid officials and other stakeholders accountable for ensuring a fair and transparent referral process.

Implement consequences for individuals or entities found to be engaging in biased or unfair practices.

Regularly Review and Update Policies:

Conduct regular reviews of referral policies and procedures to ensure they remain up-to-date, fair, and transparent.

Update policies as needed to address any identified issues and to adapt to changing needs and circumstances.

Addressing the issues of transparency, bias, and unfair marginalization in Medicaid referrals within the ABI Waiver Program is essential to ensuring that all eligible individuals have equal access to high-quality services. It is imperative that service providers like ABI Resources are treated fairly and equitably in the referral process to uphold the integrity of the healthcare system and to foster trust among all stakeholders. Implementing the above steps could contribute significantly to creating a more transparent, fair, and equitable referral system, ultimately benefiting individuals with acquired brain injuries and the service providers dedicated to supporting them.

b) Paying Consumers / Financial Incentives Inducements / Medicaid Service Agency

Provider: A Medicaid service agency provider is offering financial incentives to consumers, leading to an imbalance in the competitive landscape. This kind of practice can indeed raise serious ethical, legal, and fairness concerns.

Ethical Concerns:

Conflicts of Interest: Financial incentives could create a conflict of interest, where the provider's financial gain takes precedence over the best interests of the consumer.

Bias and Unfairness: It could lead to bias in referrals, favoring certain providers over others irrespective of the quality of services they offer.

Erosion of Trust: Such practices can erode trust in the Medicaid system and healthcare providers, as consumers may question the motives behind the services they are being referred to.

Legal Concerns:

Violation of Anti-Kickback Statutes: Providing inducements to influence the referral of services covered by Medicaid can violate anti-kickback statutes, potentially leading to legal actions and penalties.

False Claims Act Violations: If such inducements lead to fraudulent billing or claims, it could result in violations of the False Claims Act.

Non-Compliance with Medicaid Regulations: Medicaid has strict guidelines and regulations to ensure fairness and prevent fraud, and engaging in such practices can result in non-compliance and potential debarment from the program.

Lack of Responsiveness to Complaints and Reports: Our persistent complaints and reports, meticulously documenting these issues, have been met with apathy. There is an alarming deficit in the investigation, redressal, and accountability mechanisms within the system.

Adverse Impacts on ABI Resources:

Financial Duress: The discriminatory practices and referral shortages have placed ABI Resources under significant financial duress, compromising our ability to maintain operational viability and deliver superior services to our clients.

Reputational Harm: The state's nonintervention and perceived partiality have led to an erosion of our reputation. This has resulted in ABI Resources being unjustly perceived as a less favorable service provider, regardless of our commitment to quality and excellence.

Demoralization of Workforce: The protracted nature of these issues has led to a pervasive sense of demoralization among our staff and stakeholders, adversely impacting the morale and efficacy of our organizational operations.

Addressing the Issue:

Regulatory Oversight: There should be strict oversight and monitoring by regulatory bodies to ensure that all Medicaid service agency providers are complying with laws and regulations.

Transparency: Increasing transparency in the referral process can help in ensuring that referrals are made based on the quality of services rather than financial incentives.

Whistleblower Protections: Encouraging whistleblowing and providing protections for whistleblowers can help in uncovering and addressing such unethical practices.

Penalties and Sanctions: Implementing strict penalties and sanctions for those found guilty of engaging in such practices can act as a deterrent.

Public Awareness: Educating consumers about the potential for such conflicts of interest and providing them with information on how to report suspicious activities can empower them to make informed decisions.

Addressing this issue is crucial for maintaining the integrity of the Medicaid program, ensuring that consumers receive the best possible care, and fostering a competitive and fair marketplace for healthcare services.
