

- Complaints to the DOJ and HHS OCR, submitted on November 10, 2024, included comprehensive documentation of ADA violations, whistleblower retaliation, and systemic mismanagement.
- The absence of substantive action or follow-up from these federal agencies revealed a broader pattern of neglect and inaction.

5. FOIA and ADA Compliance Failures

- Requests for ADA-compliant communication and public records related to Medicaid funds and the ABI Waiver Program were either ignored or obstructed.
- These failures were documented through email exchanges, unanswered requests, and a lack of transparent processes.

Each discovery is supported by correspondence records, witness testimony, and David's detailed documentation of the systemic barriers and retaliatory practices he encountered. These actions collectively indicate deliberate neglect and systemic discrimination.

Additional Facts Supporting the Allegations

1. Documented Retaliation and Exclusion by DSS:

- DSS officials publicly ridiculed David Medeiros during ABI Waiver forums, as corroborated by witnesses and documented in communications. These actions created a hostile environment, directly impeding his ability to advocate for Medicaid beneficiaries and individuals with disabilities.
- DSS failed to provide reasonable accommodations under the ADA, including email-only correspondence and simplified processes, despite David's documented cognitive challenges as a brain injury survivor.

2. CHRO's Failure to Investigate:

- Despite submitting a notarized complaint on October 24, 2024, and multiple follow-up communications, CHRO refused to assign a case number or initiate an investigation, violating its statutory obligation to investigate discrimination complaints.
- CHRO's inaction effectively denied David due process and equal protection under the law, prolonging systemic discrimination and retaliation.

3. Attorney General's Office Inaction:

- Submissions to the Connecticut Attorney General included detailed evidence of DSS's ADA violations and whistleblower retaliation. Despite the compelling nature of the evidence, the office failed to respond, investigate, or intervene.

- This neglect demonstrates a disregard for its duty to ensure state agency compliance with federal and state laws.

4. Federal Oversight Failures (DOJ and HHS OCR):

- The Department of Justice and the Office for Civil Rights at HHS were notified of systemic ADA violations, misuse of Medicaid funds, and whistleblower retaliation. Despite comprehensive documentation, neither agency initiated a substantive investigation or provided updates.
- Federal inaction perpetuates the culture of impunity within Connecticut's state agencies.

5. FOIA and Transparency Failures:

- DSS obstructed transparency by refusing to provide records related to Medicaid fund usage and ABI Waiver operations, despite FOIA and state FOIA laws mandating timely responses.
- Requests for ADA-compliant documents and communication were ignored, compounding David's inability to access critical information.

6. Pattern of Systemic Neglect and Corruption:

- Connecticut's financial reliance on Medicaid creates an incentive to suppress transparency and accountability. The refusal to investigate whistleblower complaints, accommodate disabilities, or ensure compliance highlights a coordinated effort to shield systemic mismanagement.

7. David Medeiros' Vulnerability as a Brain Injury Survivor:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Agencies weaponized David’s cognitive challenges to create procedural barriers, delay responses, and obstruct justice, further exacerbating the discrimination and retaliation he faced.
- The refusal to accommodate his needs constitutes a violation of the ADA and Rehabilitation Act, underscoring the systemic failure to protect vulnerable individuals.

Summary of Supporting Evidence:

- Witness testimony from public forums and interactions with DSS officials.
- Documentation of correspondence with CHRO, DSS, the Attorney General’s Office, DOJ, and HHS OCR.
- Records of FOIA requests, ADA accommodation requests, and their subsequent denials or lack of response.
- Evidence of retaliatory exclusion and ridicule during advocacy efforts.
- Clear patterns of systemic neglect and procedural obstruction across all involved agencies.

These facts demonstrate a coordinated effort to suppress whistleblower protections, violate ADA standards, and obstruct transparency, requiring immediate federal intervention and oversight.

DB.42.131.Inf. DOGE

to advocate for Medicaid beneficiaries and individuals with disabilities. These actions targeted him specifically as a whistleblower, suppressing his ability to expose systemic Medicaid mismanagement.

- **Public Ridicule:** During public meetings, DSS officials publicly ridiculed David, leveraging his disability as a brain injury survivor to discredit his advocacy efforts and silence his concerns. This abuse of authority undermines the principles of public accountability and transparency.
- **ADA Violations:** DSS knowingly failed to provide reasonable accommodations for David's disability, such as email-only correspondence and simplified processes, obstructing his ability to navigate complex procedural systems and defend his rights.

2. Connecticut Commission on Human Rights and Opportunities (CHRO):

- **Failure to Investigate:** Despite being mandated to investigate discrimination complaints, CHRO refused to assign a case number or take action on David's notarized complaint. This inaction denied him due process and equal protection, effectively protecting DSS and perpetuating systemic discrimination.
- **Neglect of Statutory Duty:** CHRO's refusal to fulfill its investigative role demonstrates an abuse of authority by prioritizing institutional preservation over its mission to protect civil rights.

3. Connecticut Attorney General's Office:

- **Inaction on Documented Evidence:** Despite receiving comprehensive evidence of DSS's retaliatory practices, ADA violations, and systemic discrimination, the Attorney General's Office failed to act. This neglect reflects an abdication of its responsibility to ensure state agencies comply with federal and state laws, effectively enabling retaliatory practices.

4. Federal Oversight Bodies (DOJ and HHS OCR):

- **Failure to Intervene:** Despite being notified of systemic ADA violations, whistleblower retaliation, and misuse of Medicaid funds, both the Department of Justice and the Office for Civil Rights within HHS failed to enforce federal protections. Their inaction perpetuated the abuse of authority by state agencies, signaling tolerance for these violations.

Retaliatory Actions Against Whistleblowing Efforts:

- **Suppression of Advocacy:** By excluding David from forums and ridiculing his efforts, DSS and other agencies sought to suppress his whistleblowing on Medicaid mismanagement.
- **Weaponized Disability:** Agencies exploited David's cognitive challenges as a brain injury survivor to create procedural barriers, delay responses, and obstruct justice, effectively silencing his advocacy.
- **FOIA Obstruction:** DSS obstructed transparency by refusing to fulfill FOIA requests, denying David access to information crucial for holding the agency accountable.

Discriminatory Practices Against a Whistleblower with a Disability:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Exclusion from Public Decision-Making:** By barring David from participating in public discussions, DSS violated his First Amendment rights to petition the government and participate in public forums.
- **Denial of Accommodations:** Refusing to honor ADA accommodation requests, including simplified communication and accessible formats, demonstrates systemic discrimination against individuals with disabilities.

Key Evidence of Abuse of Authority:

- Documented public ridicule and exclusion by DSS officials during ABI Waiver forums.
- Refusal of CHRO to investigate notarized complaints, ignoring statutory obligations.
- Lack of action from the Connecticut Attorney General's Office despite clear evidence of violations.
- Procedural barriers and delays created to undermine David's advocacy.
- Denials of FOIA requests and ADA accommodations, obstructing access to justice and accountability.

Summary:

The retaliatory and discriminatory practices by state and federal entities demonstrate a gross abuse of authority, targeting David Medeiros for his whistleblowing efforts. These actions violate constitutional protections, ADA mandates, and whistleblower laws, necessitating immediate federal oversight to address systemic failures and ensure accountability.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

These interactions were marked by deliberate inaction, procedural barriers, and public exclusion.

Key discoveries include:

1. Retaliatory Actions at Public Forums:

- During ABI Waiver Program discussions, DSS officials publicly ridiculed David and excluded him from critical decision-making processes. These actions were directly observed and documented by David as clear attempts to undermine his advocacy efforts and credibility as a whistleblower.

2. Failure to Respond to ADA Accommodation Requests:

- Despite repeated requests for reasonable ADA accommodations, including simplified correspondence and email-only communication, DSS and CHRO refused to comply. This non-compliance became evident through continued procedural delays and inaccessible communication methods.

3. CHRO's Refusal to Acknowledge Complaint:

- After filing a notarized complaint with CHRO on October 24, 2024, David discovered the agency's refusal to assign a case number or take any investigative action. Follow-ups on October 30, 2024, further confirmed CHRO's neglect of its statutory duties.

4. Attorney General's Silence:

- Evidence submitted to the Connecticut Attorney General's Office on November 1, 2024, was met with complete inaction. David discovered the lack of

accountability through the Attorney General's failure to respond to his submissions.

5. Federal Inaction by DOJ and HHS OCR:

- Complaints escalated to the DOJ and HHS OCR on November 10, 2024, provided detailed documentation of ADA violations, whistleblower retaliation, and systemic misconduct. The absence of follow-up or enforcement from these federal agencies highlighted their neglect.

6. Obstructed FOIA Requests:

- DSS and CHRO failed to provide timely responses to FOIA requests, further obstructing David's efforts to obtain transparency regarding Medicaid fund usage and agency accountability.

Through these events, David identified a coordinated pattern of retaliation, inaction, and systemic discrimination, underscoring a deliberate effort to suppress his advocacy and whistleblower disclosures.

Additional Facts Supporting the Allegation of Abuse of Authority

1. Documented Retaliation and Public Exclusion:

- **DSS Forum Behavior:** During ABI Waiver Program forums, DSS officials publicly ridiculed David Medeiros and excluded him from critical discussions, despite his role as a disability advocate and whistleblower. This retaliation was witnessed by multiple attendees and documented in communication records.
- **Exclusion from Decision-Making Processes:** Despite being a key stakeholder and advocate for individuals with disabilities, David was systematically excluded from forums and denied opportunities to provide input on critical Medicaid policies.

2. Failure to Investigate by CHRO:

- Despite filing a notarized complaint on October 24, 2024, detailing ADA violations and retaliation by DSS, CHRO refused to assign a case number or investigate the allegations. This failure to act highlights CHRO's abdication of its statutory responsibility to protect individuals from discrimination.

3. Attorney General's Refusal to Act:

- On November 1, 2024, David submitted evidence of misconduct and retaliation to the Connecticut Attorney General's Office. The Attorney General's Office has failed to provide acknowledgment, initiate an investigation, or take any corrective action, enabling ongoing abuses.

4. Pattern of ADA Non-Compliance:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Complaints escalated to the DOJ and HHS OCR on November 10, 2024, were met with silence. Despite being provided with comprehensive evidence of systemic ADA violations, whistleblower retaliation, and misuse of federal funds, federal agencies failed to investigate or enforce compliance.

7. Exploitation of Disability:

- Agencies are fully aware of David's traumatic brain injury (TBI) and related cognitive challenges but have weaponized these vulnerabilities by creating procedural barriers, ignoring accommodation requests, and delaying responses. This exploitation underscores the systemic nature of the abuse.

8. Medicaid Mismanagement Concerns:

- DSS's refusal to disclose Medicaid fund usage, particularly regarding the ABI Waiver Program, raises serious concerns about potential mismanagement or misuse of federal funds. The lack of transparency and retaliatory actions suggest an attempt to shield systemic inefficiencies from public scrutiny.

9. Violation of Whistleblower Protections:

- David's disclosures of Medicaid mismanagement have made him a target for coordinated retaliation. DSS and CHRO have actively suppressed his whistleblower complaints by obstructing due process and refusing to investigate credible allegations.

1. Direct Personal Experience:

- While engaging with the Connecticut Department of Social Services (DSS) as a whistleblower and advocate for the ABI Waiver Program, David directly experienced public ridicule, exclusion from forums, and systemic retaliation.

2. Documented Evidence:

- David submitted formal complaints to the Connecticut Commission on Human Rights and Opportunities (CHRO) and other agencies, only to receive no substantive responses or assigned case numbers, highlighting systemic failures.

3. Procedural Barriers:

- Through attempts to obtain information via the Freedom of Information Act (FOIA) and ADA accommodation requests, David encountered procedural delays, denials, and refusals to provide accessible formats.

4. Patterns of Neglect and Retaliation:

- The lack of federal enforcement from agencies such as the DOJ and HHS OCR revealed systemic inaction and a pattern of neglect, particularly against individuals with disabilities and whistleblowers.

5. Community Feedback and Advocacy Efforts:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- David learned of similar patterns of exclusion and systemic failures from other whistleblowers, Medicaid recipients, and disability advocates, further corroborating his findings.

These cumulative experiences and observations provided David with irrefutable evidence of systemic wrongdoing, gross mismanagement, and abuse of authority.

What Additional Facts Support Your Allegation?

1. Documented Complaints and Correspondence:

- Multiple formal complaints were submitted to the **Connecticut Commission on Human Rights and Opportunities (CHRO)**, **Connecticut Department of Social Services (DSS)**, **Office of the Connecticut Attorney General**, and federal agencies like the **Department of Justice (DOJ)** and **Health and Human Services Office for Civil Rights (HHS OCR)**. These complaints document allegations of ADA violations, whistleblower retaliation, and systemic mismanagement. CHRO's refusal to assign case numbers or investigate further substantiates a pattern of inaction.

2. ADA Violations and Procedural Barriers:

- Agencies failed to provide ADA-mandated accommodations, such as email-only communication, simplified correspondence, and accessible formats. These violations demonstrate a deliberate disregard for federal disability rights laws, including the Americans with Disabilities Act (ADA) and the Rehabilitation Act (Section 504).

3. Retaliatory Actions:

- **DSS officials** publicly ridiculed David Medeiros during ABI Waiver Program forums, excluded him from critical discussions, and obstructed his access to essential records and accommodations. These retaliatory actions were intended to discredit David and suppress his advocacy.

4. FOIA and Transparency Failures:

- David's FOIA requests seeking information on Medicaid fund usage, including ABI Waiver program details, were ignored or delayed, violating transparency laws under **5 U.S.C. § 552** and **Connecticut FOIA statutes (C.G.S. § 1-200 et seq.)**.

5. Testimonies and Community Evidence:

- Accounts from other disability advocates, Medicaid recipients, and whistleblowers corroborate systemic issues within Connecticut's state agencies, particularly DSS and CHRO. Patterns of retaliation, neglect, and obstruction have been consistently reported.

6. Systemic Mismanagement of Medicaid Funds:

- DSS's refusal to disclose Medicaid fund usage, particularly in relation to the ABI Waiver Program, raises concerns about potential misuse or gross mismanagement of public funds intended to serve vulnerable populations.

7. Federal Inaction and Knowledge of Disability:

- Federal agencies, including the DOJ and HHS OCR, were alerted to the systemic failures and retaliatory practices, but no substantive action has been taken. This inaction, despite full knowledge of David's traumatic brain injury and ADA-related needs, compounds the harm.

8. Impact on Public Health and Safety:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Neglecting ADA compliance and whistleblower protections undermines public trust, threatens the integrity of federally funded programs, and endangers Medicaid beneficiaries reliant on these services for health and safety.

These facts collectively establish a pattern of systemic neglect, retaliation, and corruption within Connecticut state agencies and the failure of federal oversight bodies to intervene effectively.

1. Gross Waste of Funds

1. Who Took the Action?

- **Connecticut Department of Social Services (DSS):**
 - Leadership and administrative officials responsible for Medicaid fund oversight, particularly in the Acquired Brain Injury (ABI) Waiver Program.

- **Connecticut Commission on Human Rights and Opportunities (CHRO):**
 - Failed to ensure compliance with anti-discrimination laws, contributing to ineffective use of resources allocated for investigations and civil rights enforcement.
- **Office of the Connecticut Attorney General:**
 - Failed to address allegations of systemic mismanagement and misuse of funds despite receiving substantial evidence.

2. What Action Did They Take?

- **DSS Mismanagement of Medicaid Funds:**
 - Misallocated funds intended to support the ABI Waiver Program, resulting in inadequate services for Medicaid beneficiaries and individuals with disabilities.
 - Withheld transparency on the allocation and expenditure of federal Medicaid funds, preventing public accountability and oversight.
- **CHRO Inefficiency:**
 - Allocated state resources to an agency that refuses to investigate valid complaints, effectively wasting funds meant for civil rights enforcement.
- **Lack of Oversight and Misuse:**
 - Failure to use allocated funds to ensure ADA compliance, provide reasonable accommodations, or address systemic issues raised by whistleblowers like David Medeiros.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

3. When Did This Occur?

- **Ongoing:**
 - The gross waste of funds is a continuing issue, exacerbated by systemic failures in Medicaid administration and lack of enforcement by DSS, CHRO, and other state entities.

4. How Did You Discover This Action?

- Through **FOIA requests** and direct interactions with DSS, it became evident that records detailing Medicaid fund usage, particularly within the ABI Waiver Program, were deliberately withheld or obscured.
- Observed **lack of services** and systemic barriers faced by Medicaid beneficiaries, including myself, indicating the ineffective use of allocated resources.
- Documented **CHRO's refusal to act on complaints**, highlighting inefficient use of funds meant for civil rights enforcement.

5. What Additional Facts Support Your Allegation?

- **FOIA Non-Compliance:**
 - DSS has repeatedly ignored or delayed FOIA requests seeking records of Medicaid fund usage and ABI Waiver expenditures, violating transparency laws.
- **Service Failures:**
 - Numerous reports of underserved Medicaid beneficiaries, suggesting that funds are not being used effectively to meet program objectives.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **CHRO Ineffectiveness:**
 - Despite being funded to investigate discrimination and ADA violations, CHRO failed to act on complaints, undermining its purpose and wasting taxpayer resources.
- **Systemic Retaliation Against Whistleblowers:**
 - Resources have been diverted to suppress whistleblowers like David Medeiros, rather than addressing the underlying issues they expose.
- **Public Health and Safety Impacts:**
 - The mismanagement of Medicaid funds directly impacts the health and safety of vulnerable populations reliant on these programs.
- **Federal Oversight Failures:**
 - Despite federal requirements, DSS has not demonstrated compliance with Medicaid guidelines, ADA standards, or anti-retaliation protections, raising concerns about federal fund misuse.

5. Legislative and Policy Failures

- Inaction by the Connecticut General Assembly (CGA) and Office of Policy and Management (OPM) in enforcing accountability for Medicaid spending dates back to **2018**, worsening over time as financial pressures on the state increased.

How Did You Discover This Action?

David Medeiros, as a whistleblower, disability advocate, and founder of ABI Resources, uncovered these actions through firsthand involvement, research, and communication with affected populations. The following outlines how these actions were discovered:

1. Direct Involvement in Advocacy and Reporting:

- As a **Medicaid Acquired Brain Injury Waiver (ABI Waiver) provider**, David observed consistent **mismanagement, delays, and non-compliance** with Medicaid policies, impacting vulnerable populations reliant on these services.
- His firsthand interactions with **Connecticut Department of Social Services (DSS)** officials revealed systemic failures in the administration of funds, refusal to provide transparency, and retaliatory practices against those raising concerns.

2. Complaints Filed and Ignored:

- After filing formal complaints with **DSS, CHRO, and other state agencies**, David noted repeated refusals to assign case numbers, investigate allegations, or address the reported issues, indicating procedural obstructions and systemic retaliation.
- Follow-ups with state and federal oversight bodies, including **HHS OCR and DOJ**, yielded no action, further exposing a coordinated effort to suppress whistleblowers.

3. Testimonies from Affected Populations:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Through his work with ABI Resources, David received **testimonies from individuals and families**, highlighting **delayed Medicaid services**, discriminatory practices, and inaccessible public forums for those with disabilities.
- These accounts confirmed widespread **financial inefficiencies** and administrative failures within state programs.

4. **Analysis of FOIA Responses and Obstructions:**

- Requests for Medicaid fund records under **FOIA (5 U.S.C. § 552)** were delayed, denied, or inadequately addressed, further revealing the deliberate suppression of transparency regarding the misuse of federal and state funds.
- DSS and CHRO's refusal to provide complete, timely, and accurate information raised significant concerns about financial mismanagement.

5. **Patterns of Retaliation:**

- Retaliation against David personally—including public ridicule, exclusion from forums, and denial of accommodations—demonstrated a coordinated effort to silence his whistleblower activities.

6. **Escalation to Federal Agencies:**

- Escalation to **DOJ** and **HHS OCR** in **2023 and 2024** confirmed federal inaction despite substantial evidence of systemic violations, indicating complicit neglect or deferral of oversight.

Request for Federal Representation and Protection to Restore Constitutional Rights

To the U.S. Office of Special Counsel (OSC):

This complaint requires immediate federal representation to protect David Medeiros, a whistleblower, taxpayer advocate, and person with a disability, whose constitutional rights have been systematically violated by Connecticut state agencies. The federal government must act decisively to ensure that David's rights under the First, Fifth, and Fourteenth Amendments, as well as federal statutes like the Americans with Disabilities Act (ADA) and the Whistleblower Protection Act, are restored and protected.

Specific Actions Requested for Representation and Protection

1. Immediate Federal Representation

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Federal Counsel Appointment:** Appoint a federally funded attorney or representative to ensure David’s constitutional rights are fully protected and enforced.
- **Direct Oversight of Legal Proceedings:** Federal representatives must oversee all ongoing interactions between David and Connecticut agencies to prevent further violations or retaliation.
- **Protection from Retaliation:** Establish safeguards ensuring David is no longer subjected to exclusion, discrimination, or retaliatory actions by state agencies or officials.

2. Restoration of Constitutional Rights

- **First Amendment:** Reinforce David’s right to petition the government for redress of grievances without fear of retaliation or obstruction.
- **Fifth Amendment:** Ensure due process protections are upheld, requiring transparent and timely responses to David’s complaints and FOIA requests.
- **Fourteenth Amendment:** Address systemic discrimination and ensure equal protection under the law, particularly as it pertains to David’s disability and whistleblower status.

3. Mandate ADA Compliance and Accessibility

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Guarantee Accommodations:** Require Connecticut agencies to provide ADA-compliant accommodations, including accessible communication formats and simplified procedures, tailored to David’s cognitive needs as a traumatic brain injury survivor.
- **Independent Audit of ADA Compliance:** Conduct a federal audit of ADA adherence within Connecticut’s federally funded programs, including DSS’s administration of the ABI Waiver Program.

4. Federal Oversight to Enforce Accountability

- **Assign a Federal Monitor:** Appoint an independent federal monitor to oversee the actions of Connecticut agencies, ensuring compliance with constitutional and statutory obligations.
- **Investigate Retaliatory Practices:** Launch a federal investigation into retaliatory actions by Connecticut state officials against David Medeiros, holding violators accountable.

5. Restorative Justice for David Medeiros

- **Public Acknowledgment:** Require Connecticut agencies to publicly acknowledge their violations of David’s rights and take corrective action.
- **Financial Restitution:** Compensate David for the personal, professional, and financial harm caused by the systemic violations and retaliatory practices.

- **Reinstatement of Advocacy Rights:** Ensure David's ability to advocate for vulnerable populations, including individuals with disabilities, is fully restored without obstruction or exclusion.

6. Set a National Precedent

- **Protect All Whistleblowers:** Use David's case to establish stronger federal protections for whistleblowers, ensuring no individual faces similar violations or retaliation in the future.
- **Strengthen Constitutional Safeguards:** Reinforce federal mechanisms to prevent states from undermining constitutional and civil rights.
- **Systemic Reform Across States:** Mandate reforms ensuring all states comply with federal laws protecting taxpayers, individuals with disabilities, and whistleblowers.

Conclusion

David Medeiros has endured severe constitutional violations, systemic discrimination, and targeted retaliation as a whistleblower and disability advocate. The federal government has a moral and legal obligation to represent and protect him, ensuring that his rights are fully restored and upheld.

By providing federal representation and enforcing constitutional and statutory protections, OSC can not only deliver justice for David but also set an enduring example for safeguarding the rights of all Americans, particularly those most vulnerable to systemic failures.

2. What Action Did They Take?

The Connecticut Department of Public Health (DPH), along with other relevant state and federal officials and entities, engaged in a series of actions and omissions that constitute violations of law, rule, and regulation. These actions include:

Failure to Comply with FOIA (5 U.S.C. § 552 and Conn. Gen. Stat. § 1-200 et seq.)

1. Incomplete Records Production:

DPH failed to provide comprehensive responses to the FOIA request

submitted on November 2, 2024, concerning Medicaid services associated with NPI 1962278119 and NPI 1023012345. Requested records, such as contracts, compliance reports, and interagency communications, were not provided in full, hindering transparency and accountability.

2. Lack of Referral to Relevant Agencies:

Despite the scope of the requested records, DPH failed to refer the request to other relevant agencies, including the Connecticut Department of Social Services (DSS) and the Centers for Medicare & Medicaid Services (CMS), as required under FOIA when records are not within the agency's possession.

3. Inadequate Justifications for Denials:

Redacted or withheld records lacked legally sufficient explanations, including specific citations of FOIA exemptions under 5 U.S.C. § 552(b). This non-compliance undermines statutory transparency obligations.

ADA Violations (42 U.S.C. § 12132 and 29 U.S.C. § 794)

1. Failure to Provide ADA Accommodations:

DPH repeatedly ignored or failed to meet explicit, non-negotiable ADA accommodations necessary for equitable participation, including:

- Exclusive use of the MuckRock platform for all communications.
- Delivery of documents as screen-reader-compatible PDFs.
- Inclusion of simplified summaries for complex or technical records.

- Identification of FOIA officers and responsible personnel in all correspondence.

2. Accessibility Barriers:

Directing the requester to external portals and password-protected links violated ADA standards by creating barriers for individuals with cognitive disabilities, contrary to Title II of the ADA and Section 504 of the Rehabilitation Act.

Mismanagement of Medicaid Records and Oversight (42 U.S.C. § 1396a)

1. Failure to Ensure Regulatory Compliance:

By not producing records related to provider compliance, Medicaid funding allocation, and consumer complaints, DPH obstructed transparency in Medicaid administration. This omission raises concerns about potential misuse of federal funds, monopolistic practices, and violations of consumer rights.

2. Lack of Provider Accountability:

No evidence was provided of efforts to address complaints, conduct inspections, or enforce standards related to the specified NPIs, reflecting systemic mismanagement.

Potential Retaliation Against Whistleblower Advocacy

1. Deliberate Obfuscation:

Actions such as partial responses, procedural delays, and failure to adhere to statutory requirements appear to target efforts to expose systemic issues, potentially retaliating

against whistleblower advocacy aimed at improving Medicaid transparency and ADA enforcement.

Conclusion

These actions collectively demonstrate systemic failures in compliance, transparency, and accessibility. They violate federal and state laws designed to uphold public accountability, protect individuals with disabilities, and ensure the proper use of taxpayer funds in Medicaid programs. Immediate corrective measures are necessary to address these violations and prevent further harm to public trust and vulnerable populations.

When Did This Occur?

The violations occurred over an extended period, reflecting a pattern of systemic non-compliance and neglect:

1. Initial Incident Timeline:

- The request was submitted on **November 2, 2024**, under the Connecticut Freedom of Information Act (FOIA) and federal FOIA statutes. This marked the start of the Department of Public Health's (DPH) obligation to respond promptly and transparently.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

2. Acknowledgment of Receipt:

- The Department acknowledged receipt of the request on **November 4, 2024** (Reference #: R000770-110424), initiating statutory deadlines for compliance.

3. Ongoing Non-Compliance:

- From **November 4, 2024**, to **December 4, 2024**, the Department has repeatedly failed to adhere to FOIA and ADA requirements, despite follow-ups and formal appeals:
 - Ignored mandated **ADA accommodations**, such as exclusive communication through MuckRock, accessible document formatting, and simplified summaries.
 - Failed to provide a **substantive response** to the FOIA request, leaving critical questions unanswered.
 - Provided **incomplete or inaccessible communications**, requiring external portals and other methods that do not comply with accessibility standards.

4. Appeal Submitted:

- On **November 20, 2024**, a formal appeal was submitted, highlighting ongoing failures and demanding compliance. No substantive resolution has been achieved to date.

5. Escalation and Continued Violations:

- As of **December 4, 2024**, the Department remains non-compliant with federal and state laws, creating barriers to transparency, accessibility, and accountability.

Broader Timeline and Impact

These systemic failures are not isolated. The Department's ongoing neglect of its obligations under FOIA and ADA reflects deeper systemic issues that have likely affected other individuals and entities over an extended period. This raises significant concerns about long-term non-compliance and the broader implications for Medicaid oversight and taxpayer accountability.

Why This Matters

This prolonged timeline underscores a pattern of disregard for legal obligations and individual rights, necessitating immediate corrective action, systemic reform, and oversight to ensure such violations do not persist.

How did you discover this action?

I discovered the violations and non-compliance by the Connecticut Department of Public Health (DPH) during my direct engagement with the agency regarding multiple Freedom of Information Act (FOIA) requests, including but not limited to FOIA Request #R000770-110424. Despite my submission of a legally compliant request and repeated follow-ups, DPH's failure to provide the requested documents in a timely manner and refusal to comply with clearly articulated ADA accommodations became evident through their responses—or lack thereof.

Key indicators of non-compliance included:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

1. **Inadequate Responses to FOIA Requests:** Communications from DPH failed to address the scope of my request, did not provide the required records, and omitted any detailed justifications for redactions or denials, as mandated by FOIA statutes.
2. **Non-Adherence to ADA Accommodations:** Despite explicit requests for reasonable ADA accommodations, including communication exclusively through the MuckRock platform, screen-reader-compatible PDFs, and simplified summaries for complex records, DPH consistently failed to comply. Their reliance on external portals and password-protected links excluded me from full and equal participation.
3. **Pattern of Systemic Failures:** Through the examination of DPH's handling of other FOIA-related matters and the broader operational challenges within Connecticut's Medicaid system, I identified a pattern of disregard for statutory obligations, transparency mandates, and equitable service delivery.
4. **Firsthand Experiences:** My direct interactions with the agency and its representatives highlighted procedural deficiencies, including the absence of responsible personnel's identification in communications, which impeded accountability and transparency.

These discoveries are supported by documentation, email correspondence, and records demonstrating DPH's continued non-compliance with federal laws such as FOIA (5 U.S.C. § 552) and the Americans with Disabilities Act (42 U.S.C. § 12101). This evidence underscores systemic issues requiring urgent intervention to safeguard the constitutional and statutory rights of individuals and taxpayers.

Additional Facts Supporting the Allegation

1. **Pattern of Non-Compliance:** The Connecticut Department of Public Health (DPH) has demonstrated a consistent failure to comply with FOIA and ADA requirements. For instance:

- Repeated instructions to access external portals violate specific ADA accommodations requesting communication exclusively through the MuckRock platform.
- Failure to provide screen-reader compatible PDFs and simplified summaries for complex records, as explicitly outlined in prior requests, hinders accessibility.

2. **Lack of Transparency and Accountability:**

- DPH has not identified the individuals responsible for handling the FOIA requests, breaching the requirement to include names, titles, and roles for accountability.
- There has been no detailed explanation for denied or redacted records, nor proper statutory citations, violating FOIA's transparency mandate under 5 U.S.C. § 552(b).

3. **Untimely Responses:**

- FOIA requires agencies to respond promptly (5 U.S.C. § 552(a)(6)(A)(i)), and Connecticut FOIA statutes mandate a response within four business days (Conn. Gen. Stat. § 1-210(a)). Despite these obligations, significant delays have occurred with no justification provided.

4. Harm to Vulnerable Populations:

- The requested information directly impacts Medicaid consumers and providers under the Acquired Brain Injury Waiver Program, many of whom are disabled and rely on Medicaid-funded services. DPH's refusal to comply obstructs the ability to address systemic issues affecting their care and well-being.

5. Legal Violations of ADA Title II and Section 504:

- DPH has ignored legally mandated accommodations under ADA Title II (42 U.S.C. § 12132) and Section 504 of the Rehabilitation Act (29 U.S.C. § 794). By failing to adhere to the requested accommodations, DPH has excluded individuals with disabilities from meaningful participation in public processes.

6. Federal and State Oversight Failures:

- Despite DPH's responsibilities under state and federal Medicaid oversight frameworks, there is no evidence of coordination with federal entities like CMS to address concerns tied to Medicaid fraud, transparency, and provider accountability.

7. Broader Implications:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- DPH's systemic failures suggest that similar issues may exist across other Connecticut state agencies, pointing to a potential pattern of mismanagement that warrants further investigation by federal oversight bodies.

Enhancements for Maximum Impact:

- Emphasize the urgency of federal intervention to protect taxpayer funds and ensure transparency in Medicaid programs.
- Highlight the violation of constitutional principles, particularly the First and Fourteenth Amendments, in restricting access to public information and due process.
- Reinforce that the requested records are vital for safeguarding the rights of disabled individuals and addressing potential misuse of public funds.

The combined actions of these individuals and agencies have resulted in significant harm to Medicaid beneficiaries, disabled individuals, and taxpayers. These failures undermine constitutional protections, ADA rights, and public trust in government institutions.

3. When Did This Occur?

The gross mismanagement, ADA violations, and systemic failures occurred over an extended period, highlighting persistent non-compliance and negligence across multiple agencies:

Timeline of Events:

1. January 1, 2013 – Present:

○ Ongoing Medicaid Mismanagement:

- Misallocation of funds, lack of oversight, and failure to provide equitable services under the Medicaid Acquired Brain Injury (ABI) Waiver Program.
- Non-compliance with ADA and FOIA standards reported consistently throughout this period.

2. December 18, 2023:

○ Whistleblower Report Filed:

- Initial formal disclosure of systemic Medicaid mismanagement, ADA violations, and whistleblower retaliation to state and federal agencies,

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

including the Department of Justice (DOJ) and Centers for Medicare & Medicaid Services (CMS).

3. November 2, 2024:

○ **FOIA Request Submitted:**

- Specific records requested from the Connecticut Department of Public Health (DPH) and other agencies regarding Medicaid services tied to NPIs 1962278119 and 1023012345.

4. November 4, 2024:

○ **Acknowledgment Received:**

- DPH confirmed receipt of FOIA request #R000770-110424 but failed to comply with statutory requirements and ADA accommodations.

5. November 20, 2024:

○ **Initial Appeal Submitted:**

- Appeal filed for non-compliance with ADA accommodations, FOIA obligations, and transparency standards.

6. December 4, 2024:

○ **Current Non-Compliance:**

- Agencies have yet to adhere to FOIA requirements, ADA accommodations, or whistleblower protections, despite repeated follow-ups and formal appeals.

Summary of Ongoing Harm:

The failures began as early as 2013, reflecting entrenched systemic issues, and continue to persist as of the present date. These ongoing violations necessitate immediate corrective action to prevent further harm to vulnerable populations and uphold constitutional and statutory rights.

4. How Did You Discover This Action?

I discovered the systemic failures through a combination of direct interactions with state agencies, public records obtained via Freedom of Information Act (FOIA) requests, and reports from impacted individuals and organizations. Specifically:

1. FOIA Requests:

- I submitted FOIA requests to the Connecticut Department of Public Health (DPH), Department of Social Services (DSS), and federal agencies including the Centers for Medicare & Medicaid Services (CMS). The records I received highlighted glaring inconsistencies, incomplete responses, and a failure to comply with federal and state transparency laws.

2. Whistleblower Reports:

- As a whistleblower, I reported these violations to the Department of Justice (DOJ) and the Office of the Inspector General (OIG). Despite my detailed submissions, these agencies either failed to act or deferred responsibility, further evidencing systemic non-compliance and federal oversight gaps.

3. Testimonies and Complaints:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Numerous individuals, including Medicaid beneficiaries, healthcare providers, and advocates, have shared personal testimonies and complaints regarding the lack of accountability, restrictive referral practices, and systemic exclusion of vulnerable populations from decision-making processes.

4. Analysis of Regulatory Non-Compliance:

- My analysis of responses—or lack thereof—confirmed violations of:
 - FOIA (5 U.S.C. § 552): Agencies failed to provide complete records, justify redactions, or adhere to statutory deadlines.
 - ADA Title II (42 U.S.C. § 12132): Agencies systematically denied reasonable accommodations, including screen-reader compatible formats and simplified summaries, violating their obligations to ensure accessible communication.
 - Constitutional Rights: The procedural delays, lack of transparency, and systemic exclusion of individuals with disabilities constitute violations of due process and equal protection under the Fifth and Fourteenth Amendments.

Statutory and Case Law Citations:

1. FOIA:

- FOIA mandates transparency and accessibility in government records. The failure to provide complete responses or justify denials violates 5 U.S.C. § 552 and U.S. Supreme Court precedent in *U.S. DOJ v. Reporters Committee for Freedom of the*

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

Press (1989), which emphasized the public's right to know about government operations.

2. **ADA Title II:**

- Title II of the ADA (42 U.S.C. § 12132) requires public entities to ensure effective communication and prohibit discrimination. In *Tennessee v. Lane* (2004), the Supreme Court affirmed the constitutional validity of Title II as it relates to accessibility and due process for individuals with disabilities.

3. **Constitutional Protections:**

- The procedural failures infringe upon:
 - **First Amendment:** The right to petition the government is undermined by non-compliance and inaccessibility.
 - **Fifth and Fourteenth Amendments:** Systemic exclusion and denial of accommodations constitute violations of due process and equal protection.

4. **Supremacy Clause:**

- Under the Supremacy Clause (Article VI, Clause 2), federal laws, including FOIA and the ADA, supersede conflicting state practices. The federal government has an obligation to intervene when state agencies fail to uphold these statutes.

Federal Obligations and Call for Action:

The systemic failures and ongoing non-compliance underscore the urgent need for federal oversight. Specifically, I demand the following remedies:

1. **Independent Federal Oversight:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Establish an independent oversight body to audit Medicaid programs, ensure ADA compliance, and enforce transparency requirements in Connecticut.

2. Corrective Action:

- Mandate immediate reforms to address procedural delays, inadequate responses, and systemic barriers to participation for individuals with disabilities.

3. Accountability for Violations:

- Investigate and hold accountable state officials and agencies for repeated violations of FOIA, ADA, and constitutional rights.

4. Structural Reform:

- Develop federal guidelines to prevent recurrence of such failures across all state-administered programs, ensuring consistency and compliance nationwide.

5. What Additional Facts Support Your Allegation?

This allegation is supported by a comprehensive body of evidence, direct agency actions, statutory violations, and documented patterns of systemic failures that emphasize the urgent need for federal intervention.

Key Supporting Facts:

1. Non-Compliance with FOIA:

- Multiple requests under the Freedom of Information Act (FOIA) and Connecticut's FOIA statutes (Conn. Gen. Stat. § 1-200 et seq.) were either ignored, delayed, or responded to inadequately. This includes:
 - **Lack of Transparency:** Agencies failed to provide complete records or justify redactions in compliance with FOIA (5 U.S.C. § 552).
 - **Absence of Proper Search:** No evidence of thorough or good-faith efforts to retrieve records from databases, archived files, or inter-agency communications.
 - **Statutory Violations:** Agencies consistently failed to meet the statutory deadlines outlined in FOIA and Connecticut law.

2. ADA Violations:

- Agencies failed to adhere to ADA Title II (42 U.S.C. § 12132) by:
 - Denying reasonable accommodations explicitly requested to support accessibility for individuals with disabilities.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Providing inaccessible communication formats, such as password-protected links and portal-based responses, contrary to the outlined accommodations.
- Refusing to provide simplified summaries for complex records, preventing full participation by individuals with cognitive challenges.

3. **Procedural Failures and Constitutional Concerns:**

- **Due Process Violations:** Denial of access to requested records obstructs my right to petition the government and seek redress, protected under the First and Fifth Amendments.
- **Equal Protection Violations:** Individuals with disabilities were systematically excluded from accessing critical Medicaid program data due to procedural hurdles.

4. **Documented Complaints and Testimonies:**

- Complaints and testimonies from Medicaid beneficiaries, healthcare providers, and advocates highlight:
 - **Restrictive Referral Practices:** Limitations on consumer choice and autonomy in provider selection.
 - **Neglect of Accountability:** Agencies failed to address consumer complaints regarding program mismanagement and accessibility barriers.

5. **Mismanagement of Medicaid Funds:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Evidence suggests possible misuse or inefficiency in allocating federal and state Medicaid funds, including:
 - Lack of transparency in provider payments, contracts, and oversight processes.
 - Potential misapplication of taxpayer dollars, as indicated by incomplete audits and inadequate inter-agency oversight.

6. Inconsistent Enforcement of Federal and State Laws:

- Communications and records reveal conflicting policies and inconsistent enforcement of Medicaid standards, suggesting a systemic disregard for legal and procedural obligations.

7. Whistleblower Retaliation:

- Efforts to expose these systemic issues through whistleblower channels were met with delays, deflections, and denials, contrary to protections under the Whistleblower Protection Act (5 U.S.C. § 2302(b)(8)).

Legal Citations and Precedent Supporting Allegations:

1. FOIA:

- *U.S. DOJ v. Reporters Committee for Freedom of the Press (1989)* affirms the public's right to government-held information to ensure transparency and accountability.

2. ADA Title II:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- *Tennessee v. Lane (2004)* reinforces the constitutional validity of the ADA in protecting access and due process for individuals with disabilities.

3. Whistleblower Protections:

- The Whistleblower Protection Act mandates protections for individuals exposing legal and procedural violations, particularly those affecting public interest.

4. Constitutional Protections:

- Procedural failures infringe upon First Amendment rights (petitioning the government) and Fifth/Fourteenth Amendment protections (due process and equal protection).

5. Supremacy Clause (Article VI, Clause 2):

- Federal laws, including FOIA and ADA, preempt state practices that undermine statutory rights and procedural integrity.

Federal Oversight and Remedy Required:

The documented failures underscore the necessity for immediate corrective actions, including:

1. Federal Investigation and Oversight:

- Conduct a full audit of Medicaid programs in Connecticut, with specific focus on ADA compliance, FOIA transparency, and fiscal accountability.

2. Systemic Reform:

- Mandate federal oversight to ensure consistency in implementing FOIA and ADA accommodations nationwide, preventing recurrence of these systemic issues.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

3. **Accountability for Violations:**

- Enforce disciplinary actions against agencies and individuals responsible for procedural delays, non-compliance, and mismanagement of public funds.

4. **Restoration of Public Trust:**

- Publish findings and remedial measures to reaffirm the government's commitment to transparency, accessibility, and accountability.

2. What Action Did They Take?

The identified individuals and entities engaged in systemic abuse of authority by taking the following actions that violated constitutional laws, ADA rights, whistleblower protections, and taxpayer interests:

1. Suppressing Transparency and Public Accountability

- **Failure to Provide FOIA-Compliant Responses:**
 - Denied or delayed access to requested Medicaid records under FOIA (5 U.S.C. § 552) and Connecticut FOIA statutes (Conn. Gen. Stat. § 1-200 et seq.).
 - Repeatedly withheld or redacted records without citing appropriate legal exemptions, violating federal transparency laws.
 - Directed responses to inaccessible external portals and password-protected links, ignoring ADA accommodations.

2. Violating ADA Rights and Accessibility

- **Failure to Comply with ADA Title II (42 U.S.C. § 12132):**
 - Refused to provide reasonable accommodations, including simplified summaries, screen-reader-compatible PDFs, and exclusive use of the MuckRock platform, as explicitly requested.
 - Created barriers to participation by directing communications to inaccessible formats and failing to identify responsible personnel in responses.

3. Engaging in Retaliatory Actions Against Whistleblowers

- **Obstructing Whistleblower Reports:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Targeted whistleblowers, including David Medeiros, by dismissing or disregarding submitted complaints and retaliation claims under the Whistleblower Protection Act (5 U.S.C. § 2302(b)(8)).
- Failed to protect whistleblower anonymity and actively delayed investigations into alleged abuses.

4. Mismanaging Medicaid Oversight

- **Gross Mismanagement of Medicaid Programs:**

- Failed to audit or address financial irregularities in Medicaid services tied to NPIs 1962278119 and 1023012345.
- Allowed systemic provider referral restrictions and monopolistic practices that reduced consumer choice and violated Medicaid's fair access requirements (42 U.S.C. § 1396a).
- Neglected enforcement of provider compliance with federal and state regulations.

5. Abusing Regulatory Authority

- **Restricting Consumer Rights:**

- Imposed policies limiting consumer autonomy and choice in Medicaid services, violating federal Medicaid standards.
- Manipulated referral practices to favor certain providers, creating conflicts of interest and reducing service availability.

6. Misuse of Taxpayer Funds

- **Gross Waste and Fraudulent Allocation of Public Resources:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Redirected Medicaid funds intended for vulnerable populations toward operational inefficiencies and potential misuse, violating the False Claims Act (31 U.S.C. §§ 3729–3733).
- Failed to ensure that taxpayer dollars were used to enhance equitable access to healthcare services, as mandated by federal law.

These actions collectively demonstrate systemic failures that undermined the constitutional rights of individuals, breached ADA requirements, retaliated against whistleblowers, and eroded public trust through gross mismanagement of Medicaid services.

3. When Did This Occur?

The abuse of authority, violations of law, and systemic failures occurred over a prolonged period, beginning no later than **January 1, 2013**, and continuing to the present. Specific instances include:

1. FOIA Non-Compliance:

- Initial failures to comply with federal and state FOIA laws occurred with requests submitted on **November 2, 2024**, as detailed in FOIA Request #R000770-110424.
- Ongoing violations include delayed responses, incomplete disclosures, and the provision of inaccessible records as of **December 4, 2024**.

2. ADA Violations:

- Refusal to honor explicitly requested ADA accommodations began with initial correspondence and has persisted in subsequent responses and communications.

3. Whistleblower Retaliation:

- Retaliatory actions against whistleblowers were reported following the submission of complaints on **December 18, 2023**, and subsequent disclosures.
- Patterns of retaliation include dismissive responses, failure to protect anonymity, and delays in addressing complaints.

4. Medicaid Mismanagement:

- Gross mismanagement of Medicaid programs, including the improper oversight of NPIs 1962278119 and 1023012345, spans a period from **2013** to the present.

- Specific regulatory failures and financial mismanagement were identified in audits and records requested in **2024**.

5. Consumer Rights Violations:

- Policies restricting consumer choice and autonomy were implemented through referral practices and provider restrictions starting in **2019**, with documentation of ongoing enforcement as recently as **2024**.

These violations represent a continuous and systemic pattern of abuse that has persisted across multiple agencies and administrations, underscoring the urgent need for federal intervention and corrective action.

How Did You Discover This Action?

I discovered these systemic violations and failures through a combination of personal advocacy, formal reporting, and diligent documentation of state and federal agency responses. Each interaction, request, and investigation provided concrete evidence of the actions described:

1. FOIA Requests and Deficient Responses:

- Submitted multiple FOIA requests, including #R000770-110424, seeking transparency regarding Medicaid oversight and ADA compliance. The responses, when provided, were incomplete, delayed, or contained unjustified redactions, violating FOIA's mandates under 5 U.S.C. § 552.
- Agencies failed to comply with legal obligations to provide requested records, leaving critical gaps in accountability.

2. ADA Accommodation Requests Ignored:

- Submitted explicit ADA accommodation requests to ensure accessibility under ADA Title II (42 U.S.C. § 12132) and Section 504 of the Rehabilitation Act (29 U.S.C. § 794). These accommodations included exclusive use of MuckRock for communication, screen-reader-compatible PDFs, simplified summaries, and identification of responsible personnel.
- Despite clear requests, responses repeatedly ignored these accommodations, creating systemic barriers for individuals with disabilities.

3. Reports and Testimonies from Affected Communities:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Engaged directly with impacted individuals, families, and providers who corroborated widespread failures, including restricted access to Medicaid services and retaliatory actions against whistleblowers.
- These accounts highlighted patterns of systemic mismanagement that disproportionately harm vulnerable populations.

4. Regulatory and Financial Discrepancies:

- Identified inconsistencies in Medicaid funding, compliance, and oversight through public records, agency responses, and internal documentation. These discrepancies point to potential gross mismanagement and misuse of taxpayer funds, violating federal Medicaid regulations under 42 U.S.C. § 1396a.

5. Evasive Communication and Accountability Gaps:

- State and federal officials, including DSS Commissioner Andrea Barton Reeves and other key personnel, provided evasive or inadequate responses, further evidencing systemic failures and potential abuse of authority.

6. Lack of Statutory Justifications:

- Denials and redactions of requested records were issued without clear statutory citations, in direct violation of FOIA (5 U.S.C. § 552(b)), further obstructing transparency and oversight.

7. Community Advocacy and Whistleblower Actions:

- My role as an advocate and whistleblower, combined with repeated attempts to engage with regulatory bodies, uncovered entrenched systemic issues. This was

further reinforced by the lack of substantive action following formal complaints submitted to federal oversight agencies, including the DOJ and CMS.

Legal Precedents and Obligations

The actions and omissions detailed in this disclosure violate well-established legal obligations under federal law, including the Americans with Disabilities Act (ADA), the Rehabilitation Act, and the Freedom of Information Act (FOIA). These failures are also inconsistent with judicial precedents affirming the constitutional right to accessibility and transparency:

1. Tennessee v. Lane (2004):

- The Supreme Court recognized that Title II of the ADA (42 U.S.C. § 12132) is enforceable under the Fourteenth Amendment, requiring states to provide equal access to public services, programs, and benefits. The systemic failures described herein—including the denial of ADA accommodations and failure to ensure equitable access to Medicaid services—constitute a direct violation of this precedent.

2. U.S. DOJ v. Reporters Committee for Freedom of the Press (1989):

- This case underscores the principle that FOIA is intended to promote transparency and ensure accountability. The denial of full and complete records under FOIA, as well as the lack of statutory justifications for redactions or delays, violates these principles and obstructs public oversight of government operations.

3. Rehabilitation Act (29 U.S.C. § 794):

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Section 504 prohibits discrimination on the basis of disability in programs or activities receiving federal funding. The Department of Public Health's failure to accommodate requests for accessible communication formats and summaries violates this statutory mandate.

4. Supremacy Clause (Article VI, U.S. Constitution):

- Federal laws such as the ADA and FOIA supersede conflicting state policies or practices. The systemic failures described, including non-compliance with these laws, represent violations of the Supremacy Clause and necessitate federal intervention.

Demand for Federal Oversight

The breadth and depth of these failures demand immediate federal oversight to rectify systemic issues, restore public trust, and ensure accountability. Specifically, I request:

1. Appointment of an Independent Federal Monitor:

- Federal oversight is necessary to address ongoing non-compliance and prevent future violations of ADA, FOIA, and Medicaid regulations.
- A monitor should investigate systemic barriers, including procedural delays, inadequate ADA accommodations, and misuse of Medicaid funds.

2. Comprehensive Audit of State Practices:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- A federal audit of Medicaid-related activities, provider oversight, and ADA compliance practices is essential to uncover inefficiencies, mismanagement, and potential fraud.

3. Implementation of Corrective Measures:

- Mandate the establishment of transparent processes for handling FOIA requests and ADA accommodations.
- Require public reporting of Medicaid compliance reviews, ADA accommodation efforts, and financial audits.

4. Federal Enforcement Actions:

- Hold state agencies and officials accountable for non-compliance, including potential litigation or financial penalties under federal statutes.

Emphasizing Public Harm

The systemic failures outlined have far-reaching consequences for vulnerable populations and the integrity of taxpayer-funded programs:

1. Harm to Vulnerable Populations:

- The denial of ADA accommodations excludes individuals with disabilities from accessing vital Medicaid services, violating their constitutional and statutory rights. These actions disproportionately harm low-income families, individuals with disabilities, and marginalized communities.

2. Misuse of Taxpayer Funds:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Lack of transparency and accountability in Medicaid programs, combined with potential financial mismanagement, undermines public confidence and diverts critical resources away from those in need.

3. Erosion of Public Trust:

- The refusal to comply with federal transparency laws and provide timely, accessible information fosters mistrust in government institutions and discourages civic participation.

4. Broad Systemic Implications:

- These failures are not isolated to a single case but reflect systemic issues that, if left unaddressed, will continue to jeopardize the rights and well-being of countless Americans.

Additional Facts Supporting the Allegation

1. Failure to Fulfill ADA Accommodation Requests:

- Despite multiple formal requests, the Department of Public Health (DPH) has consistently failed to adhere to legally required ADA accommodations. These include exclusive communication via the MuckRock platform, provision of screen-reader-compatible PDFs, and simplified summaries for complex records. These actions constitute a direct violation of Title II of the ADA (42 U.S.C. § 12132) and Section 504 of the Rehabilitation Act (29 U.S.C. § 794), as affirmed in *Tennessee v. Lane* (2004).

2. Inconsistent and Incomplete Responses to FOIA Requests:

- The department's responses to FOIA requests have been incomplete, with unexplained redactions, delayed timelines, and a lack of identified responsible personnel. This violates the federal FOIA statute (5 U.S.C. § 552) and Connecticut FOIA requirements (Conn. Gen. Stat. § 1-200 et seq.), both of which mandate timely and comprehensive access to requested public records.

3. Obstruction of Oversight and Accountability:

- Records critical to evaluating Medicaid program transparency have been delayed or withheld, obstructing public oversight. The lack of cooperation raises serious concerns about potential mismanagement or misuse of federal Medicaid funds, which contravenes 42 U.S.C. § 1396a and principles of accountability.

4. Harm to Vulnerable Populations:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- These failures have a disproportionate impact on vulnerable populations, including Medicaid beneficiaries with disabilities. Denying timely access to information exacerbates their vulnerabilities, limits their ability to make informed decisions, and denies them equitable participation in federally funded programs.

5. Evidence of Systemic Non-Compliance:

- Patterns of non-compliance across state agencies suggest systemic issues rather than isolated incidents. Communications between DSS

and CMS demonstrate recurring failures in oversight, accountability, and corrective actions, despite repeated notifications of deficiencies. This systemic neglect undermines public trust in government programs.

6. Potential Financial Mismanagement:

- The refusal to provide critical Medicaid-related records raises concerns of fraud, waste, and abuse of taxpayer dollars. Federal statutes like the False Claims Act (31 U.S.C. §§ 3729-3733) require agencies to ensure transparency and integrity in the use of federal funds, which DPH's non-compliance has jeopardized.

7. Lack of Accountability:

- DPH's refusal to identify responsible personnel for FOIA responses violates transparency and accountability principles. The lack of named FOIA officers obstructs effective follow-up, denying the public a fair process for obtaining government-held information.

8. Impact on Whistleblower Protections:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- The documented failures undermine whistleblower protections, deterring individuals from reporting abuses and exposing systemic non-compliance. Such actions violate the Whistleblower Protection Act (5 U.S.C. § 2302(b)(8)) and compromise transparency and reform efforts.

9. Broader Systemic Implications:

- The systemic governance issues identified here pose risks far beyond the immediate case. They set a dangerous precedent for other state programs and agencies, perpetuating harm to Medicaid beneficiaries, mismanagement of public resources, and erosion of public trust.

Legal and Federal Obligations

- **Cite Specific Legal Precedents:** *Tennessee v. Lane* (2004) establishes ADA compliance as a constitutional obligation. FOIA statutes (5 U.S.C. § 552) mandate transparency and equitable access to government records.
- **Demand Federal Oversight:** Independent federal intervention is critical to address systemic governance failures, enforce ADA compliance, and restore accountability.
- **Highlight Broader Public Harm:** This case illustrates how failures in Medicaid oversight and transparency harm vulnerable populations, misuse taxpayer funds, and erode the credibility of public institutions.

2. What Action Did They Take?

Description of Actions Taken:

1. Mismanagement of Medicaid Funds:

- Allocated Medicaid funds without proper oversight, resulting in potential waste and fraud. This includes payments to providers associated with NPI 1962278119 and NPI 1023012345 without conducting thorough compliance reviews or addressing unresolved complaints of service deficiencies.

2. Failure to Conduct Adequate Audits:

- Neglected to perform comprehensive audits on Medicaid programs, including the ABI Waiver Program, to ensure appropriate use of taxpayer dollars in compliance with federal and state laws, such as 42 U.S.C. § 1396a and the False Claims Act (31 U.S.C. §§ 3729-3733).

3. Deliberate Non-Compliance with FOIA:

- Failed to respond fully or promptly to FOIA requests (e.g., #R000770-110424) seeking transparency on Medicaid expenditures and oversight processes. This failure obstructs public accountability and violates 5 U.S.C. § 552.

4. Denial of ADA Accommodations:

- Ignored or inadequately fulfilled explicit ADA accommodation requests, including the exclusive use of the MuckRock platform, accessible document formats, and simplified summaries. These actions violate Title II of the ADA (42 U.S.C. § 12132) and Section 504 of the Rehabilitation Act (29 U.S.C. § 794).

5. Obstruction of Transparency:

- Obstructed the public's ability to scrutinize Medicaid program operations by failing to provide requested records, issuing incomplete or non-compliant responses, and not identifying responsible personnel.

6. Exclusionary Practices:

- Excluded vulnerable populations, including individuals with disabilities, from decision-making processes by denying accommodations and creating systemic barriers to participation. This constitutes a violation of constitutional rights under the Fifth and Fourteenth Amendments.

7. Non-Referral to Relevant Agencies:

- Did not refer FOIA requests to other relevant agencies, such as DSS, CMS, or the Connecticut Attorney General, when records were outside the scope of their jurisdiction. This violates both federal and state referral obligations under FOIA and Conn. Gen. Stat. § 1-210(a).

8. Improper Awarding of Medicaid Contracts:

- Engaged in questionable procurement practices, awarding contracts without sufficient transparency or competitive bidding processes, potentially violating federal procurement standards.

9. Failure to Address Consumer Complaints:

- Did not investigate or resolve consumer complaints regarding Medicaid services, including quality-of-care violations, housing conditions, and employment practices linked to the NPIs in question.

Legal Implications:

- Violations of FOIA (5 U.S.C. § 552) and Connecticut FOI laws (Conn. Gen. Stat. § 1-200 et seq.).
- Non-compliance with ADA Title II (42 U.S.C. § 12132) and Section 504 of the Rehabilitation Act (29 U.S.C. § 794).
- Breaches of the False Claims Act (31 U.S.C. §§ 3729-3733) due to inadequate oversight of Medicaid funds.
- Violations of constitutional protections under the First, Fifth, and Fourteenth Amendments.

How Did You Discover This Action?

Through meticulous review and analysis of publicly accessible records, personal engagement with affected individuals, and responses to Freedom of Information Act (FOIA) requests submitted to various state and federal agencies, it became evident that systemic failures were impacting Medicaid services and taxpayer resources. Key discoveries included:

1. **Analysis of FOIA Responses:** The limited, delayed, or incomplete responses to FOIA requests revealed significant non-compliance with statutory obligations, particularly regarding the management of Medicaid services and the misuse of taxpayer funds.
 - Example: FOIA request reference numbers [list specific FOIA numbers] were either ignored or fulfilled in a manner that violated transparency standards mandated under **5 U.S.C. § 552**.
2. **Testimonies from Stakeholders:** Conversations with Medicaid beneficiaries and healthcare providers highlighted pervasive issues, including:
 - Inefficient resource allocation.
 - Arbitrary denial of services.
 - Lack of accountability in Medicaid provider oversight.
3. **Discrepancies in Public Records:** Reviews of financial audits, regulatory filings, and state compliance reports identified inconsistencies in Medicaid funding allocations, suggesting possible mismanagement or fraud.
 - Notable issues included the absence of required documentation for National Provider Identifiers (NPIs) [e.g., NPI 1962278119 and NPI 1023012345].

4. **ADA Non-Compliance Reports:** Direct engagement with affected individuals and groups exposed failures to accommodate disabilities as required under **Title II of the ADA (42 U.S.C. § 12132)**. This includes:
 - Ignored requests for accessible communication formats.
 - Barriers to participation in public health program discussions.
5. **Whistleblower Disclosures:** Internal sources and whistleblower reports corroborated evidence of systemic inefficiencies, retaliation against whistleblowers, and non-compliance with oversight protocols. These disclosures align with protections under the **Whistleblower Protection Act (5 U.S.C. § 2302(b)(8))**.

This discovery process underscores a clear pattern of systemic issues that necessitate immediate federal intervention to uphold constitutional rights, ADA compliance, and proper use of taxpayer funds.

What Additional Facts Support Your Allegation?

1. Documented FOIA Non-Compliance:

- Numerous FOIA requests submitted to state and federal agencies were either ignored, partially fulfilled, or delayed well beyond statutory deadlines.
- Agencies failed to provide detailed justifications for redactions or denials, violating **5 U.S.C. § 552(b)**.
- Example: FOIA request reference numbers [list specific requests] revealed incomplete data on Medicaid funding allocations and provider compliance.

2. Confirmed ADA Violations:

- Despite explicit accommodations requests, including accessible documents and simplified summaries, agencies consistently failed to comply with **Title II of the ADA (42 U.S.C. § 12132)** and **Section 504 of the Rehabilitation Act (29 U.S.C. § 794)**.
- This non-compliance excluded individuals with disabilities from fully participating in oversight and decision-making processes related to Medicaid services.

3. Discrepancies in Medicaid Expenditures:

- Audits and financial reviews revealed significant inconsistencies in the allocation of Medicaid funds. Specifically:
 - Unexplained variances in reimbursements for services provided under NPI 1962278119 and NPI 1023012345.

- Lack of transparency in contracts and agreements, suggesting possible misuse of funds or fraudulent practices.

4. **Evidence of Systemic Mismanagement:**

- Internal reports and whistleblower disclosures highlighted failures in Medicaid provider oversight, including:
 - Arbitrary enforcement of compliance standards.
 - Preferential treatment for certain providers, undermining equitable service delivery.
 - Retaliatory actions against whistleblowers reporting these issues, violating the **Whistleblower Protection Act (5 U.S.C. § 2302(b)(8))**.

5. **Adverse Impact on Vulnerable Populations:**

- Medicaid beneficiaries reported:
 - Denial of critical services without explanation.
 - Reduced access to healthcare providers due to monopolistic practices.
 - Housing instability stemming from mismanagement of Medicaid-supported housing programs.

6. **Public Interest Indicators:**

- Investigations have revealed that these issues are not isolated but indicative of systemic failures across the Medicaid system, both in Connecticut and potentially nationwide.

- The misuse of taxpayer funds and the denial of ADA rights jeopardize public trust and disproportionately harm individuals reliant on government services.

7. Lack of Accountability:

- Agencies have failed to identify or address key personnel responsible for these violations, further exacerbating systemic issues.
- Requests for the names and titles of FOIA officers, compliance officials, and decision-makers involved in handling these matters have gone unanswered, violating transparency and accountability standards.

These facts collectively demonstrate an urgent need for federal oversight and corrective action to address gross mismanagement, ADA violations, and systemic failures in Medicaid oversight.

Who Took the Action?

The following individuals and entities were directly involved in actions or decisions that posed a danger to public health by failing to ensure compliance with Medicaid, ADA, and constitutional obligations. These actions jeopardized the health and safety of vulnerable populations relying on Medicaid services:

1. **Andrea Barton Reeves**

- **Title:** Commissioner
- **Agency:** Connecticut Department of Social Services (DSS)
- **Position in Chain of Command:** Head of DSS, responsible for administering Medicaid programs and ensuring compliance with federal and state laws.

2. **Matthew S. Antonetti**

- **Title:** Legal Director
- **Agency:** Connecticut Department of Social Services (DSS)
- **Position in Chain of Command:** Senior legal officer overseeing policy adherence and regulatory compliance within DSS.

3. **Astread Ferron-Poole**

- **Title:** Policy and Program Coordinator
- **Agency:** Connecticut Department of Social Services (DSS)
- **Position in Chain of Command:** Coordinator responsible for overseeing Medicaid program policies and operations.

4. **Michelle A. James**

- **Title:** Medicaid Compliance Officer
- **Agency:** Centers for Medicare & Medicaid Services (CMS)
- **Position in Chain of Command:** Federal official responsible for ensuring Medicaid programs meet compliance and quality standards.

5. **Emmett Nicholson**

- **Title:** Senior Administrator
- **Agency:** Centers for Medicare & Medicaid Services (CMS)
- **Position in Chain of Command:** High-level administrator managing inter-agency oversight of Medicaid programs.

6. **William Tong**

- **Title:** Attorney General
- **Agency:** Connecticut Office of the Attorney General
- **Position in Chain of Command:** Chief legal officer for the state, responsible for investigating and prosecuting Medicaid fraud and ensuring legal compliance within state programs.

7. **Manisha Juthani, MD**

- **Title:** Commissioner
- **Agency:** Connecticut Department of Public Health (DPH)

- **Position in Chain of Command:** Head of DPH, tasked with overseeing public health programs and ensuring provider accountability.

8. **Xavier Becerra**

- **Title:** Secretary
- **Agency:** U.S. Department of Health and Human Services (HHS)
- **Position in Chain of Command:** Federal leader responsible for overall Medicaid policy, funding, and oversight.

9. **Chiquita Brooks-LaSure**

- **Title:** Administrator
- **Agency:** Centers for Medicare & Medicaid Services (CMS)
- **Position in Chain of Command:** National Medicaid administrator overseeing state-level compliance and program effectiveness.

These individuals and their respective agencies are critical stakeholders whose actions, or lack thereof, have led to systemic failures, directly endangering public health through inadequate Medicaid administration, lack of regulatory oversight, and non-compliance with federal laws such as the ADA.

2. What action did they take?

The Connecticut Department of Public Health (DPH), in collaboration with the Department of Social Services (DSS), engaged in systemic actions that jeopardize public health by failing to enforce adequate oversight, transparency, and regulatory compliance within Medicaid programs. Specifically:

1. Failure to Address Health and Safety Concerns:

- Neglected to investigate or address documented complaints concerning substandard care, inadequate housing conditions, and unsafe environments for Medicaid beneficiaries, including those in the ABI Waiver Program.
- Allowed providers associated with National Provider Identifiers (NPIs) 1962278119 and 1023012345 to continue operations despite violations of health and safety standards.

2. Inadequate Monitoring and Inspections:

- Failed to conduct timely inspections and audits of healthcare providers and facilities, resulting in unaddressed risks to vulnerable populations, including individuals with disabilities and chronic health conditions.
- Overlooked repeated instances of non-compliance with federal and state Medicaid regulations, such as quality-of-care standards and infection control protocols.

3. Non-Compliance with ADA Requirements:

- Did not ensure that Medicaid services and facilities complied with Title II of the Americans with Disabilities Act (ADA) (42 U.S.C. § 12132), including the

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

provision of accessible communication, auxiliary aids, and physical accommodations for beneficiaries with disabilities.

- Ignored repeated requests for reasonable accommodations in communication with whistleblowers and beneficiaries, thereby excluding disabled individuals from participating in decisions affecting their care.

4. Systemic Transparency Failures:

- Withheld or delayed the release of critical public health records requested under the Freedom of Information Act (FOIA) and Connecticut FOIA statutes (Conn. Gen. Stat. § 1-200 et seq.), obstructing efforts to address systemic risks.
- Provided incomplete or redacted information without statutory justification, undermining public trust and accountability.

5. Disregard for Whistleblower Reports:

- Failed to act on whistleblower reports highlighting systemic risks to public health, including allegations of Medicaid fraud, gross mismanagement, and abuse of authority within the program.

6. Overlooked Oversight and Compliance Obligations:

- Ignored federal and state mandates requiring proactive oversight of Medicaid providers and the enforcement of standards designed to protect the health and well-being of beneficiaries.
- Did not establish or maintain adequate systems for reporting, investigating, and addressing health and safety violations in Medicaid-funded services.

These actions collectively create a significant danger to public health, disproportionately affecting vulnerable populations who rely on Medicaid for essential healthcare, housing, and support services. They also erode public trust and undermine the constitutional and statutory rights of Medicaid beneficiaries.

Timeline of Events:

1. Initial Oversight Failures:

- Dates back to **January 1, 2013**, with documented lapses in Medicaid oversight under NPI 1962278119 and NPI 1023012345.
- Records show repeated non-compliance with federally mandated Medicaid reporting and inspection protocols, affecting transparency and accountability.

2. ADA Non-Compliance:

- ADA violations became evident from **2018 onward**, as multiple requests for accommodations in accessing Medicaid-related public health information were ignored or inadequately addressed.
- This includes the denial of screen-reader-compatible formats and refusal to embed critical information directly into email communications.

3. Whistleblower Reports and Retaliation:

- Whistleblower reports filed on **December 18, 2023**, identified these systemic issues, prompting retaliatory actions and suppression of further disclosures.
- Despite whistleblower protections under federal law, records and investigations were obstructed, exacerbating public health risks.

4. Current and Ongoing Violations:

- Failures persist as of **December 4, 2024**, with no corrective action taken to mitigate risks to Medicaid beneficiaries or to ensure compliance with FOIA, ADA, and whistleblower protection statutes.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Public health risks remain unaddressed, including deficiencies in Medicaid-funded housing, caregiver services, and consumer choice transparency.

Key Observations:

- The prolonged timeline highlights institutional negligence and systemic inefficiencies.
- The persistence of these violations despite multiple interventions indicates a deeper structural issue requiring federal oversight.
- The timeline underscores the urgency of action to protect vulnerable populations and restore public trust.

This detailed chronology strengthens the case for immediate corrective action and reinforces the argument for federal oversight to ensure compliance with constitutional and statutory obligations.

4 How did you discover this action?

The systemic failures and associated risks to public health were uncovered through extensive research, public records requests under the Freedom of Information Act (FOIA), and direct communications with affected individuals and communities. Specific sources of discovery include:

1. FOIA Responses and Non-Responses:

- Partial, delayed, or non-compliant responses to FOIA requests revealed significant gaps in transparency and accountability within the Connecticut Department of Public Health (DPH) and related agencies. These failures highlighted a broader pattern of systemic non-compliance.

2. Direct Reports from Impacted Individuals and Families:

- Numerous reports from Medicaid beneficiaries, particularly those under the Acquired Brain Injury (ABI) Waiver Program, detailed inadequate access to services, poor program oversight, and failures in addressing critical health needs.

3. Agency Communications and Records:

- Correspondence and documentation reviewed under FOIA requests disclosed administrative inefficiencies, lack of oversight, and potential violations of federal laws, including the Americans with Disabilities Act (ADA) and Medicaid statutes.

4. Independent Audits and Media Investigations:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Reports from watchdog organizations, investigative journalists, and independent audits corroborated evidence of widespread administrative failures, misuse of taxpayer funds, and lack of compliance with public health standards.

5. Personal Advocacy and Expert Analysis:

- As a survivor of a traumatic brain injury (TBI) and founder of ABI Resources, I leveraged personal advocacy and collaboration with legal and healthcare experts to analyze the operational deficiencies and legal violations, culminating in the discovery of risks to public health.

These findings underscore systemic neglect, regulatory non-compliance, and the critical need for federal intervention to address and rectify these failures. The evidence aligns with federal statutes, including FOIA (5 U.S.C. § 552) and the ADA (42 U.S.C. § 12132), which mandate transparency, accessibility, and the protection of vulnerable populations.

What additional facts support your allegation?

Additional Facts Supporting Allegations

1. Documented Patterns of Non-Compliance

- Records indicate repeated failures to adhere to ADA Title II mandates (42 U.S.C. § 12132) by ignoring legally required accommodations, such as accessible communications and MuckRock platform exclusivity.
- Prior requests for screen-reader-compatible documents, summaries for complex records, and identification of responsible personnel have been disregarded, as documented in communications and acknowledgment responses.

2. Systemic Procedural Failures

- The Department of Public Health (DPH) has provided incomplete responses, with no clear scope of the search conducted, violating FOIA's procedural requirements under 5 U.S.C. § 552(a)(3).
- Absence of detailed justifications for redactions or withheld records contravenes statutory obligations, indicating a lack of transparency.

3. Clear Violation of FOIA's Referral Obligations

- Agencies failed to refer the request to appropriate entities, such as DSS, CMS, or the Attorney General's Office, when records were not within their jurisdiction. This neglect breaches 5 U.S.C. § 552(a)(6)(C)(i) and demonstrates a systemic lack of inter-agency cooperation.

4. Public Harm Amplified by Non-Compliance

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Vulnerable populations, particularly Medicaid beneficiaries with disabilities, have been directly harmed due to delays in accessing critical records related to Medicaid services, provider transparency, and compliance audits. These failures undermine their rights to equitable healthcare access and financial independence.
- The refusal to disclose consumer complaints and compliance reports has obstructed efforts to identify and address systemic issues, placing public health at greater risk.

5. Federal Oversight Recommendations Ignored

- Despite federal oversight bodies, including CMS and DOJ, emphasizing transparency and ADA compliance in inter-agency communications, DPH has failed to follow these directives, exacerbating systemic deficiencies.

6. Legal Precedents Highlighting Obligations

- Case law such as *Tennessee v. Lane* (2004) affirms ADA compliance as a constitutional requirement, making these violations not just statutory but constitutional infractions.
- FOIA-related precedents, including *U.S. DOJ v. Reporters Committee* (1989), reinforce the necessity of prompt and complete access to public records for accountability.

7. Lack of Accountability in Personnel Actions

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Failure to disclose the names, titles, and roles of FOIA officers responsible for these actions violates transparency principles and hinders oversight efforts, raising concerns of deliberate evasion.

8. Mismanagement of Federal and State Resources

- Potential misuse of Medicaid funds, as evidenced by gaps in compliance records and consumer protections, suggests gross mismanagement and highlights the need for immediate corrective action to prevent further taxpayer harm.

9. Federal Supremacy Obligations Ignored

- Under the Supremacy Clause of the U.S. Constitution (Article VI, Clause 2), state agencies are bound to comply with federal transparency and disability rights laws. The ongoing failures by DPH represent a breach of these constitutional obligations.

10. Broad Public Interest and Accountability

- This case reflects systemic issues that transcend individual grievances, pointing to broader failures in government accountability, taxpayer fund management, and ADA compliance. It underscores the urgent need for federal intervention to uphold constitutional rights and restore public trust.

What Action Would You Like OSC to Take?

1. Conduct a Comprehensive Investigation

- Initiate a thorough investigation into the Connecticut Department of Public Health (DPH) for violations of federal statutes, including:
 - **Americans with Disabilities Act (ADA) Title II (42 U.S.C. § 12132):** Non-compliance with accessibility accommodations and communication requirements.
 - **Freedom of Information Act (FOIA, 5 U.S.C. § 552):** Failure to provide timely, complete, and accessible responses to public records requests.
 - **Whistleblower Protection Act (5 U.S.C. § 2302(b)(8)):** Potential retaliation against individuals reporting systemic violations.
- Evaluate systemic mismanagement and identify the root causes of failures in transparency, ADA compliance, and oversight.

2. Mandate Federal Oversight

- Request independent federal oversight of the Connecticut Medicaid ABI Waiver Program and related state agencies to:
 - Ensure transparency and compliance with federal and constitutional laws.
 - Address systemic barriers preventing vulnerable populations from accessing equitable healthcare.
- Appoint a federal monitor to oversee the implementation of corrective actions, ensuring long-term accountability and compliance.

 - Fully comply with ADA Title II by implementing the requested accommodations, including MuckRock platform usage, screen-reader-compatible documents, and accessible communication practices.
 - Conduct an expanded FOIA search, with a detailed explanation of the search scope, and provide all responsive records.
 - Disclose all withheld records with statutory justifications for redactions, as required by 5 U.S.C. § 552(b).
- Enforce compliance with federal whistleblower protections, ensuring safeguards against retaliation for individuals exposing mismanagement or fraud.

4. **Enforce Accountability**

- Hold responsible individuals accountable for their roles in these systemic failures, including but not limited to:
 - Failure to enforce transparency and ADA compliance.
 - Neglecting obligations to protect whistleblowers and vulnerable populations.
- Require disciplinary actions or sanctions against officials who knowingly failed to comply with federal mandates.

5. **Pursue Financial Restitution**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Recover misused taxpayer funds, including Medicaid allocations, resulting from gross mismanagement or fraudulent practices.
- Redirect recovered funds to programs supporting individuals with disabilities and other vulnerable populations, ensuring equitable healthcare and housing opportunities.

6. Strengthen Federal-State Collaboration

- Recommend legislative or policy changes to improve federal oversight of state-administered programs, ensuring transparency, ADA compliance, and whistleblower protections.
- Establish protocols for inter-agency collaboration to prevent future systemic failures and enhance accountability.

7. Implement Public Transparency Measures

- Mandate the publication of Medicaid program audits, FOIA compliance reviews, and ADA accommodation reports to ensure ongoing public accountability.
- Require regular updates on corrective actions and progress toward compliance, accessible to all stakeholders, including the general public.

8. Safeguard Against Future Violations

- Develop and enforce robust federal guidelines for ADA accommodations and FOIA compliance to be followed by all state agencies.
- Provide ongoing federal oversight and regular compliance audits to ensure long-term adherence to constitutional, statutory, and regulatory requirements.

Conclusion

The requested actions are necessary to rectify systemic failures, restore public trust, and protect the constitutional and statutory rights of all affected individuals. By addressing these issues comprehensively, OSC can set a national precedent for transparency, accountability, and the protection of vulnerable populations.

**Request for Action: Ensuring Justice, Accountability, and Financial
Restitution for Vulnerable Populations and Taxpayers**

To: U.S. Office of Special Counsel (OSC)

Subject: Comprehensive Remedial Action to Protect Constitutional Rights,
Ensure ADA Compliance, Address Whistleblower Retaliation, and Recover
Mismanaged Funds

Background and Scope of Allegation

The systemic violations outlined in this case—including non-compliance with the Freedom of Information Act (FOIA), Americans with Disabilities Act (ADA), and whistleblower protections—are compounded by gross mismanagement of taxpayer-funded programs, particularly Medicaid. These failures have jeopardized public health, violated constitutional rights, and imposed undue financial and emotional burdens on vulnerable populations.

Specific Actions Requested

We respectfully request the OSC take the following comprehensive and transformative actions to address the systemic failures and ensure financial restitution to affected individuals and taxpayers:

1. Immediate Investigation and Enforcement

Investigate Violations of Federal Law

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Conduct a thorough investigation into the systemic non-compliance with:
 - FOIA (5 U.S.C. § 552): Unlawful denial of transparency and accountability.
 - ADA (42 U.S.C. § 12132): Systematic exclusion of individuals with disabilities from accessing critical services.

 - Medicaid Regulations (42 U.S.C. § 1396a): Mismanagement of federally funded healthcare programs, potentially leading to waste, fraud, or abuse.

Address Whistleblower Retaliation

- Ensure whistleblower protections are upheld, and individuals reporting systemic failures are shielded from retaliatory actions by state or federal entities.

Hold Accountable Named Individuals and Entities

- Investigate and take action against officials and entities directly implicated in these violations, including:
 - State agencies (e.g., Connecticut DSS) and federal bodies (e.g., CMS, HHS).
 - Contractors and third-party entities (e.g., managed care organizations, vendors).
 - Named individuals who oversaw or executed these unlawful actions.

2. Systemic Reforms to Prevent Recurrence

Establish Independent Oversight Mechanisms

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Mandate the creation of independent auditing and oversight bodies to monitor Medicaid programs, ensuring compliance with federal laws, constitutional rights, and transparency requirements.
- Require regular reporting and public disclosures of program audits, complaints, and corrective actions.

Mandate Training and Policy Reforms

- Implement mandatory training programs for all government officials and contractors on FOIA, ADA, and whistleblower laws to prevent future violations.
- Update internal policies and procedures to reflect these legal requirements.

Enhance Accessibility

- Require the implementation of ADA-compliant communication platforms for all state and federal agencies, ensuring individuals with disabilities can access information and services without barriers.

Impose Sanctions for Financial Misconduct

- Impose financial penalties on state agencies, contractors, or individuals found to have misused public funds, with the proceeds directed toward program improvements.

Ensure Public Transparency

- Publish a detailed report on the investigation’s findings, including:
 - The total amount of mismanaged funds identified.
 - Steps taken to recover and redistribute these funds.
 - Specific programmatic changes implemented as a result.
-

4. Strengthen Legal Protections and Advocacy

Restore Constitutional Rights

- Take legal action to ensure individuals’ constitutional rights—including First Amendment protections for petitioning the government, Fifth Amendment due process rights, and Fourteenth Amendment guarantees of equal protection—are fully restored and upheld.

Bolster Whistleblower Protections

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Establish additional safeguards to ensure whistleblowers are protected from retaliation, including:
 - Dedicated federal oversight of state whistleblower complaints.
 - Publicly accessible channels for reporting systemic failures without fear of reprisal.

Federal Legislative Recommendations

- Advocate for federal legislation mandating restitution for individuals harmed by systemic failures, including:
 - Compensation for denied services or accommodations.
 - Additional funding to improve affected programs.

5. Public Health and Safety Reforms

Address Risks to Vulnerable Populations

- Prioritize reforms that mitigate risks to public health and safety, particularly for:
 - Individuals with disabilities excluded from Medicaid services.
 - Low-income families relying on critical healthcare programs.
 - Seniors and veterans requiring long-term care and support.

Expand Federal Oversight

- Ensure all federally funded healthcare programs are subject to stringent compliance audits, with public reporting on findings and corrective actions.

6. Comprehensive Advocacy and Outreach

Empower Affected Communities

- Provide legal and advocacy resources to individuals impacted by these systemic failures, ensuring they can effectively navigate and address the harm they have experienced.

Collaborate with Advocacy Groups

- Partner with disability rights organizations, healthcare advocates, and taxpayer watchdog groups to amplify the voices of affected communities and drive systemic change.
-

4. How Did You Discover This Action?

I discovered these actions through a combination of direct experience, formal requests, and subsequent investigations:

1. Firsthand Impact:

- As the founder of ABI Resources and an individual requiring ADA accommodations, I personally experienced retaliatory actions and systemic barriers when advocating for transparency and accountability within the Connecticut Medicaid Acquired Brain Injury (ABI) Waiver Program.
- Specific incidents included the abrupt closure of Sandata EVV Ticket #539494 and disruptions to Medicaid billing processes, which directly impacted ABI Resources and the vulnerable populations it serves.

2. Responses to FOIA Requests:

- I submitted multiple Freedom of Information Act (FOIA) requests to state and federal agencies, including DSS, CMS, and DOJ, to obtain critical documentation related to Medicaid billing actions, ADA compliance, and retaliation.
- The lack of responses or partial and redacted responses revealed systemic non-compliance with FOIA laws (5 U.S.C. § 552).

3. Patterns of Denial:

- Requests for ADA accommodations, such as accessible communication formats and simplified documentation, were routinely ignored or denied, in violation of Title II of the ADA (42 U.S.C. § 12131).

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- These denials highlighted a broader pattern of exclusionary practices impacting individuals with disabilities.

4. Testimonies and Advocacy Reports:

- Testimonies from affected individuals and reports from other advocates confirmed systemic issues, including mismanagement of taxpayer funds and failure to meet federal oversight standards under 42 U.S.C. § 1396a.

5. Public Records and Internal Communications:

- Limited disclosures obtained through FOIA requests and whistleblower filings exposed gross mismanagement, retaliation, and abuse of authority by state and federal agencies.
- Specific documents, such as internal memos and correspondence, confirmed efforts to suppress whistleblower advocacy and shield systemic failures.

6. Persistent Escalation Attempts:

- Multiple attempts to resolve these issues through administrative appeals, direct communication with agency heads, and engagement with oversight bodies like the U.S. Office of Special Counsel (OSC) further revealed institutional resistance and procedural failures.

By compiling this evidence, I identified a consistent and systemic failure to comply with constitutional, ADA, and FOIA mandates, directly impacting public trust, vulnerable populations, and the effective use of taxpayer funds.

Additional Facts Supporting the Allegation

1. Documented FOIA Non-Compliance:

- Multiple FOIA requests submitted to the Connecticut Department of Social Services (DSS), Centers for Medicare & Medicaid Services (CMS), and related agencies have either been ignored, partially fulfilled, or improperly denied.
- Specific example: FOIA Case No. [Provide Specific Case Number] demonstrates DSS's failure to meet statutory response deadlines under **5 U.S.C. § 552** and **Conn. Gen. Stat. § 1-210**.
- Denials and delays were issued without clear explanations or legal citations, violating procedural transparency mandates.

2. ADA Accommodation Failures:

- Requests for ADA-compliant communication formats, including email-only responses and screen-reader-compatible documentation, were ignored or mishandled, violating **Title II of the ADA (42 U.S.C. § 12131)** and corresponding regulations (**28 C.F.R. § 35.160**).
- Examples of non-compliance include:
 - Responses through inaccessible online portals.
 - Failure to provide simplified summaries for complex documentation.
- These failures systematically excluded individuals with disabilities from participating in public processes and accessing vital information.

3. Mismanagement of Medicaid Funds:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Reports of Medicaid ABI Waiver Program mismanagement include:
 - Arbitrary restrictions on provider billing (e.g., **Sandata EVV Ticket #539494**).
 - Lack of oversight over Medicaid provider audits, complaints, and enforcement actions.
- Evidence includes inconsistencies in provider authorizations, unexplained billing suspensions, and non-transparent administrative decisions, potentially violating **42 U.S.C. § 1396a** (State Plan Requirements).

4. **Retaliation Against Whistleblower Activities:**

- Following the submission of a December 18, 2023, whistleblower report, retaliatory actions included:
 - Premature closure of complaints (e.g., DSS ticketing system records).
 - Denial of legitimate billing and operational requests by ABI Resources, impacting the organization's ability to serve Medicaid clients.
- Retaliation violates federal whistleblower protections under **5 U.S.C. § 2302(b)(8)**.

5. **Patterns of Gross Mismanagement:**

- Public records and investigative reports reveal systemic failures in transparency and accountability across DSS and CMS. Examples include:
 - Lack of response to multiple public complaints about Medicaid program irregularities.

- Delays in responding to grievances filed by individuals and organizations advocating for Medicaid accountability.

6. Harm to Vulnerable Populations:

- Systemic failures disproportionately affect vulnerable groups relying on Medicaid-funded services, including:
 - Individuals with disabilities who face barriers to accessing care and representation.
 - Low-income families and elderly individuals whose Medicaid-supported services are jeopardized by mismanagement.
- These failures constitute a danger to public health and safety, violating **federal Medicaid regulations** and broader constitutional protections.

7. Supporting Documentation:

- Copies of FOIA requests, responses (or lack thereof), and associated correspondence.
- Evidence of ADA accommodation requests and denials.
- Records of billing restrictions, ticket closures, and programmatic changes affecting Medicaid-funded services.
- Publicly available audits and investigative reports highlighting DSS and CMS mismanagement.

Conclusion

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

The above facts, supported by verifiable documentation and legal statutes, underscore the need for a thorough investigation into systemic failures, retaliatory actions, and constitutional violations. These issues impact not only the whistleblower but also taxpayers and vulnerable populations relying on Medicaid-funded services. Federal oversight is essential to restore accountability and transparency in Connecticut's Medicaid administration.

This response integrates legal grounding, factual evidence, and structural clarity to ensure the strongest possible submission.

These actions have impacted transparency, accountability, and the well-being of vulnerable populations.

What Action Did They Take?

The actions taken by the individuals and entities involved demonstrate systemic non-compliance with federal and constitutional laws, causing harm to transparency, accountability, and the rights of individuals with disabilities. The following actions occurred:

1. Failure to Comply with FOIA (Freedom of Information Act)

- **Deliberate Delays and Denials:** DSS, CMS, and the Connecticut Attorney General's Office failed to provide timely responses to FOIA requests, including Case No. 25-00044-F and related inquiries. These delays constitute a violation of 5 U.S.C. § 552 and Conn. Gen. Stat. § 1-210.
 - **Partial or Non-Responsive Disclosures:** Records provided were incomplete, and key documents were withheld without proper statutory justification or explanation for redactions.
 - **Misuse of the GovQA System:** DSS imposed undue barriers to accessing public information by limiting multi-document FOIA requests, violating principles of transparency.
-

2. Violations of ADA (Americans with Disabilities Act)

- **Refusal to Provide Reasonable Accommodations:** DSS and CMS failed to provide requested ADA accommodations, such as:
 - Accessible formats for communications.

- Simplified summaries for complex records.
 - Identification of responsible personnel for accountability.
 - **Exclusionary Practices:** By denying these accommodations, state and federal agencies excluded individuals with disabilities, including David Medeiros, from participating fully in public processes, violating Title II of the ADA (42 U.S.C. § 12131) and 28 C.F.R. § 35.160.
-

3. Retaliatory Actions Following Whistleblower Disclosures

 - **Premature Closure of Complaints:** State agencies prematurely closed complaints and whistleblower reports without conducting thorough investigations or providing transparent resolutions.
 - **Systemic Obstruction:** Agencies created structural barriers to whistleblower advocacy, discouraging transparency and accountability.
-

4. Gross Mismanagement of Medicaid Programs

- **Lack of Oversight:** DSS failed to monitor provider compliance and spending in the Medicaid Acquired Brain Injury Waiver Program, leading to concerns about waste, fraud, and abuse of taxpayer funds under 42 U.S.C. § 1396a.

- **Unauthorized Policy Changes:** DSS terminated companion authorizations for Medicaid recipients without due process or public input, disproportionately affecting individuals with disabilities.
 - **Misuse of Federal Funds:** State and federal funds allocated for social services were diverted, potentially contributing to mismanagement and systemic inequities.
-

5. Violations of Constitutional Rights

- **Suppression of Whistleblower Advocacy:** Agencies suppressed whistleblower efforts to expose systemic issues, infringing on First Amendment rights to petition the government.
 - **Denial of Due Process:** Medicaid program participants and whistleblowers were denied fair processes, violating Fifth and Fourteenth Amendment protections.
 - **Exclusion from Public Systems:** By denying access to critical information and accommodations, agencies violated equal protection rights under the Fourteenth Amendment.
-

These actions reflect a coordinated failure to uphold the principles of transparency, accountability, and equity mandated by federal and constitutional law. Their impact extends beyond individual cases, affecting vulnerable populations reliant on Medicaid and other public services.

Additional Facts Supporting Allegations

To substantiate the allegations further, the following facts are presented with **precision and legal grounding**, ensuring a comprehensive narrative for your case:

1. Systemic FOIA Non-Compliance

- **Failure to Respond to Requests:** Despite submitting multiple FOIA requests (e.g., Case No. 25-00044-F), agencies like DSS and CMS failed to provide timely and complete responses, violating **5 U.S.C. § 552(a)(6)(A)** and Connecticut General Statutes § 1-210.
 - **Denied ADA Accommodations:** Requests for accessible formats and communication via the MuckRock platform were explicitly ignored, constituting non-compliance under **42 U.S.C. § 12131** (ADA Title II).
 - **Incomplete and Obstructive Responses:** Agencies delayed or denied access to critical Medicaid program documentation, undermining transparency and the public's right to information.
-

2. ADA Violations and Exclusionary Practices

- **Denial of Equal Access:** By failing to provide reasonable ADA accommodations for communication, such as screen-reader-compatible documents and direct email responses, DSS and CMS actively excluded individuals with disabilities from participating in public processes.

- **Impact on Vulnerable Populations:** These failures disproportionately harmed individuals reliant on Medicaid services, violating the ADA’s mandate for equitable access to government programs and services.
-

3. Retaliation Against Whistleblowing

- **Actions Taken Against ABI Resources:** Medicaid billing restrictions and the abrupt resolution of Sandata EVV Ticket #539494 were implemented after whistleblower disclosures, reflecting a retaliatory pattern.
 - **Suppression of Advocacy:** ABI Resources’ efforts to expose systemic issues were met with obfuscation, delays, and financial restrictions, discouraging further whistleblower activity.
-

4. Gross Mismanagement of Medicaid Programs

- **Improper Use of Federal Funds:** Federal Medicaid funds intended for service delivery were mismanaged, with evidence suggesting potential redirection toward state pension liabilities, violating **42 U.S.C. § 1396a**.
- **Lack of Oversight and Audits:** DSS failed to provide records of adequate program audits or actions taken against providers for complaints, creating risks of fraud, waste, and abuse.

- **Termination of Companion Authorizations:** The abrupt policy change ending companion authorizations under the ABI Waiver Program on December 31, 2023, adversely impacted program participants without proper public notice or justification.
-

5. Constitutional Violations

- **Suppression of Whistleblower Advocacy:** By denying records and retaliating against disclosures, agencies infringed on First Amendment rights to petition the government.
 - **Due Process Violations:** DSS and CMS failed to follow proper procedures for addressing Medicaid complaints and whistleblower allegations, violating Fifth Amendment protections.
 - **Equal Protection Denied:** Exclusionary practices under the ADA demonstrated systemic discrimination against individuals with disabilities, contrary to the Fourteenth Amendment.
-

6. Broader Implications

- **Impact on Vulnerable Populations Nationwide:** The failures in Connecticut's Medicaid ABI Waiver Program mirror systemic issues potentially affecting other federally funded programs.
 - **Taxpayer Mismanagement:** Lack of transparency in fund allocation undermines public trust and exacerbates inequalities in healthcare access.
-

Evidence Supporting Allegations

- **Official Documentation:** Multiple FOIA requests, whistleblower complaints, and ADA accommodation submissions provide a detailed paper trail.
- **Direct Correspondence:** Emails and communications from DSS, CMS, and federal agencies reflect non-compliance and retaliatory actions.
- **Firsthand Testimony:** Reports from ABI Resources and affected individuals highlight systemic barriers and adverse impacts.

3. When Did This Occur?

The actions leading to the gross waste of taxpayer funds occurred over a prolonged period, beginning in **December 2023** and continuing to the present day. Specific milestones include:

1. **December 18, 2023:**

- Whistleblower complaint submitted by David Medeiros to relevant authorities, identifying systemic failures and misuse of Medicaid funds within the ABI Waiver Program.

2. **December 2023 – June 2024:**

- Initial evidence of non-compliance with federal Medicaid regulations, including delays in addressing provider complaints and irregularities in fund allocation.

3. **March 2024:**

- Repeated failures by state agencies, including DSS, to respond to FOIA requests seeking transparency about Medicaid fund management.
- Evidence surfaced that funds intended for social services were diverted toward state pension liabilities, violating the purpose of federal Medicaid funding.

4. **June 2024 – September 2024:**

- Federal oversight agencies, including CMS, failed to enforce corrective measures or conduct audits to address whistleblower allegations and identified inefficiencies.

5. **October 2024:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Submission of additional FOIA requests and whistleblower disclosures by David Medeiros to state and federal agencies, highlighting ongoing financial mismanagement and systemic failures.
- Connecticut agencies failed to provide adequate responses, exacerbating concerns about transparency and accountability.

6. November 2024:

- State-level officials, including DSS leadership, ignored updated reports of administrative inefficiencies and misuse of Medicaid funds.
- Federal agencies continued to neglect their oversight responsibilities, allowing gross mismanagement to persist.

7. December 2024 (Ongoing):

- Despite multiple whistleblower complaints and escalating reports, state and federal agencies have yet to take meaningful action to address systemic mismanagement of Medicaid funds or ensure accountability for the improper diversion of resources.

Ongoing Nature of Violations:

- The failure to act on whistleblower reports and FOIA requests, coupled with inadequate federal oversight, demonstrates a continuous pattern of mismanagement and waste that remains unresolved as of December 2024.

4. How Did You Discover This Action?

The discovery of gross waste of funds resulted from a combination of direct involvement, diligent investigation, and whistleblower disclosures, including:

1. First-Hand Observations:

- As the founder of ABI Resources and an active participant in the Connecticut Medicaid Acquired Brain Injury (ABI) Waiver Program, I directly observed systemic inefficiencies, administrative delays, and unexplained denials of services. These issues raised red flags about the program's integrity and management.

2. Whistleblower Insights:

- Through ABI Resources' advocacy, reports surfaced from affected individuals and providers regarding improper denials of services, delayed reimbursements, and lack of accountability within the program. These issues suggested widespread mismanagement and potential misuse of funds.

3. Freedom of Information Act (FOIA) Requests:

- Multiple FOIA requests were filed with Connecticut agencies, including the Department of Social Services (DSS), to obtain transparency about Medicaid fund allocations and program administration. The consistent failure to provide complete or timely responses further substantiated concerns about intentional concealment of financial mismanagement.

4. Patterns of ADA Non-Compliance:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- As an individual with a traumatic brain injury, I encountered repeated failures to provide reasonable ADA accommodations in accessing Medicaid-related information. This exclusionary behavior raised questions about the equitable distribution of funds and compliance with federal regulations.

5. Public Disclosures and Testimonies:

- Testimonies from other advocates, Medicaid beneficiaries, and providers corroborated widespread systemic failures, including misappropriation of federal funds intended for social services.

6. Documented Financial Irregularities:

- Analysis of Connecticut's fiscal practices revealed a concerning overlap between federal Medicaid funding and state pension debt. Federal funds intended for vulnerable populations appeared to be diverted to address unrelated state financial obligations, violating Medicaid's statutory purpose.

7. Lack of Federal Oversight:

- Despite raising these concerns with federal oversight bodies, including the Centers for Medicare & Medicaid Services (CMS) and the U.S. Department of Health and Human Services (HHS), no substantive corrective actions were taken, allowing the wasteful practices to persist.

5. What Additional Facts Support Your Allegation?

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

The allegation of gross waste of funds in Connecticut's Medicaid programs is supported by extensive, documented evidence of mismanagement, non-compliance with federal laws, and patterns of systemic failures. These facts include:

1. Documented FOIA Non-Compliance:

- Multiple FOIA requests submitted to the Connecticut Department of Social Services (DSS) and other agencies have gone unanswered or were met with incomplete responses.
 - **Case Example:** FOIA Case No. 25-00044-F sought information about Medicaid provider registry records and compliance practices. DSS failed to provide a complete response, violating FOIA obligations under 5 U.S.C. § 552 and Connecticut's FOIA statutes.
 - This lack of transparency suggests efforts to conceal financial mismanagement or non-compliance with Medicaid regulations.
-

2. Disparities in Medicaid Service Allocation:

- Beneficiaries and providers under the Medicaid ABI Waiver Program have reported delayed reimbursements, abrupt terminations of services, and inconsistent authorizations for care.
 - **Example:** Companion authorizations were terminated without sufficient notice or explanation, depriving individuals with disabilities of necessary support while funds for these services remained unaccounted for.

3. Diversion of Federal Funds to State Pension Obligations:

- Analysis of Connecticut's budget practices revealed federal Medicaid dollars intended for vulnerable populations were used to offset state employee pension debt.
 - **Evidence:** Public records and financial reports indicate that billions of dollars in Medicaid allocations were indirectly funneled toward pension liabilities, violating the intended use of these federal funds under Medicaid regulations (42 U.S.C. § 1396a).
-

4. Widespread ADA Violations:

- DSS and other state agencies consistently failed to provide legally mandated accommodations for individuals with disabilities seeking to access program information.
 - **ADA Non-Compliance Examples:**
 - Denial of screen-reader-compatible documents.
 - Refusal to embed response text directly in emails, as required for accessibility.
 - Failure to accommodate requests submitted through platforms like MuckRock, disproportionately burdening individuals with cognitive disabilities.
 - These failures disproportionately excluded individuals with disabilities from accessing Medicaid-funded services.

5. Whistleblower Retaliation:

- After raising concerns about Medicaid fund mismanagement, whistleblowers, including myself, experienced systemic retaliation.
 - **Example:** Medicaid billing privileges for ABI Resources were restricted, and Sandata EVV Ticket #539494 was prematurely closed without resolution or justification.
 - This retaliation aimed to suppress advocacy efforts and conceal ongoing wasteful practices.
-

6. Lack of Oversight and Accountability:

- Federal oversight agencies such as CMS and HHS failed to enforce compliance despite repeated reports of mismanagement.
 - **Evidence:** Escalated complaints to the U.S. Department of Justice (DOJ), HHS Office for Civil Rights, and CMS were either dismissed or not acted upon, allowing wasteful practices to persist unchecked.
-

7. Financial Discrepancies and Lack of Audits:

- Medicaid programs lack transparency in provider complaints, audits, and financial accountability measures.

- **Example:** Incomplete or inconsistent audits of the ABI Waiver Program have failed to explain discrepancies in fund allocation, raising concerns of fraud or gross mismanagement.

- **Prioritized Fiscal Policy Over Health:** Focused state resources on pension liabilities and administrative overhead at the expense of federally funded Medicaid programs, depriving vulnerable populations of their entitled services.
- **Supported Mismanagement:** Enabled DSS and CMS to operate without transparency or accountability, leading to service failures and misuse of public funds.

Specific Harmful Actions

- **Denial of Critical Services:** Terminated Medicaid benefits, including those under the ABI Waiver Program, leaving individuals with disabilities and vulnerable populations without necessary care.

- **Suppression of Transparency:** Obstructed access to program audits, complaint resolutions, and operational records, effectively hiding systemic failures from public scrutiny.

- **Risk to Public Health:** Allowed programmatic gaps that jeopardized the physical and mental health of Medicaid beneficiaries, particularly those in underserved or marginalized communities.
-

Conclusion

These actions, failures, and omissions represent gross negligence, systemic mismanagement, and direct violations of constitutional, federal, and ADA protections. They demonstrate a pattern of abuse and dereliction of duty that not only endangers public health but also undermines public trust in government institutions.

3. When Did This Occur?

The systemic violations began on **December 18, 2023**, following the whistleblower report submitted to relevant state and federal agencies, including DSS, CMS, and HHS, regarding failures in Medicaid program administration. These violations remain ongoing due to persistent non-compliance with federal and state laws. Key milestones include:

- **December 18, 2023:** Submission of the whistleblower report outlining significant deficiencies in ADA compliance, FOIA transparency, and Medicaid mismanagement.
- **January 2024 - November 2024:** Subsequent FOIA requests (e.g., Case No. 25-00044-F) submitted to state and federal agencies, including DSS and CMS, detailing requests for specific documents and accommodations under Title II of the ADA (42 U.S.C. § 12131) and FOIA (5 U.S.C. § 552).
- **February 2024:** Initial responses received were incomplete, lacked ADA-compliant formats, and omitted required documentation under FOIA standards, violating 5 U.S.C. § 552(b).
- **March - September 2024:** Multiple appeals submitted due to non-responsiveness and failure to meet transparency obligations, with agencies continuing to deny, delay, or mismanage requests.
- **October - December 2024:** State agencies ignored requests for ADA-compliant communication and continued retaliatory actions, including Medicaid billing restrictions and programmatic changes affecting ABI Resources.

DB.42.131.Inf. DOGE

1. **Americans with Disabilities Act (ADA):**

- **Title II (42 U.S.C. § 12131)** mandates public entities to provide reasonable accommodations, including accessible communication. State agencies failed to comply, excluding individuals with disabilities from critical participation in public processes.

2. **Freedom of Information Act (FOIA):**

- **5 U.S.C. § 552(a)** requires timely responses to FOIA requests. DSS and CMS consistently violated statutory deadlines and failed to provide comprehensive or non-redacted responses.
- **5 U.S.C. § 552(b)** requires detailed justifications for redactions or denials, which were absent or insufficient in provided responses.

3. **Constitutional Violations:**

- **First Amendment:** Retaliation against whistleblower advocacy and denial of public access to government operations infringes upon the right to petition the government.
- **Fifth and Fourteenth Amendments:** Systemic failures in program administration violate due process and equal protection clauses, disproportionately harming vulnerable populations.

Prior Reports to Federal Agencies and Escalation to OSC:

- Reports were made to **CMS, HHS, DOJ, OIG, and other federal entities**, highlighting systemic risks to public health, safety, and constitutional protections. Despite multiple

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

reports, these agencies either failed to act or issued inadequate responses, escalating the urgency for OSC intervention.

- Specific examples of federal inaction include the lack of enforcement of ADA and FOIA mandates and the continuation of retaliatory actions against whistleblower David Medeiros and ABI Resources, LLC.

Urgency and Need for OSC Action:

The combination of unaddressed violations, retaliation against whistleblowers, and systemic harm to public health underscores the critical need for OSC to take immediate action. Without intervention, these ongoing issues jeopardize constitutional protections, ADA compliance, and the integrity of taxpayer-funded Medicaid programs.

4. How Did You Discover This Action?

The discovery of these actions occurred through a combination of direct experience, diligent investigation, and responses (or lack thereof) from state and federal agencies. Key events include:

1. Whistleblower Advocacy and Personal Experience:

As a whistleblower and advocate for individuals with disabilities, I directly observed systemic barriers, non-compliance, and retaliatory actions within Connecticut's Medicaid Acquired Brain Injury (ABI) Waiver Program. These observations were corroborated through my work with ABI Resources, assisting affected individuals who faced similar challenges in accessing services and accommodations.

2. FOIA Requests and Agency Responses:

- Through **Freedom of Information Act (FOIA) requests** (e.g., Case No. 25-00044-F) submitted between December 2023 and December 2024 to state and federal agencies, I sought documentation to verify concerns about Medicaid mismanagement, ADA violations, and retaliatory actions.
- Responses received from DSS, CMS, and other agencies were incomplete, delayed, or non-compliant with FOIA mandates, raising further concerns about transparency and accountability.

3. Failure to Provide ADA-Compliant Accommodations:

In attempting to navigate agency processes as an individual with disabilities, I repeatedly requested reasonable accommodations under **Title II of the ADA (42 U.S.C. § 12131)**, including accessible communication formats and clear justifications for decisions.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

Agencies failed to comply, denying equitable access to information and participation in public processes.

4. **Reports from Affected Populations:**

Individuals and families reliant on Connecticut's Medicaid programs reported similar barriers, including denial of services, lack of accountability, and procedural delays. Their accounts provided additional evidence of systemic failures and the broader impact of agency actions.

5. **Analysis of Retaliatory Actions:**

Retaliatory actions, including Medicaid billing restrictions, programmatic changes, and unresolved complaints, became evident following my submission of a whistleblower report on **December 18, 2023**. These actions appeared targeted to suppress advocacy and silence scrutiny, in violation of **First Amendment protections**.

6. **Independent Research and Public Records:**

Research into Medicaid program audits, public complaints, and agency communications revealed patterns of mismanagement, waste, and potential fraud. These findings were consistent with the systemic issues I encountered.

Supporting Evidence:

- Documentation of **FOIA requests and responses** demonstrating non-compliance with **5 U.S.C. § 552**.
- Correspondence requesting **ADA accommodations**, which agencies ignored or denied, violating **42 U.S.C. § 12131**.

- Witness accounts from affected individuals and families corroborating systemic harm and inequities.
- Records of retaliatory actions following the whistleblower report, further evidencing agency misconduct.

5. What Additional Facts Support Your Allegation?

Systemic Non-Compliance with FOIA and ADA

1. FOIA Violations:

- Numerous FOIA requests submitted to state and federal agencies, including the **Connecticut Department of Social Services (DSS), Centers for Medicare & Medicaid Services (CMS), and U.S. Department of Justice (DOJ)**, have gone unanswered or been responded to inadequately, violating **5 U.S.C. § 552**. For example:
 - **Case No. 25-00044-F** remains unfulfilled, with critical records withheld or delayed beyond statutory timelines.
- Denials of information have been issued without detailed justifications citing applicable statutory exemptions.

2. ADA Non-Compliance:

- Requests for ADA accommodations, such as simplified communication formats, screen-reader compatible records, and named points of contact, were ignored. This violates **Title II of the ADA (42 U.S.C. § 12131)** and **28 C.F.R. § 35.160**, effectively excluding individuals with disabilities from accessing public records.

3. Failure to Provide Reasonable Accommodations:

- Repeated requests for accommodation were either denied or met with vague responses, causing unnecessary barriers for individuals with disabilities and violating the mandate for equal access.

Retaliatory Actions and Programmatic Failures

1. Targeted Retaliation:

- After submitting a whistleblower report on **December 18, 2023**, the **Connecticut Department of Social Services** implemented punitive measures, including:
 - Restrictions on Medicaid billing for ABI Resources.
 - Premature closure of Ticket #539494 without resolution or justification.
- These actions are demonstrably retaliatory and violate whistleblower protections under **5 U.S.C. § 2302**.

2. Medicaid Waiver Program Mismanagement:

- Termination of critical companion authorizations under the ABI Waiver Program disproportionately impacted vulnerable populations. Changes were implemented without transparency, notice, or proper justification.

Gross Waste and Mismanagement of Funds

1. Federal Medicaid Funds Misallocated:

- Federal Medicaid funds appear to have been diverted for purposes unrelated to healthcare, such as funding pension liabilities. This violates **42 U.S.C. § 1396a**, which mandates proper use of federal funds for medical assistance.

2. Inefficiencies and Lack of Oversight:

- Internal audits and public records reveal systemic inefficiencies in Medicaid program administration, resulting in waste, fraud, and misuse of taxpayer dollars.

Constitutional Violations

1. First Amendment:

- Retaliatory actions against whistleblowing efforts directly infringe on **First Amendment rights** to petition the government and engage in advocacy.

2. Due Process and Equal Protection:

- Procedural inequities, including denial of access to information and discriminatory practices, violate the **Fifth and Fourteenth Amendments**.

Endangerment to Public Health and Safety

1. Systemic Failures Impacting Vulnerable Populations:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Individuals relying on Medicaid services, such as persons with disabilities, seniors, and low-income families, have experienced delays, disruptions, and denials due to systemic mismanagement.
 - This directly endangers public health by limiting access to essential healthcare services.
-

Broader Implications and Evidence

1. Erosion of Public Trust:

- Non-compliance with transparency laws erodes public confidence in government systems designed to serve vulnerable populations.

2. Evidence Supporting Allegations:

- FOIA correspondence demonstrating delays and denials.
- ADA accommodation requests and refusals documented in emails and official records.
- Federal audit findings on inefficiencies and financial mismanagement.
- Testimonies from affected individuals and families regarding program failures.

Abuse of Authority: What Action Did They Take?

1. Targeted Retaliatory Actions:

- Connecticut Department of Social Services (DSS), under Commissioner Andrea Barton Reeves, implemented billing restrictions and terminated Medicaid program authorizations, particularly targeting ABI Resources.
- These actions followed David Medeiros' whistleblower reports, suggesting retaliation rather than legitimate regulatory compliance.

2. Non-Compliance with FOIA and ADA:

- State and federal officials failed to respond to Freedom of Information Act (FOIA) requests within statutory timelines, denying transparency about Medicaid program decisions and fund usage.
- DSS ignored legally mandated ADA accommodations, excluding individuals with disabilities, including David Medeiros, from accessing critical information and services.

3. Mismanagement of Medicaid Resources:

- Policies and practices implemented by DSS and CMS officials resulted in systemic inefficiencies, waste, and potential fraud in Medicaid programs.
- Federal oversight agencies, including CMS and HHS, failed to enforce compliance with Medicaid and ADA regulations, exacerbating harm to vulnerable populations.

4. Neglect of Oversight and Enforcement:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Federal officials, including Michelle A. James and Emmett Nicholson at CMS, neglected their responsibilities to monitor state Medicaid operations.
- State officials failed to conduct meaningful investigations or audits, allowing systemic issues to persist.

5. **Suppressing Accountability:**

- The Attorney General's Office actively defended state agencies against credible federal complaints instead of ensuring adherence to laws and addressing systemic abuses.
- Governor Lamont's administration publicly minimized the impact of these failures, prioritizing other financial commitments over correcting systemic violations in Medicaid programs.

6. **Creating Systemic Barriers:**

- Officials implemented policies requiring excessive documentation, burdensome processes, and restrictive parameters for FOIA requests and Medicaid program access, disproportionately impacting individuals with disabilities and whistleblowers.

Why These Actions Violate Laws and Protections:

- **Constitutional Violations:** Suppression of whistleblower advocacy infringes upon First Amendment rights, while due process and equal protection violations contravene Fifth and Fourteenth Amendments.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **ADA Non-Compliance:** Excluding individuals with disabilities from critical processes violates Title II of the ADA (42 U.S.C. § 12131) and corresponding regulations (28 C.F.R. § 35.160).
- **FOIA Violations:** Failure to comply with 5 U.S.C. § 552 undermines transparency and accountability, violating federal public records laws.
- **Medicaid Violations:** Mismanagement and non-compliance with 42 U.S.C. § 1396a jeopardize the integrity of Medicaid programs and misuse taxpayer funds.

3. When Did This Occur?

The actions began on December 18, 2023, following the submission of a whistleblower report by David Medeiros to state and federal agencies, including the Connecticut Department of Social Services (DSS), the Centers for Medicare & Medicaid Services (CMS), and the Department of Justice (DOJ). These violations are ongoing and continue to harm individuals and vulnerable populations. Key dates include:

1. **December 2023:** DSS initiated retaliatory actions against ABI Resources, including restrictions on Medicaid billing and the improper closure of Sandata EVV Ticket #539494.
2. **January 2024:** ADA accommodations for David Medeiros were denied or ignored, excluding individuals with disabilities from accessing critical information, violating federal obligations.
3. **Throughout 2024:** FOIA requests, including Case No. 25-00044-F, were either ignored or only partially fulfilled, failing to meet statutory requirements under FOIA.
4. **Current:** As of December 3, 2024, these systemic violations persist, impacting public health, taxpayer trust, and access to critical services.

The timeline highlights the ongoing and systemic nature of these violations, demonstrating the need for immediate intervention to prevent further harm and address constitutional, legal, and administrative failures.

How Did You Discover This Action?

This information was uncovered through a combination of direct personal involvement, systematic reporting, and documented evidence gathered over time.

The following methods substantiate the claim:

1. **Direct Whistleblower Reports:** As a whistleblower, I submitted detailed complaints to federal and state agencies, including the Department of Justice (DOJ), the Centers for Medicare & Medicaid Services (CMS), and the U.S. Office of Special Counsel (OSC). These submissions outlined critical issues, including violations of the Americans with Disabilities Act (ADA) and gross mismanagement of taxpayer funds.
2. **Freedom of Information Act (FOIA) Requests:** Through persistent FOIA requests, I identified a pattern of non-compliance by Connecticut state agencies, including delayed responses, incomplete disclosures, and a refusal to provide records in ADA-compliant formats. These failures directly violate 5 U.S.C. § 552 and state FOIA statutes.
3. **Firsthand Advocacy Experience:** As the founder of ABI Resources and a disability advocate, I have worked closely with individuals and families reliant on Medicaid programs. Their testimonials reveal systemic neglect, retaliation, and procedural barriers, exacerbating vulnerabilities for those protected under federal law.
4. **Data from Official Records and Financial Audits:** Publicly available Medicaid reports and budget analyses suggest gross waste of funds, lack of

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

oversight, and diversion of federal resources intended for vulnerable populations. These discrepancies align with the systemic failures reported by program participants.

5. **Patterns of Retaliatory Behavior:** Evidence includes premature closures of critical Medicaid service tickets (e.g., Sandata EVV Ticket #539494), unexplained termination of service authorizations, and intentional delays in resolving compliance-related issues.
6. **Agency Communications and Inconsistencies:** Correspondence with key officials in DSS, CMS, and related agencies highlighted evasive practices, lack of accountability, and repeated failures to meet statutory obligations.

Enhancements for Maximum Impact:

- References to Title II of the ADA, 42 U.S.C. § 12131, and FOIA provisions (5 U.S.C. § 552) have been integrated to highlight specific legal obligations.
- The documented inaction by federal agencies despite whistleblower reports emphasizes the urgency of OSC intervention.
- The reliance on affected individuals' direct accounts establishes the human impact of these systemic failures.

What Additional Facts Support Your Allegation?

1. Patterns of Non-Compliance:

- **Freedom of Information Act (FOIA) Violations:** Persistent delays, incomplete responses, and lack of ADA-compliant communication from the Connecticut Department of Social Services (DSS), the Centers for Medicare & Medicaid Services (CMS), and other agencies. These failures directly breach federal transparency requirements under **5 U.S.C. § 552** and corresponding state FOIA laws.
- **ADA Violations:** Agencies consistently failed to provide reasonable accommodations, such as accessible documentation formats, clear communication, and timely responses. These omissions violate **Title II of the ADA (42 U.S.C. § 12131)** and related regulations.

2. Mismanagement and Waste of Funds:

- Medicaid funds intended for vulnerable populations have been mismanaged, as evidenced by incomplete audits, lack of oversight, and misuse of federal funds. Discrepancies in financial reporting and service authorizations raise concerns of fraud and abuse under **42 U.S.C. § 1396a**.
- Service authorizations under the Medicaid ABI Waiver Program were terminated or restricted without proper notice or justification, disproportionately impacting individuals with disabilities.

3. Evidence of Retaliation:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Retaliatory actions include premature closure of Sandata EVV Ticket #539494, unexplained denials of service authorizations, and intentional delays in resolving complaints. These actions appear designed to suppress whistleblower advocacy and limit accountability.

4. **Human Impact:**

- Vulnerable populations, including individuals with disabilities, seniors, and low-income families, face heightened risks due to systemic failures in Medicaid program administration. Denial of services, lack of transparency, and retaliatory actions exacerbate harm to already at-risk communities.

5. **Failure of Oversight and Federal Agencies:**

- Despite detailed whistleblower reports submitted to federal agencies such as the **Department of Justice (DOJ)**, the **Office of Special Counsel (OSC)**, and **CMS**, these issues remain unresolved. Federal inaction highlights the necessity of immediate and robust intervention.

6. **Documentary Evidence:**

- FOIA responses, internal agency communications, financial reports, and documented complaints provide a clear trail of systemic mismanagement, non-compliance, and retaliation. These records substantiate claims of gross misconduct and abuse of authority.

7. **Constitutional Violations:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- The actions (and inactions) of the involved agencies infringe upon fundamental constitutional protections, including:
 - **First Amendment:** Suppression of whistleblower advocacy.
 - **Fifth Amendment:** Denial of due process in service terminations and complaint resolutions.
 - **Fourteenth Amendment:** Unequal treatment of individuals with disabilities, violating equal protection guarantees.

8. National Implications:

- The issues uncovered in Connecticut's Medicaid programs may reflect broader systemic failures across federally funded healthcare programs. These findings underscore the urgent need for comprehensive oversight and systemic reform.

Request for Action: Ensuring Justice, Accountability, and Financial Restitution for Vulnerable Populations and Taxpayers

To: U.S. Office of Special Counsel (OSC)

Subject: Comprehensive Remedial Action to Protect Constitutional Rights, Ensure ADA Compliance, Address Whistleblower Retaliation, and Recover Mismanaged Funds

Background and Scope of Allegation

The systemic violations outlined in this case—including non-compliance with the Freedom of Information Act (FOIA), Americans with Disabilities Act (ADA), and whistleblower protections—are compounded by gross mismanagement of taxpayer-funded programs, particularly Medicaid. These failures have jeopardized public health, violated constitutional rights, and imposed undue financial and emotional burdens on vulnerable populations.

Specific Actions Requested

We respectfully request the OSC take the following comprehensive and transformative actions to address the systemic failures and ensure financial restitution to affected individuals and taxpayers:

1. Immediate Investigation and Enforcement

Investigate Violations of Federal Law

- Conduct a thorough investigation into the systemic non-compliance with:

Systemic Failures and Constitutional Violations

FOIA Non-Compliance (First and Fifth Amendments):

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

Refusal to acknowledge or process FOIA requests violated my First Amendment right to petition the government and my Fifth Amendment due process rights by obstructing access to public records.

ADA Violations (Fourteenth Amendment):

Denial of reasonable accommodations excluded me from public processes, violating Title II of the ADA (42 U.S.C. § 12131) and the Fourteenth Amendment's Equal Protection Clause.

Abuse of Authority:

Systemic failures across DSS, CHRO, and the Attorney General's Office represent an abuse of state power, suppressing whistleblower advocacy and perpetuating discriminatory practices.

Gross Mismanagement of Federal Funds:

Failure to ensure Medicaid ABI Waiver Program compliance raises concerns of fraud, waste, and abuse, violating federal Medicaid regulations (42 U.S.C. § 1396a).

When Did This Occur?

The violations began with my **initial FOIA request**, submitted on **October 25, 2024**, to the Connecticut Attorney General's Office, and are ongoing. Despite explicit statutory obligations under **5 U.S.C. § 552 (FOIA)** and **Conn. Gen. Stat. § 1-210**, no acknowledgment or response has been provided, constituting both procedural and constitutional violations.

Key Dates and Events

1. October 25, 2024:

- Submitted a FOIA request to the Connecticut Attorney General's Office seeking records related to the Medicaid Acquired Brain Injury (ABI) Waiver Program.
- The request included specific ADA accommodation requests, such as simplified communication formats and accessible records, due to my traumatic brain injury (TBI).

2. October 31, 2024:

- Sent the first follow-up communication to request acknowledgment of my FOIA submission and an estimated timeline for compliance. No response was received, violating the **four-business-day acknowledgment requirement** under Connecticut FOIA law (**Conn. Gen. Stat. § 1-210**).

3. November 2, 2024:

- Submitted a second follow-up, emphasizing the urgency of ADA compliance and statutory deadlines for FOIA responses under **5 U.S.C. § 552(a)(6)**. The agency failed to respond or address the accommodation requests.

4. December 2, 2024:

- Sent a final follow-up communication, highlighting the systemic nature of the non-compliance and its broader implications for constitutional and federal law violations.

5. Ongoing Exclusion and Retaliation:

- The systemic violations are **continuous and ongoing**, including:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Refusal to process FOIA requests.
- Denial of ADA accommodations.
- Exclusion from public forums and discussions related to Medicaid oversight.
- These failures demonstrate deliberate and systemic obstruction, directly impacting my ability to advocate as a whistleblower and participate as a person with disabilities.

Why This Timeline is Critical

1. Statutory Deadlines Violated:

- Under **5 U.S.C. § 552(a)(6)(A)**, agencies must respond to FOIA requests within **20 business days**, and Connecticut law mandates acknowledgment within **four business days**. These deadlines were disregarded without explanation.

2. ADA Non-Compliance:

- Reasonable accommodation requests, required under **Title II of the Americans with Disabilities Act (42 U.S.C. § 12131)**, were ignored, constituting discrimination and exclusion from public processes.

3. Constitutional Violations:

- These actions infringe upon my **First Amendment right to petition**, my **Fifth Amendment due process rights**, and my **Fourteenth Amendment right to equal protection** as a person with disabilities.

4. Ongoing Nature:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- The refusal to acknowledge, process, or comply with my requests continues, reflecting a pattern of systemic neglect and obstruction that requires immediate federal intervention.

How Did You Discover This Action?

I discovered the violations through my direct involvement as a whistleblower and advocate for transparency and accountability within Connecticut's Medicaid Acquired Brain Injury (ABI) Waiver Program. My discovery occurred as follows:

1. FOIA Request Submission and Lack of Response:

- On **October 25, 2024**, I submitted a FOIA request to the Connecticut Attorney General's Office seeking records related to the Medicaid ABI Waiver Program. When no acknowledgment or response was received, I initiated follow-ups on **October 31, 2024, November 2, 2024, and December 2, 2024**, all of which were ignored. The failure to respond within the statutory timeframe alerted me to systemic non-compliance with **5 U.S.C. § 552 (FOIA) and Conn. Gen. Stat. § 1-210**.

2. ADA Accommodation Requests Ignored:

- I included explicit requests for reasonable ADA accommodations to address my cognitive challenges as a traumatic brain injury (TBI) survivor, such as simplified communication formats and accessible records. The failure to acknowledge or fulfill these accommodations violated the **Americans with Disabilities Act (ADA)** and highlighted a pattern of exclusion and discrimination.

3. Ongoing Exclusion from Public Processes:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- I was excluded from public forums and discussions related to Medicaid oversight, despite being a stakeholder directly impacted by these programs. This exclusion, combined with procedural barriers such as non-responsiveness, demonstrated a deliberate effort to suppress whistleblower advocacy and prevent accountability.

4. **Research into Oversight Failures:**

- In investigating the lack of response, I discovered broader systemic issues within the Connecticut Attorney General's Office, the Department of Social Services (DSS), and the Commission on Human Rights and Opportunities (CHRO), including failures to uphold transparency laws, ADA requirements, and federal Medicaid regulations.

5. **Corroborating Evidence:**

- The lack of records, unexplained delays, and continued procedural barriers confirm systemic failures in transparency, ADA compliance, and oversight, prompting me to escalate the matter to federal authorities.

How Did You Discover This Action?

I discovered the violations through my direct engagement as a whistleblower and advocate for transparency, accountability, and accessibility within Connecticut's Medicaid Acquired Brain Injury (ABI) Waiver Program. My discovery unfolded as follows:

1. Submission of FOIA Requests:

- On **October 25, 2024**, I submitted a Freedom of Information Act (FOIA) request to the Connecticut Attorney General's Office seeking transparency into the Medicaid ABI Waiver Program.
- When the statutory deadlines for acknowledgment and response passed without action, I initiated follow-up communications on **October 31, November 2, and December 2, 2024**. These requests were ignored, indicating potential non-compliance with **5 U.S.C. § 552** and **Conn. Gen. Stat. § 1-210**.

2. Denial of ADA Accommodations:

- Along with my FOIA request, I explicitly requested reasonable accommodations under the **Americans with Disabilities Act (ADA)** due to my traumatic brain injury (TBI). These accommodations included simplified communication formats and accessible records.
- The failure to acknowledge or fulfill these accommodation requests alerted me to systemic non-compliance with **Title II of the ADA (42 U.S.C. § 12131)** and its implementing regulations (**28 C.F.R. § 35.130, § 35.160**).

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

3. **Repeated Exclusion from Public Processes:**

- My exclusion from public forums and discussions related to Medicaid oversight, despite being directly affected by the Medicaid ABI Waiver Program, further demonstrated systemic discrimination and suppression of my advocacy efforts.
- These barriers highlighted ongoing violations of my **First Amendment right to petition the government, Fifth Amendment due process rights, and Fourteenth Amendment equal protection rights.**

4. **Research into Broader Failures:**

- As I investigated the lack of response to my FOIA requests and ADA accommodations, I identified broader systemic issues within the Connecticut Attorney General's Office, the Department of Social Services (DSS), and the Commission on Human Rights and Opportunities (CHRO).
- This included evidence of widespread non-compliance with transparency laws, ADA requirements, and federal Medicaid regulations (**42 U.S.C. § 1396a**).

5. **Corroborating Evidence from Procedural Barriers:**

- The continued lack of transparency, repeated procedural barriers, and exclusionary practices pointed to systemic mismanagement and potential misuse of taxpayer funds.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

These failures were compounded by the refusal to disclose records critical to Medicaid oversight.

Conclusion

I discovered these actions through direct engagement as a whistleblower and advocate, uncovering systemic non-compliance with FOIA, ADA, and Medicaid regulations. My efforts to seek transparency and accountability revealed deliberate obstruction, exclusionary practices, and potential fraud or waste of federally allocated Medicaid funds.

What Additional Facts Support Your Allegation?

The following facts substantiate my allegations of systemic violations of FOIA, ADA, constitutional rights, Medicaid oversight requirements, and taxpayer protections:

1. FOIA Violations

- **Unanswered Requests:**

- I submitted a FOIA request on **October 25, 2024**, to the Connecticut Attorney General's Office, followed by additional communications on **October 31, November 2,** and **December 2, 2024**. None of these were acknowledged or processed, violating statutory deadlines under **5 U.S.C. § 552(a)(6)** and **Conn. Gen. Stat. § 1-210**.
- The complete lack of response demonstrates systemic non-compliance and obstruction of transparency.

- **Deliberate Obstruction:**

- The agencies' inaction suggests intentional efforts to suppress information related to the Medicaid ABI Waiver Program, hindering public oversight of federally funded programs.

2. ADA Violations

- **Ignored Accommodation Requests:**

- Along with my FOIA request, I explicitly requested reasonable accommodations under **Title II of the ADA (42 U.S.C. § 12131)** due to my traumatic brain injury (TBI).
These included simplified communication formats and accessible records.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- The agencies failed to provide accommodations, violating **28 C.F.R. § 35.130** and **§ 35.160**, which require public entities to ensure effective communication and prohibit discrimination based on disability.
- **Exclusion from Public Processes:**
 - I was systematically excluded from public forums and discussions related to Medicaid oversight, further marginalizing my voice as a whistleblower and disability advocate.
 - This exclusion violates the **Fourteenth Amendment’s Equal Protection Clause** and ADA protections.

3. Whistleblower Retaliation

- **Procedural Barriers:**
 - After raising concerns about systemic failures in Medicaid oversight, I encountered procedural barriers, including delayed responses, public ridicule, and outright exclusion.
 - These actions constitute retaliation, violating federal **whistleblower protections** aimed at safeguarding individuals who expose fraud, waste, or abuse in federally funded programs.

4. Gross Mismanagement of Federal Medicaid Funds

- **Lack of Transparency:**
 - Refusal to disclose records related to the Medicaid ABI Waiver Program raises concerns of fraud, waste, and abuse of taxpayer dollars.

- Transparency in Medicaid program administration is mandated under **42 U.S.C. § 1396a(a)(30)(A)**, and failure to provide oversight jeopardizes compliance with federal funding requirements.
- **Absence of Accountability Measures:**
 - Despite my FOIA requests, no records of audits, enforcement actions, or disciplinary measures against providers in the ABI Waiver Program have been disclosed.
 - This lack of accountability endangers the program’s integrity and the vulnerable populations it serves.

5. Documentary Evidence

- **FOIA Submission Records:**

4. How Did You Discover This Action?

I discovered the violations through my direct engagement as a whistleblower and advocate for transparency and accountability in Connecticut's Medicaid Acquired Brain Injury (ABI) Waiver Program.

Below is a detailed explanation of how I identified the systemic failures:

1. Submission of FOIA Requests

- **Date:** October 25, 2024
 - I submitted a FOIA request to the Connecticut Attorney General's Office, seeking records related to the Medicaid ABI Waiver Program to evaluate the program's oversight and compliance with federal regulations.
 - Despite statutory deadlines requiring acknowledgment within **four business days (Conn. Gen. Stat. § 1-210)** and response within **20 business days (5 U.S.C. § 552(a)(6)(A))**, no response or acknowledgment was received.

2. Repeated Follow-Ups and Continued Non-Response

- **Dates:** October 31, November 2, and December 2, 2024
 - I sent follow-up communications to the Attorney General's Office and the Connecticut Department of Social Services (DSS), highlighting the lack of acknowledgment and requesting updates.
 - Each follow-up was ignored, which revealed systemic procedural failures and deliberate non-compliance with transparency obligations.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

3. Denial of ADA Accommodations

- Along with my FOIA requests, I explicitly requested **reasonable ADA accommodations** due to my traumatic brain injury (TBI), including:
 - Simplified communication formats.
 - Accessible records compatible with assistive technologies.
- The agencies' failure to acknowledge or address these requests revealed **violations of Title II of the ADA (42 U.S.C. § 12131) and 28 C.F.R. § 35.130 and § 35.160**, further excluding me from public processes.

4. Exclusion from Public Processes

- My exclusion from public forums and discussions related to Medicaid program oversight—despite being a direct stakeholder—underscored systemic barriers and discriminatory practices.
- This exclusion revealed constitutional violations, including:
 - **First Amendment (right to petition):** Suppression of my advocacy efforts.
 - **Fifth Amendment (due process):** Denial of access to legally mandated processes and information.
 - **Fourteenth Amendment (equal protection):** Discrimination based on my disability, preventing equitable participation.

5. Broader Investigation and Analysis

- As I analyzed the lack of response, I uncovered broader systemic issues, including:
 - **Lack of Transparency:** No publicly available records or disclosures related to Medicaid ABI Waiver Program audits, provider complaints, or enforcement actions.
 - **Potential Mismanagement:** The absence of accountability measures raised concerns about fraud, waste, and abuse of taxpayer-funded Medicaid resources, violating **42 U.S.C. § 1396a**.

6. Corroborating Evidence from Procedural Barriers

- Procedural barriers, such as non-responsiveness, exclusionary practices, and delays, confirmed deliberate obstruction and systemic failures across the Attorney General's Office, DSS, and other agencies.
- These actions directly impeded my ability to advocate as a whistleblower and obtain transparency into federally funded programs.

Conclusion

I discovered these actions through my direct engagement with the FOIA process, my ADA accommodation requests, and my broader advocacy efforts. These experiences revealed systemic non-compliance with federal and state transparency laws, ADA mandates, and constitutional protections, necessitating immediate federal intervention.

5. What Additional Facts Support Your Allegation?

Here is a comprehensive response with specific supporting facts tied to the allegations of systemic violations of FOIA, ADA, Medicaid regulations, constitutional rights, and taxpayer protections:

1. FOIA Non-Compliance

- **Unanswered FOIA Requests:**
 - I submitted a FOIA request on **October 25, 2024**, to the Connecticut Attorney General's Office, with follow-ups on **October 31, November 2, and December 2, 2024**. None of these communications were acknowledged or answered, violating statutory requirements under **5 U.S.C. § 552 (FOIA)** and **Conn. Gen. Stat. § 1-210**.
 - This deliberate inaction reflects a systemic failure to uphold transparency and accountability in Medicaid program oversight.
- **Pattern of Obstruction:**
 - The lack of acknowledgment, communication, or documentation in response to lawful FOIA requests demonstrates intentional suppression of public information about the Medicaid ABI Waiver Program.

2. ADA Violations

- **Ignored ADA Accommodation Requests:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Along with my FOIA request, I explicitly requested ADA accommodations due to my traumatic brain injury (TBI). These included simplified communication formats and accessible records.
- The refusal to address these accommodation requests constitutes a violation of **Title II of the ADA (42 U.S.C. § 12131)** and its implementing regulations (**28 C.F.R. § 35.130, § 35.160**), further excluding me from participating in government processes.
- **Exclusionary Practices:**
 - My exclusion from public forums and discussions related to Medicaid oversight underscores systemic discrimination and deliberate marginalization of individuals with disabilities, violating the **Fourteenth Amendment Equal Protection Clause**.

3. Constitutional Violations

- **First Amendment Violations:**
 - By obstructing FOIA requests and suppressing my ability to advocate as a whistleblower, the Connecticut Attorney General's Office and DSS infringed upon my **First Amendment right** to petition the government for redress of grievances.
- **Fifth Amendment Violations:**
 - The refusal to provide access to legally mandated public records and processes denied my **due process rights**, as guaranteed by the Fifth Amendment.
- **Fourteenth Amendment Violations:**

- The systemic exclusion of individuals with disabilities from public processes constitutes discrimination, violating my **Fourteenth Amendment right** to equal protection under the law.

4. Whistleblower Retaliation

- **Suppression of Advocacy:**
 - Procedural barriers, non-responsiveness, and public exclusion demonstrate retaliation against my efforts to expose systemic failures in Medicaid oversight.
 - These actions violate federal whistleblower protection laws designed to protect individuals advocating for transparency and accountability in federally funded programs.

5. Medicaid Oversight Failures

- **Lack of Transparency:**
 - No publicly available records or audits exist detailing the Medicaid ABI Waiver Program's administration, provider oversight, or enforcement actions.
 - This absence of accountability raises concerns about compliance with federal Medicaid regulations (**42 U.S.C. § 1396a**) and the potential for fraud, waste, and abuse of taxpayer-funded resources.
- **Program Mismanagement:**

- The refusal to disclose records essential for evaluating Medicaid program oversight indicates systemic mismanagement and jeopardizes the integrity of services for vulnerable populations, including individuals with acquired brain injuries.

6. Corroborating Evidence

- **FOIA Submission Records:**

- Documented FOIA requests and follow-ups provide evidence of agency non-compliance with federal and state transparency laws.

- **ADA Accommodation Requests:**

- Written and verbal requests for reasonable accommodations substantiate violations of ADA mandates.

- **Correspondence:**

- Communication logs with DSS, CHRO, and the Attorney General's Office demonstrate repeated procedural barriers, delays, and exclusionary practices.

- **Lack of Accountability Measures:**

- The absence of audits, disciplinary actions, or provider accountability reports within the Medicaid ABI Waiver Program supports allegations of systemic neglect and non-compliance.

7. Broader Implications

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Harm to Vulnerable Populations:**

- The systemic denial of transparency and ADA accommodations harms individuals reliant on Medicaid services, exacerbating inequality and discrimination.

- **Erosion of Public Trust:**

- The refusal to comply with transparency laws and oversight obligations undermines public confidence in state and federally funded programs.

- **Taxpayer Impact:**

- Mismanagement of federally allocated Medicaid funds risks fraud, waste, and abuse, violating public trust and federal funding requirements.

Conclusion

These additional facts provide clear and compelling evidence of systemic violations of FOIA, ADA, Medicaid oversight requirements, and constitutional rights. Immediate federal investigation is necessary to address these failures and restore accountability, transparency, and compliance.

4. How Did You Discover This Action?

I discovered these violations through direct engagement with the Freedom of Information Act (FOIA) process, my role as a whistleblower advocating for transparency in the Medicaid Acquired Brain Injury (ABI) Waiver Program, and repeated attempts to secure reasonable ADA accommodations. Below is a detailed account of how I uncovered these systemic issues:

1. Submission of FOIA Requests

- **Date:** October 25, 2024
 - I submitted a FOIA request to the Connecticut Attorney General's Office, seeking records related to the Medicaid ABI Waiver Program. This request was intended to ensure transparency and accountability in a federally funded program.
 - The agency's failure to meet statutory deadlines for acknowledgment and response alerted me to a potential systemic issue with transparency and FOIA compliance.

2. Follow-Up Communications

- **Dates:** October 31, November 2, and December 2, 2024
 - I sent follow-up communications to both the Attorney General's Office and the Department of Social Services (DSS), highlighting their failure to acknowledge or respond to my request.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- The consistent lack of response, combined with procedural delays, suggested deliberate non-compliance with transparency laws, violating **5 U.S.C. § 552** and **Conn. Gen. Stat. § 1-210**.

3. Denial of ADA Accommodations

- I included requests for **reasonable ADA accommodations**, such as simplified communication formats and accessible records, due to my traumatic brain injury (TBI).
- The agencies ignored these requests, which revealed systemic non-compliance with **Title II of the ADA (42 U.S.C. § 12131)** and its implementing regulations (**28 C.F.R. § 35.130, § 35.160**).
- The denial of accommodations further excluded me from participating in oversight processes, underscoring a pattern of discrimination and systemic barriers.

4. Exclusion from Public Processes

- Despite being a direct stakeholder in the Medicaid ABI Waiver Program, I was excluded from public forums and decision-making processes critical to Medicaid program oversight.
- This exclusion revealed violations of my:
 - **First Amendment right to petition** the government.
 - **Fifth Amendment due process rights**, as I was denied access to legally mandated processes.
 - **Fourteenth Amendment right to equal protection**, as a person with disabilities.

5. Broader Investigations and Findings

- As I sought to understand the lack of response to my FOIA requests and ADA accommodations, I uncovered broader systemic issues, including:
 - **Lack of Transparency:** No publicly available records on Medicaid program oversight, provider accountability, or program audits.
 - **Potential Mismanagement:** Absence of disclosures about enforcement actions against providers or corrective measures raises concerns about fraud, waste, and abuse of taxpayer-funded resources.

6. Corroborating Evidence

- **FOIA Submission Records:** Copies of my FOIA request and follow-up communications provide evidence of agency non-compliance.
- **ADA Accommodation Requests:** Documented requests for accommodations demonstrate the agencies' failure to comply with ADA mandates.
- **Procedural Barriers:** Exclusionary practices and delays confirm systemic efforts to suppress transparency and advocacy.

Conclusion

I discovered these violations through my direct interactions with the FOIA process, repeated denials of ADA accommodations, and exclusion from public forums. These experiences revealed systemic non-

compliance with transparency laws, ADA requirements, and constitutional protections, necessitating immediate federal intervention.

5. What Additional Facts Support Your Allegation?

The following facts substantiate the systemic violations of FOIA, ADA, Medicaid regulations, constitutional rights, and taxpayer protections. These facts highlight a pattern of non-compliance, gross waste of funds, and deliberate exclusion of individuals with disabilities from public processes.

1. FOIA Non-Compliance

- **Ignored FOIA Requests:**
 - My initial FOIA request, submitted on **October 25, 2024**, and follow-ups on **October 31, November 2, and December 2, 2024**, were ignored by the Connecticut Attorney General's Office and the Department of Social Services (DSS).
 - Both agencies violated statutory deadlines under **5 U.S.C. § 552** (FOIA) and **Conn. Gen. Stat. § 1-210**, failing to acknowledge or respond to legally submitted requests.
- **Pattern of Obstruction:**
 - The refusal to disclose public records related to the Medicaid Acquired Brain Injury (ABI) Waiver Program reveals systemic suppression of transparency, violating federal and state laws designed to ensure public accountability.

2. ADA Violations

- **Denied Accommodation Requests:**
 - Along with my FOIA request, I submitted explicit requests for reasonable accommodations due to my traumatic brain injury (TBI). These included simplified

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

communication formats and accessible records, as mandated under **Title II of the ADA (42 U.S.C. § 12131)**.

- The agencies failed to provide these accommodations, violating **28 C.F.R. § 35.130 and § 35.160**, which require public entities to ensure effective communication and equitable access.
- **Exclusionary Practices:**
 - By ignoring ADA accommodation requests, DSS and the Attorney General's Office excluded me from participating in Medicaid program oversight processes.
 - This exclusion violates the **Fourteenth Amendment's Equal Protection Clause** and perpetuates systemic discrimination against individuals with disabilities.

3. Constitutional Violations

- **First Amendment (Right to Petition):**
 - FOIA non-compliance obstructed my ability to petition the government for redress of grievances, violating my constitutional right to advocate for transparency and accountability.
- **Fifth Amendment (Due Process):**
 - The agencies' refusal to provide public records and accommodations denied me access to public processes mandated by law, violating my procedural due process rights.
- **Fourteenth Amendment (Equal Protection):**

- Systemic exclusion from public forums and decision-making processes due to my disability constitutes discrimination, violating my equal protection rights under the law.

4. Medicaid Oversight Failures

- **Lack of Transparency:**

- No publicly available records or audits exist detailing the Medicaid ABI Waiver Program's administration, provider accountability, or enforcement actions.
- This absence of oversight violates **42 U.S.C. § 1396a**, which requires Medicaid programs to operate transparently and effectively.

- **Potential Mismanagement:**

- The lack of disclosure regarding complaints, violations, or corrective actions against Medicaid providers raises concerns about fraud, waste, and abuse of taxpayer-funded resources.

5. Whistleblower Retaliation

- **Procedural Barriers:**

- The agencies imposed procedural barriers, such as non-responsiveness and exclusion from public processes, to suppress my efforts as a whistleblower.
- These actions constitute retaliation against protected advocacy, violating federal whistleblower protection laws.

6. Corroborating Evidence

- **FOIA Submission Records:**

- Copies of my FOIA request (October 25, 2024) and follow-ups (October 31, November 2, and December 2, 2024) demonstrate a clear pattern of agency non-compliance.

- **ADA Accommodation Requests:**

- Documented requests for reasonable accommodations highlight systemic failures to provide equitable access and effective communication.

- **Communication Logs:**

- Email and written correspondence with DSS and the Attorney General's Office confirm repeated procedural barriers and lack of responsiveness.

- **Program Oversight Deficiencies:**

- The absence of provider audits, enforcement actions, or corrective measures within the Medicaid ABI Waiver Program underscores systemic neglect.

7. Broader Implications

- **Harm to Vulnerable Populations:**

- The lack of transparency and accountability jeopardizes the quality of care for Medicaid beneficiaries, particularly individuals with acquired brain injuries.

- **Gross Waste of Funds:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Systemic failures to oversee Medicaid programs risk fraud, waste, and abuse of taxpayer-funded resources, undermining public trust.
- **Public Trust Erosion:**
 - Continued non-compliance with federal and state laws damages confidence in the government's ability to operate programs equitably and effectively.

Conclusion

These additional facts substantiate systemic violations of FOIA, ADA, Medicaid regulations, and constitutional protections. They demonstrate a deliberate pattern of non-compliance and exclusion, necessitating immediate federal intervention to restore transparency, accountability, and equitable program administration.

4. How Did You Discover This Action?

I discovered these violations through direct engagement with the Freedom of Information Act (FOIA) process, my role as a whistleblower advocating for transparency in the Medicaid Acquired Brain Injury (ABI) Waiver Program, and repeated attempts to secure reasonable ADA accommodations. Below is a detailed explanation of how I uncovered these systemic failures:

1. Submission of FOIA Requests

- **Date:** October 25, 2024
 - I submitted a FOIA request to the Connecticut Attorney General's Office, seeking records related to the Medicaid ABI Waiver Program to evaluate its oversight and compliance with federal regulations.
 - The agency failed to acknowledge the request within the statutory **four-business-day deadline** under **Conn. Gen. Stat. § 1-210**, which was my first indication of potential systemic transparency issues.

2. Follow-Up Communications

- **Dates:** October 31, November 2, and December 2, 2024
 - After receiving no acknowledgment, I sent follow-up communications to both the Attorney General's Office and the Department of Social Services (DSS).

- The consistent lack of response and failure to meet statutory deadlines under **5 U.S.C. § 552** (FOIA) revealed procedural barriers and deliberate non-compliance with transparency laws.

3. Denial of ADA Accommodations

- Along with my FOIA request, I submitted **explicit ADA accommodation requests** due to my traumatic brain injury (TBI), including simplified communication formats and accessible records.
- The agencies' failure to address or fulfill these accommodations exposed systemic non-compliance with **Title II of the ADA (42 U.S.C. § 12131)** and **28 C.F.R. § 35.130 and § 35.160**.
- This denial of accommodations excluded me from participating in public processes and advocacy efforts, further confirming institutional barriers and discriminatory practices.

4. Exclusion from Public Processes

- Despite being a direct stakeholder in the Medicaid ABI Waiver Program, I was excluded from public forums and decision-making processes critical to Medicaid oversight.
- This exclusion revealed violations of my:
 - **First Amendment right** to petition the government for redress.
 - **Fifth Amendment due process rights**, as I was denied access to legally mandated processes.
 - **Fourteenth Amendment right to equal protection**, as a person with disabilities.

5. Broader Investigation and Findings

- As I sought to understand the lack of response and accommodations, I uncovered broader systemic issues, including:
 - **Lack of Transparency:** No publicly available records on Medicaid program oversight, provider accountability, or program audits.
 - **Potential Mismanagement:** The absence of disclosures about enforcement actions against providers or corrective measures raised concerns about fraud, waste, and abuse of taxpayer-funded resources.

6. Corroborating Evidence

- **FOIA Submission Records:** Copies of my FOIA request and follow-up communications provide evidence of non-compliance.
- **ADA Accommodation Requests:** Documented requests for accommodations highlight systemic failures to provide equitable access and effective communication.
- **Communication Logs:** Correspondence with DSS and the Attorney General's Office confirms procedural barriers and systemic non-responsiveness.

Conclusion

I discovered these actions through my direct engagement with the FOIA process, repeated denials of ADA accommodations, and exclusion from public processes. These experiences exposed systemic non-

 - DSS and the Attorney General's Office ignored FOIA requests and procedural requirements, bypassing due process obligations.
- **Constitutional Violation:**
 - These actions also violate the Fourteenth Amendment's **Due Process Clause**, which requires fairness in government actions impacting individuals' rights.

Specific Violations Linked to Danger to Public Safety

1. Denial of Transparency (First and Fifth Amendments):

- FOIA violations obstruct public accountability, preventing timely identification of safety risks in Medicaid programs, which jeopardizes beneficiaries' lives and well-being.

2. Exclusion of Stakeholders (Fourteenth Amendment):

- The exclusion of individuals with disabilities from public processes weakens program accountability and oversight, increasing risks of harm to vulnerable populations.

3. Suppression of Advocacy (First Amendment):

- Retaliatory procedural barriers discourage whistleblower advocacy, allowing dangerous conditions to persist within Medicaid programs.

4. Failure to Provide Due Process (Fifth and Fourteenth Amendments):

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Denying access to records and accommodations prevents individuals from engaging in legally mandated oversight, violating due process and endangering public safety.

Contributing Actions by Key Individuals

Andrea Barton Reeves (Commissioner, DSS):

- Ignored FOIA requests, violating the First and Fifth Amendments.
- Failed to provide ADA accommodations, violating the Fourteenth Amendment's Equal Protection Clause.

Governor Ned Lamont:

- As the state's chief executive, failed to intervene in systemic failures, allowing violations of constitutional rights to persist unchecked.

Systemic Impact of Constitutional Violations

1. Public Health Risk:

- Denying transparency and excluding stakeholders from oversight processes jeopardizes the safety and well-being of Medicaid beneficiaries.

2. Erosion of Public Trust:

- Violations of constitutional rights and lack of government accountability undermine public confidence in Medicaid programs and taxpayer-funded initiatives.

3. Increased Risks for Vulnerable Populations:

- Discrimination and lack of oversight disproportionately harm individuals with acquired brain injuries and disabilities, leaving them vulnerable to neglect, mistreatment, or harm.

Conclusion

The actions of key individuals and agencies violate the **First, Fifth, and Fourteenth Amendments** of the U.S. Constitution. These constitutional infractions directly contribute to systemic risks that endanger

public safety and necessitate immediate federal intervention to uphold the rule of law and protect vulnerable populations.

3. When Did This Occur?

The violations began on **October 25, 2024**, with the submission of my initial FOIA request to the Connecticut Attorney General's Office, and continue to this day. Below is a detailed timeline of events, demonstrating systemic and ongoing failures.

Timeline of Events

1. **October 25, 2024:**

- I submitted a FOIA request to the Connecticut Attorney General's Office, seeking records related to the Medicaid Acquired Brain Injury (ABI) Waiver Program.
- This request explicitly included ADA accommodation requests for simplified communication formats and accessible records, as required under **Title II of the ADA (42 U.S.C. § 12131)**.
- The Attorney General's Office and the Department of Social Services (DSS) failed to acknowledge this request within the statutory **four-business-day deadline** required under **Conn. Gen. Stat. § 1-210**, initiating the first violation.

2. **October 31, 2024:**

- I sent a follow-up communication to the Attorney General's Office and DSS, requesting acknowledgment of my FOIA submission and compliance with ADA requirements.
- Neither agency responded, violating federal FOIA response deadlines under **5 U.S.C. § 552(a)(6)(A)**.

DB.42.131.Inf. DOGE

3. November 2, 2024:

- I submitted a second follow-up communication reiterating the urgency of my requests for transparency and ADA compliance.
- Both agencies ignored this communication, compounding FOIA and ADA violations and demonstrating systemic neglect.

4. December 2, 2024:

- I submitted a final follow-up communication highlighting the broader implications of these failures, including violations of federal Medicaid regulations (**42 U.S.C. § 1396a**) and constitutional rights.
- Neither agency provided any acknowledgment or response, confirming deliberate non-compliance and ongoing violations.

5. Ongoing and Continuous Violations:

- As of today, the Attorney General's Office, DSS, and other related entities continue to:
 - Refuse to respond to my FOIA requests or provide ADA accommodations.
 - Exclude me from public forums and discussions critical to Medicaid program oversight.

- Agencies failed to meet acknowledgment and response deadlines under **5 U.S.C. § 552(a)(6)(A)** and **Conn. Gen. Stat. § 1-210**.

2. ADA Violations:

- Ignored requests for accommodations, excluding me from participation and access, violating **42 U.S.C. § 12131** and **28 C.F.R. § 35.130** and **§ 35.160**.

3. Constitutional Violations:

- These ongoing failures infringe on my:
 - **First Amendment right** to petition the government for redress of grievances.
 - **Fifth Amendment due process rights**, as agencies denied access to mandated processes and records.
 - **Fourteenth Amendment equal protection rights**, as a person with disabilities.

4. Medicaid Oversight Failures:

- Lack of transparency and accountability violates federal Medicaid regulations (**42 U.S.C. § 1396a**) and jeopardizes the integrity of taxpayer-funded programs.

4. How Did You Discover This Action?

I discovered these violations through direct engagement with the Freedom of Information Act (FOIA) process, my role as a whistleblower advocating for transparency in the Medicaid Acquired Brain Injury (ABI) Waiver Program, and repeated attempts to secure reasonable ADA accommodations. Below is a detailed explanation of how I uncovered these systemic failures:

1. Submission of FOIA Requests

- **Date:** October 25, 2024
 - I submitted a FOIA request to the Connecticut Attorney General's Office, seeking records related to the Medicaid ABI Waiver Program to evaluate its oversight, compliance with federal Medicaid regulations, and effectiveness in serving vulnerable populations.
 - The lack of acknowledgment or response to this request, required under **Conn. Gen. Stat. § 1-210** and **5 U.S.C. § 552(a)(6)(A)**, indicated potential transparency failures and non-compliance with statutory obligations.

2. Follow-Up Communications

- **Dates:** October 31, November 2, and December 2, 2024
 - After receiving no acknowledgment, I sent multiple follow-up communications to both the Attorney General's Office and the Department of Social Services (DSS).
 - The continued lack of response revealed systemic procedural failures and deliberate suppression of transparency, as required under state and federal FOIA laws.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

3. Denial of ADA Accommodations

- Along with my FOIA request, I submitted **explicit ADA accommodation requests** due to my traumatic brain injury (TBI). These accommodations included:
 - Simplified communication formats.
 - Accessible records compatible with assistive technologies.
- The agencies' failure to fulfill these reasonable accommodation requests demonstrated non-compliance with **Title II of the ADA (42 U.S.C. § 12131)** and its implementing regulations (**28 C.F.R. § 35.130 and § 35.160**).
- This exclusion from participating in critical oversight processes further revealed systemic discrimination and procedural barriers.

4. Exclusion from Public Processes

- Despite being a direct stakeholder in the Medicaid ABI Waiver Program, I was excluded from public forums, discussions, and decision-making processes critical to Medicaid program oversight.
- This exclusion revealed violations of my:
 - **First Amendment right** to petition the government for redress of grievances.
 - **Fifth Amendment due process rights**, as I was denied access to legally mandated processes.

- **Fourteenth Amendment right to equal protection**, as a person with disabilities.

5. Broader Investigation and Findings

- Through my advocacy efforts, I uncovered broader systemic issues, including:
 - **Lack of Transparency:** No publicly available records, audits, or enforcement actions exist detailing the Medicaid ABI Waiver Program's operations or accountability mechanisms.
 - **Potential Mismanagement:** Absence of records about complaints, violations, or corrective actions raises concerns about fraud, waste, and abuse of taxpayer-funded Medicaid resources.
 - **Barriers to Accountability:** Systemic delays and exclusionary practices obstruct meaningful oversight and advocacy efforts.

6. Corroborating Evidence

- **FOIA Submission Records:**
 - Copies of my FOIA request (October 25, 2024) and follow-ups (October 31, November 2, and December 2, 2024) provide evidence of agency non-compliance.
- **ADA Accommodation Requests:**
 - Documented requests for accommodations highlight the agencies' failure to comply with ADA mandates and ensure equitable participation.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Communication Logs:**

- Correspondence with DSS and the Attorney General's Office confirms procedural barriers, delays, and systemic non-responsiveness.

- **Lack of Accountability Measures:**

- The absence of publicly disclosed records on Medicaid program oversight supports allegations of systemic neglect and potential mismanagement.

Conclusion

I discovered these systemic failures through my direct involvement with the FOIA process, repeated denials of ADA accommodations, and exclusion from critical Medicaid oversight processes. These experiences revealed widespread violations of transparency laws, ADA requirements, and constitutional protections, necessitating immediate federal intervention.

What Action Would I Like OSC to Take?

"Federal Representation for Justice: Addressing Systemic Violations of Constitutional Rights, ADA Protections, and Whistleblower Safeguards to Ensure Transparency and Accountability"

Complaint and Demand for Justice: Systemic Violations of Constitutional Rights, ADA Compliance, Whistleblower Protections, and State Transparency Obligations

What's Specifically Happening

1. State Agencies Are Failing in Their Duties

- **CHRO (Commission on Human Rights and Opportunities):**

CHRO is responsible for investigating discrimination complaints, including ADA violations. David submitted a notarized complaint detailing ADA violation by DSS, yet CHRO refuses to assign a case number or take meaningful action. This failure obstructs justice, denies David's right to due process, and allows systemic discrimination to persist unchecked.

- **Connecticut DSS (Department of Social Services):**

DSS officials have publicly ridiculed David, excluded him from discussions, and obstructed his access to information critical for accountability. DSS has also failed

to provide the ADA accommodations David needs to engage meaningfully in its processes.

- **Attorney General's Office:**

Despite receiving evidence of systemic failures and misconduct, the Attorney General's Office has ignored David's calls for intervention, effectively enabling DSS and CHRO's inaction.

2. Federal Agencies Are Neglecting Oversight Responsibilities

- **DOJ (Department of Justice):**

David escalated his complaints to the DOJ, highlighting ADA violations, FOIA non-compliance, and whistleblower retaliation. Despite unmistakable evidence, DOJ has taken no substantive action to protect David's rights or hold Connecticut accountable.

- **HHS OCR (Office for Civil Rights):**

As the federal agency responsible for enforcing ADA compliance in healthcare settings, HHS OCR has failed to address the systemic failures within Connecticut's Medicaid program, leaving vulnerable populations without recourse.

3. Exploitation of Disability

- Agencies are exploiting David's brain injury and related cognitive challenges, such as memory difficulties, by creating procedural barriers and refusing to

provide accommodations. This deliberate exclusion compounds his inability to navigate the system and enforce his rights effectively.

4. Retaliation for Whistleblowing

- David's efforts to expose Medicaid mismanagement and corruption have made him a target of systemic retaliation. Rather than address the issues he has raised, state and federal entities are obstructing his advocacy, denying him access to justice, and suppressing his whistleblower protections.

The Broader Implications

1. Erosion of Public Trust

- Connecticut's refusal to investigate or address its own systemic failures undermines public confidence in state agencies and their commitment to justice and transparency.

2. Mismanagement of Taxpayer Funds

- The misuse or mismanagement of Medicaid funds harms taxpayers and jeopardizes the financial stability of federal healthcare programs.

3. Endangerment of Vulnerable Populations

- By neglecting ADA compliance and suppressing whistleblowers, these agencies fail to protect individuals who depend on Medicaid and disability rights protections, perpetuating harm to vulnerable communities.

DB.42.131.Inf. DOGE

The violations of **ADA**, **civil**, and **constitutional rights** against David Medeiros stem from systemic corruption, deliberate inaction, and institutional self-preservation. Connecticut's state agencies and federal oversight bodies are fully aware of David's **brain injury**, which adds an egregious dimension to their failure to act. Below is a detailed analysis of the root causes and their implications.

1. Shielding Mismanagement

A Culture of Secrecy to Avoid Accountability

Connecticut's agencies operate within an environment of financial strain and heavy dependence on **Medicaid funding**. The exposure of systemic mismanagement would not only jeopardize federal funding but also trigger public scrutiny, damaging political stability and institutional reputations. These motivations drive a deliberate effort to suppress transparency and accountability.

Key Points:

- **Avoiding Scrutiny:** Connecticut officials prioritize obscuring inefficiencies and potential financial mismanagement rather than addressing whistleblower concerns.
- **Fiscal Vulnerability:** The state's precarious financial position fuels an incentive to suppress whistleblowers and deny transparency to prevent federal audits or public fallout.
- **Retaliatory Measures:** Agencies such as DSS retaliate against whistleblowers like David Medeiros to deter future accountability efforts, reinforcing a culture of impunity.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

2. Lack of Federal Enforcement

Deferred Oversight Creates a Vacuum of Accountability

Federal agencies like the **Department of Justice (DOJ)** and **Office for Civil Rights (OCR)** within the **Department of Health and Human Services (HHS)** are tasked with enforcing ADA compliance and whistleblower protections. However, these agencies frequently defer to state jurisdictions, allowing violations to persist unchecked.

Key Points:

- **Vacuum of Accountability:** Federal inaction emboldens state agencies like DSS and CHRO, which exploit procedural loopholes to evade oversight.
- **Under prioritization of Disability Complaints:** ADA violations and whistleblower complaints, especially from individuals with disabilities, are often deprioritized due to bureaucratic inefficiency or limited resources.
- **Implicit Endorsement of State Inaction:** The lack of federal enforcement signals that state agencies can act with impunity, undermining the very purpose of federal protections.

3. Systemic Corruption

Institutional Self-Preservation Over Justice

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

The refusal to act on credible complaints and the systemic obstruction faced by David Medeiros are indicative of deeper corruption. Agencies prioritize shielding themselves and their leadership over upholding public trust or addressing misconduct.

Key Points:

- **Corruption-Fueled Retaliation:** DSS and CHRO are complicit in protecting officials engaged in discriminatory or retaliatory practices by refusing to investigate or acknowledge complaints.
- **Erosion of Public Trust:** The failure to address David's complaints undermines confidence in government accountability, fostering public disenfranchisement.
- **Misaligned Priorities:** Agencies prioritize maintaining their power structures over ensuring justice, enabling discrimination and retaliatory practices to persist.

Exploitation of David Medeiros' Brain Injury

The deliberate disregard for David's documented **cognitive challenges** is not just an act of negligence; it represents a **weaponization of his disability** to suppress his advocacy and deny him justice.

4. Deliberate Procedural Barriers

Agencies such as DSS and CHRO have systematically refused to provide ADA-mandated accommodations, including simplified processes, email-only correspondence, and accessible

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

formats. These failures exacerbate David's difficulties as a **traumatic brain injury (TBI)** survivor.

Specific Examples:

- **Procedural Delays:** Refusal to simplify communication has created insurmountable delays and confusion, making it nearly impossible for David to pursue justice effectively.
- **Weaponized Complexity:** Agencies have used procedural obstacles to exhaust David's resources, undermine his advocacy, and delay action indefinitely.
- **Institutional Knowledge of Disability:** Officials are aware of David's cognitive challenges yet exploit them to silence his voice and obstruct his efforts to hold the system accountable.

5. Retaliation and Exclusion

David Medeiros' whistleblowing activities have made him a target for systemic retaliation. DSS officials and other state actors have exploited his disability to undermine his credibility and suppress his advocacy.

Key Retaliatory Actions:

- **Public Ridicule:** DSS officials publicly ridiculed David during ABI Waiver forums, excluding him from critical discussions and decision-making processes.

- **Whistleblower Retaliation:** David’s whistleblowing on Medicaid mismanagement has been met with systematic obstruction, inaction, and exclusion, violating federal whistleblower protections.
- **Suppression of Advocacy:** By denying David a platform, these agencies have silenced his advocacy, depriving vulnerable populations of a powerful voice.

The Broader Implications

The systemic failures and deliberate exploitation of David Medeiros’ disability have far-reaching consequences that extend beyond his individual case.

1. Erosion of Public Trust

- Connecticut’s refusal to investigate or address its own systemic failures undermines public confidence in government accountability.
- Federal inaction further erodes trust, signaling that the government is unwilling to protect constitutional rights or enforce transparency.

2. Endangerment of Vulnerable Populations

- By disregarding ADA compliance and whistleblower protections, these agencies fail to uphold the rights of individuals who depend on Medicaid and disability accommodations.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- This systemic neglect perpetuates harm to already marginalized communities, leaving them without recourse or protection.

3. Mismanagement of Public Funds

- The misuse or mismanagement of Medicaid funds, coupled with a lack of transparency, raises significant concerns about financial accountability.
- Taxpayer dollars intended to support vulnerable populations are instead diverted or wasted, further exacerbating systemic inequality.

Conclusion: A Call for Justice

David Medeiros is not only a victim of systemic retaliation but also a symbol of the broader failures within Connecticut's state agencies and federal oversight bodies. The deliberate exploitation of his disability and suppression of his advocacy represents a fundamental violation of **constitutional rights, ADA protections, and public trust.**

These coordinated failures demand immediate and decisive federal intervention to restore justice, enforce accountability, and ensure systemic reform.

The Crux of the Matter

DB.42.131.Inf. DOGE

David Medeiros is trapped in a system designed to suppress whistleblowers, marginalize individuals with disabilities, and shield governmental misconduct. Each agency involved is either actively retaliating against him or passively allowing injustices to continue, leaving him without meaningful recourse.

This pattern of neglect and retaliation is not just a personal injustice—it represents a systemic failure that threatens the rights of all vulnerable populations.

deliberate and coordinated actions to suppress transparency, deny lawful accommodations, and retaliate against his efforts to expose Medicaid mismanagement and advocate for individuals with disabilities.

Despite notifying federal agencies, including the DOJ and HHS OCR, of these violations, no meaningful action has been taken. This complaint seeks enforcement of all applicable federal and state laws, systemic reform, and relief for the harms caused to David Medeiros and the broader population affected by these failures.

This complaint is rooted in foundational legal principles, federal statutes, and state laws designed to protect constitutional rights, ensure equity, and uphold accountability in public services.

A. Constitutional Provisions

1. **First Amendment:** Protects the right to petition the government for redress of grievances. CHRO's refusal to assign a case number and the Connecticut Attorney General's inaction constitute suppression of this fundamental right.
2. **Fifth Amendment:** Guarantees due process protections, violated by the state's failure to provide substantive responses or avenues for redress.
3. **Fourteenth Amendment:** Ensures equal protection under the law, which has been denied to David Medeiros as a person with a disability and whistleblower.

4. Systemic Violations of Law

A. Constitutional Violations

1. First Amendment

- **Violation:** The Connecticut Commission on Human Rights and Opportunities (CHRO), the Connecticut Attorney General's Office, and DSS have systematically suppressed David Medeiros' right to petition for redress of grievances. CHRO's refusal to assign a case number to his notarized complaint constitutes an outright denial of access to due process mechanisms.
- **Supporting Precedent:**

- *Borough of Duryea v. Guarnieri (2011)*: Affirmed the right of individuals to petition the government for redress, reinforcing that denial of this right constitutes a constitutional violation.
- **Actions Involved:**
 - Delays and procedural barriers to processing the complaint.
 - Obstructive silence from CHRO, DSS, and the Attorney General's office.

2. Fifth Amendment

- **Violation:** Connecticut agencies' refusal to engage with David's complaints, issue case numbers, or provide updates denies him the procedural due process guaranteed under the Fifth Amendment.
- **Supporting Precedent:**
 - *Mathews v. Eldridge (1976)*: Established procedural due process requirements for fair and meaningful engagement with citizens.
- **Actions Involved:**
 - Arbitrary and capricious denial of access to legal and investigative procedures by CHRO.
 - DSS's retaliation and lack of transparency regarding Medicaid programs.

3. Fourteenth Amendment

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Violation:** Connecticut agencies have disproportionately harmed David Medeiros, a person with disabilities and a whistleblower, through discriminatory practices and the denial of equal protection under the law.
- **Supporting Precedent:**
 - *Obergefell v. Hodges (2015)*: Reinforced the Fourteenth Amendment's equal protection guarantees, particularly for marginalized groups.
 - *Tennessee v. Lane (2004)*: Established the right of individuals with disabilities to access public services without discrimination.

B. Americans with Disabilities Act (ADA) Violations

1. Denial of Reasonable Accommodations

- **Violation:** Connecticut agencies failed to provide ADA-compliant accommodations, such as accessible communication formats (e.g., email-only correspondence) and assistance with navigating complex procedural barriers.
- **Supporting Precedent:**
 - *Tennessee v. Lane (2004)*: Highlighted the obligation of public entities to accommodate individuals with disabilities in their access to government services.
 - *Alexander v. Choate (1985)*: Prohibited discriminatory practices that deny individuals meaningful access to public services.

2. Retaliation Against Disability Advocacy

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Violation:** DSS and CHRO retaliated against David Medeiros by excluding him from forums, ridiculing him publicly, and ignoring his requests for case numbers, all while knowing his disability-related challenges.
- **Supporting Precedent:**
 - *Olmstead v. L.C. (1999)*: Confirmed the ADA's mandate against unnecessary exclusion and segregation of individuals with disabilities.

C. Rehabilitation Act (Section 504) Violations

- **Violation:** DSS and CHRO, as recipients of federal funding, failed to meet Section 504's requirements to provide accessible services and accommodations to individuals with disabilities.
- **Supporting Precedent:**
 - *Barnes v. Gorman (2002)*: Enforced financial accountability for entities violating Section 504.

D. Whistleblower Protection Violations

1. Retaliation for Reporting Medicaid Mismanagement

- **Violation:** David Medeiros faced retaliation for exposing systemic Medicaid mismanagement and corruption within DSS. This included exclusion from critical forums and the withholding of vital information.

- **Supporting Statutes:**

- *Whistleblower Protection Act (5 U.S.C. § 2302):* Prohibits retaliation against individuals reporting government misconduct.

- **Actions Involved:**

- DSS's refusal to provide records, information, or updates related to whistleblower reports.
- CHRO and the Attorney General's office enabling retaliatory practices by refusing oversight.

2. Lack of Federal Enforcement

- **Violation:** Despite being notified, the DOJ failed to enforce whistleblower protections or investigate reported retaliation, allowing Connecticut agencies to perpetuate systemic misconduct.

E. FOIA and Transparency Violations

1. Failure to Respond to FOIA Requests

- **Violation:** DSS and related agencies failed to respond to FOIA requests for Medicaid records, ABI Waiver program details, and whistleblower case information within statutory timelines.
- **Supporting Statutes:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- FOIA (5 U.S.C. § 552): Mandates timely and comprehensive responses to public records requests.

2. Non-Referral of Misdirected FOIA Requests

- **Violation:** Agencies did not forward improperly file FOIA requests to the appropriate offices, violating statutory requirements under FOIA.

F. Connecticut State Law Violations

1. Anti-Discrimination Statutes

- **Violation:** CHRO failed to investigate DSS's discriminatory practices, violating its statutory mandate under Connecticut anti-discrimination laws.

2. Connecticut FOIA (C.G.S. § 1-200 et seq.)

- **Violation:** DSS obstructed transparency by withholding requested records related to Medicaid policies and whistleblower reports, violating state FOIA laws.

5. Impact on Vulnerable Populations

The systemic failures outlined in this complaint have far-reaching consequences:

- **Individuals with Disabilities:** Excluded from vital public services and decision-making processes due to ADA violations.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Whistleblowers:** Silenced and retaliated against, eroding public trust in accountability mechanisms.
- **Taxpayers:** Denied transparency into the use of federal and state funds, raising concerns about financial mismanagement and corruption.

1. Introduction and Purpose of the Complaint

David Medeiros submits this complaint to document and demand redress for systemic violations of his rights as a whistleblower, disability advocate, taxpayer, and citizen. Connecticut state agencies have suppressed transparency, retaliated against whistleblowers, and denied ADA accommodations, creating a dangerous precedent for the treatment of individuals seeking accountability.

Despite repeated submissions to federal oversight bodies, including the DOJ and HHS OCR, no meaningful action has been taken. This complaint seeks the enforcement of federal and state laws, the protection of constitutional rights, and systemic reform.

4. Systemic Violations of Law

A. Constitutional Violations

1. **First Amendment:** Suppression of the right to petition for redress.
2. **Fifth Amendment:** Denial of due process by failing to provide substantive responses.
3. **Fourteenth Amendment:** Systemic discrimination against individuals with disabilities.

B. ADA Violations

1. Denial of reasonable accommodations, including accessible communication formats.
2. Retaliation against advocacy and whistleblowing efforts.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

C. Rehabilitation Act Violations

Failure to meet federally funded programs' accessibility requirements.

D. Whistleblower Protection Violations

Retaliation for exposing Medicaid mismanagement and corruption.

E. FOIA and Transparency Violations

1. Failure to respond to FOIA requests.
2. Non-referral of misdirected FOIA requests.

F. Connecticut State Law Violations

1. Violation of CHRO's anti-discrimination mandate.
2. Failure to ensure public transparency under Connecticut FOIA.

5. Comprehensive Impact on Vulnerable Populations

The systemic failures outlined in this complaint have far-reaching and devastating effects on vulnerable populations, violating fundamental constitutional principles, statutory mandates, and ethical obligations. Below is a detailed analysis of how these violations impact three critical groups.

A. Individuals with Disabilities

1. Exclusion from Public Services

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **ADA Violations:** The refusal of Connecticut agencies, including DSS and CHRO, to provide reasonable accommodations as mandated by the Americans with Disabilities Act (ADA) systematically excludes individuals with disabilities from accessing public services. This violates their constitutional right to equal protection under the Fourteenth Amendment and statutory protections under the ADA and Section 504 of the Rehabilitation Act.
- **Specific Harm to David Medeiros:** As a person with a brain injury, David Medeiros has faced procedural and logistical barriers, including:
 - Failure to provide accessible communication formats, such as email-only correspondence and screen-reader-compatible documents.
 - The deliberate use of complex, inaccessible processes to impede his ability to advocate effectively.
- **Broader Implications:** These actions signal to other individuals with disabilities that their needs will be ignored or obstructed, discouraging engagement with public institutions and perpetuating systemic discrimination.

2. Segregation and Stigmatization

- **Constitutional Violation:** Exclusion from decision-making processes and public forums creates a de facto segregation of individuals with disabilities, reinforcing stigmas and systemic barriers. This directly contravenes the Supreme Court's mandate in *Tennessee v. Lane* (2004), which established the necessity of public institutions providing equitable access.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

B. Whistleblowers

1. Silencing Advocacy

- **Suppression of Free Speech:** Retaliation against David Medeiros for exposing Medicaid mismanagement violates his First Amendment right to free speech. By silencing whistleblowers, Connecticut agencies erode a cornerstone of democratic accountability and transparency.
- **Chilling Effect:** DSS's public ridicule and exclusion of David Medeiros, combined with CHRO's refusal to investigate, create a hostile environment for other potential whistleblowers, deterring them from reporting misconduct or advocating for systemic change.

2. Erosion of Public Accountability

- **Violation of Whistleblower Protection Laws:** By failing to act on David Medeiros' reports of Medicaid mismanagement, DSS and CHRO undermine federal and state whistleblower protections, including those enshrined in the Whistleblower Protection Act (5 U.S.C. § 2302). This enables corruption and malpractice to persist unchecked.
- **Impact on Democratic Oversight:** Whistleblowers are critical to uncovering government mismanagement and corruption. Suppressing their voices undermines public trust and weakens institutional accountability.

C. Taxpayers

1. Denial of Transparency in Public Fund Usage

- **FOIA Violations:** The refusal to provide timely responses to FOIA requests and transparency regarding Medicaid fund allocations deprives taxpayers of their right to scrutinize how public funds are managed. This violates federal FOIA laws (5 U.S.C. § 552) and Connecticut FOIA statutes (C.G.S. § 1-200 et seq.).
- **Specific Allegations:** DSS's obstruction of records related to Medicaid, including the ABI Waiver Program, raises concerns about the potential misuse or mismanagement of federal and state funds.

2. Financial Harm

- **Mismanagement of Medicaid Funds:** Inefficient or corrupt use of Medicaid resources directly impacts taxpayers, who bear the financial burden of supporting these programs. The lack of oversight and transparency perpetuates waste and undermines public confidence in government stewardship.

3. Broader Consequences: Taxpayer dollars intended to support vulnerable populations are diverted or wasted due to systemic failures, eroding public trust and the integrity of federally funded programs.

6. Demands for Immediate Relief and Systemic Accountability

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

To address the systemic violations outlined above, the following measures are demanded to restore justice, enforce legal protections, and uphold transparency:

Immediate Relief

1. Assignment of a CHRO Case Number:

- CHRO must immediately assign a case number to David Medeiros' complaint and provide a timeline for investigating DSS's discriminatory practices.
- A full and transparent investigation must be conducted, with findings publicly reported to ensure accountability.

2. Enforcement of ADA Accommodations:

- All communications with David Medeiros must adhere to ADA standards, including email-only correspondence, accessible formats, and simplified processes.
- Federal and state agencies must review their ADA compliance protocols to prevent further violations.

Federal Oversight

1. DOJ Investigation:

- The Department of Justice must launch a formal investigation into systemic ADA violations, whistleblower retaliation, and constitutional rights infringements by Connecticut agencies.

2. HHS OCR Enforcement:

- The Office for Civil Rights at HHS must enforce oversight of Connecticut's Medicaid program to ensure compliance with ADA and Rehabilitation Act requirements.

Accountability Measures

1. Full Disclosure of DSS Medicaid Fund Usage:

- DSS must release detailed records of Medicaid fund usage, particularly those related to the ABI Waiver Program, to determine whether federal funds have been mismanaged.

2. Disciplinary Actions Against Officials:

- State officials responsible for retaliation, non-compliance, or discriminatory practices must face disciplinary measures, including removal from positions of authority where appropriate.

Systemic Reform

1. Timely Responses to Whistleblower Complaints:

- Policies must be enacted to ensure that all whistleblower complaints are addressed promptly and transparently, with legal protections strictly enforced.

2. Strengthened Oversight Mechanisms:

- Oversight bodies must implement safeguards to prevent retaliation, corruption, and systemic discrimination within federally funded programs.

7. Conclusion and Final Demands

David Medeiros’ constitutional rights, statutory protections, and dignity as a whistleblower and individual with a disability have been systematically violated at every level of government. These coordinated failures demand immediate federal intervention, systemic reform, and full accountability.

Final Demands:

1. Immediate enforcement of federal and state laws to protect whistleblowers and individuals with disabilities.
2. Comprehensive investigations by the DOJ and HHS OCR into systemic failures and non-compliance.
3. Structural reforms to ensure transparency, accountability, and equitable access to public services for all individuals.

By addressing these demands, the federal government can restore public trust, safeguard vulnerable communities, and reaffirm its commitment to justice, equality, and transparency.

Demands for Immediate Relief

1. Formal Acknowledgment and Redress

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **CHRO Case Number and Investigation Timeline:** CHRO must immediately assign a case number to David's complaint, ensuring transparency in its investigation of DSS's discriminatory practices.
- **Public Apology:** A formal apology from Connecticut DSS, CHRO, and the Attorney General for retaliatory actions, discrimination, and neglect of their constitutional and statutory obligations.

2. Immediate Enforcement of ADA Accommodations

- **Accessibility Protocols:** All communication with David must adhere to ADA standards, including:
 - Email-only correspondence.
 - Screen-reader-compatible documents.
 - Summarized and simplified information to accommodate his TBI-related cognitive challenges.
- **Dedicated Accessibility Advocate:** Appoint a state and federal-level liaison to oversee all accommodations provided to David in the complaint process.

3. Cease Retaliatory Practices

- **Immediate Suspension of Retaliatory Officials:** DSS and CHRO officials identified in discriminatory or retaliatory actions must be removed from any involvement with David's case until investigations are complete.

- **Protection from Future Retaliation:** A legally binding agreement must be enacted to prevent further acts of retaliation or discrimination against David, his business (ABI Resources), or any associated individuals.

Federal Oversight and Systemic Accountability

1. DOJ Investigation

- The Department of Justice must launch a formal investigation into Connecticut's systemic violations of:
 - David's constitutional rights (First, Fifth, and Fourteenth Amendments).
 - ADA compliance failures.
 - Whistleblower retaliation under federal statutes.

2. HHS OCR Enforcement

- The Office for Civil Rights must audit DSS and CHRO to assess ADA compliance and Medicaid program management, particularly in the context of the ABI Waiver Program.

3. Federal Protection of Whistleblowers

- DOJ must enforce whistleblower protections under the Whistleblower Protection Act, ensuring David is shielded from retaliation and any whistleblowing actions are fully investigated.

4. Transparency in Medicaid Fund Usage

- Connecticut DSS must provide a detailed, audited report on its use of Medicaid funds, specifically those allocated to the ABI Waiver Program, to determine potential misuse or mismanagement.

5. Immediate Federal Oversight

- Appoint a federal oversight committee to review Connecticut's handling of ADA compliance, Medicaid administration, and whistleblower protection.

Demands for Systemic Reform

1. Strengthened ADA Compliance Mechanisms

- **Independent Audits:** Regular, independent audits of Connecticut's compliance with ADA and Rehabilitation Act standards in all state agencies.
- **Training Programs:** Mandate comprehensive training for state employees on ADA requirements, disability rights, and whistleblower protections.

2. Enhanced Whistleblower Protections

- **Expedited Whistleblower Claims:** Implement clear timelines and federal oversight for whistleblower complaints, ensuring prompt investigations and resolutions.

- **Whistleblower Advocacy Office:** Establish an independent advocacy office to assist whistleblowers in navigating complaints, ensuring protection from retaliation.

3. FOIA and Transparency Reform

- **Timely FOIA Responses:** Enforce strict compliance with FOIA and Connecticut FOIA statutes, including penalties for non-compliance.
- **Mandatory Record Forwarding:** Require all improperly submitted FOIA requests to be forwarded to the appropriate agency within five business days.

4. Structural Reform in Connecticut Agencies

2. Legal and Advocacy Support

- Demand: Appoint federally funded legal counsel to provide David Medeiros with specialized, comprehensive legal representation to ensure the full enforcement of his rights under constitutional, federal, and state law.
- Purpose:
 - To Level the Playing Field: Ensure David has access to expert legal resources to counter the institutional advantages of state and federal agencies, which have repeatedly failed to address his grievances and protect his rights.
 - To Enforce Compliance: Guarantee the enforcement of ADA mandates, whistleblower protections, and constitutional safeguards that have been systematically ignored.
 - To Ensure Accessibility: Provide legal counsel trained in ADA compliance to meet David's unique needs as a brain injury survivor, ensuring equitable participation and effective advocacy throughout the legal process.
- Rationale:
 - Systemic Complexity: The violations span multiple legal frameworks, including the Americans with Disabilities Act (ADA), the Rehabilitation Act, whistleblower statutes, constitutional law, and FOIA requirements. Legal expertise is essential to navigate these intersecting areas effectively.

- **Power Imbalance:** David faces well-resourced government entities that have demonstrated a coordinated effort to suppress his advocacy and obstruct justice. Federally funded legal counsel is necessary to balance this disparity.
- **ADA Obligations:** David's brain injury imposes cognitive challenges, such as memory deficits and processing difficulties. Denying legal support would effectively exclude him from the justice system, compounding the ADA violations he has already endured.
- **Institutional Accountability:** Legal representation is critical for compelling compliance from state and federal agencies that have failed to act on their statutory and constitutional obligations.
- **Precedents Supporting the Demand:**
 - **Powell v. Alabama (1932):** Recognized the right to legal counsel as essential to due process under the Fourteenth Amendment.
 - **Tennessee v. Lane (2004):** Affirmed the right of individuals with disabilities to access public services, including justice systems, without discrimination.
 - **Olmstead v. L.C. (1999):** Established the principle that unnecessary exclusion of individuals with disabilities constitutes discrimination under the ADA.
- **Expected Outcomes:**
 - **Effective Advocacy:** Legal counsel will ensure that David's complaints are pursued vigorously, with no room for procedural dismissals or oversight failures.

- Enforcement of Rights: Legal expertise will hold agencies accountable for their statutory violations and secure compliance with ADA, whistleblower, and transparency laws.
- Prevention of Further Retaliation: Federally funded legal representation will function as a safeguard against continued retaliation and systemic neglect by state and federal agencies.
- Restoration of Justice: Legal support will not only protect David's rights but also serve as a precedent for enforcing similar rights for other whistleblowers and individuals with disabilities.
- Conclusion:
- Appointing federally funded legal counsel is not optional—it is a necessary and immediate measure to rectify the systemic injustices David has faced, ensure the enforcement of his legal rights, and restore public confidence in the accountability of government institutions.
- Appoint federally funded legal counsel to assist David in navigating ongoing complaints and ensuring enforcement of all relevant laws.

3. Restoration of Professional Standing

- Public acknowledgment of David's contributions as a whistleblower and advocate for individuals with disabilities, highlighting his role in exposing systemic failures.

- DOJ and HHS OCR must collaborate to investigate systemic failures, ensuring federal laws are enforced and future violations are prevented.

3. Permanent Policy Changes

- Enact structural reforms to ensure ADA compliance, protect whistleblowers, and enforce transparency laws at all levels of government.

Constitutional Violations and Crimes Committed

12. First Amendment Violations

- **Suppression of Petition Rights:** By ignoring David Medeiros' complaints and failing to investigate or act on his claims, Connecticut state agencies and federal oversight bodies have suppressed his constitutional right to petition the government for redress of grievances.
- **Retaliation Against Free Speech:** Retaliatory actions, such as public ridicule and exclusion from public forums, violate David's right to free speech, as protected by the First Amendment.

13. Fifth Amendment Violations

- **Denial of Procedural Due Process:** Connecticut DSS, CHRO, and the Attorney General's Office failed to provide timely and meaningful responses to David's complaints. The refusal to issue case numbers,

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

investigate complaints, or enforce ADA compliance constitutes a denial of due process rights under the Fifth Amendment.

- **Arbitrary Actions:** The lack of transparency and accountability in denying David access to procedural protections constitutes arbitrary and capricious state actions, violating the principles of fundamental fairness guaranteed by the Fifth Amendment.

14. Fourteenth Amendment Violations

- **Denial of Equal Protection:** David, as an individual with a disability, has been subjected to systemic discrimination and segregation. Connecticut agencies' failure to provide reasonable accommodations and their active exclusion of David from critical processes violate the Equal Protection Clause.
- **State-Sanctioned Discrimination:** The coordinated inaction and refusal to investigate complaints by CHRO, DSS, and the Attorney General's Office amount to state-sanctioned discrimination against an individual with disabilities.

15. Americans with Disabilities Act (ADA) and Rehabilitation Act Violations

16. Whistleblower Protection Act Violations

- **Retaliation for Protected Activity:** DSS retaliated against David for exposing Medicaid mismanagement and systemic corruption, violating his protections under the Whistleblower Protection Act. The refusal to investigate his complaints further compounds this retaliation.
- **Chilling Effect on Advocacy:** The systemic retaliation discourages other whistleblowers from coming forward, undermining the principles of transparency and accountability protected under federal law.

17. FOIA Violations

- **Denial of Access to Public Records:** DSS's refusal to respond to FOIA requests regarding Medicaid fund usage and ABI Waiver details denies David his right to access public information, a key component of government transparency.
- **Failure to Forward Requests:** Improper handling and failure to forward FOIA requests to appropriate agencies further obstruct David's right to information, violating federal and state FOIA statutes.

Cumulative Impact

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

David Medeiros, as a whistleblower and disability advocate, discovered the actions through direct personal experience and documentation, which include:

6. Personal Experience with Discrimination and Retaliation

- David experienced firsthand acts of exclusion, public ridicule, and procedural barriers during interactions with Connecticut Department of Social Services (DSS) officials. For example:
 - He was excluded from critical discussions related to the ABI Waiver Program.
 - He was subjected to public ridicule during forums, despite being a known advocate for individuals with disabilities and a whistleblower exposing Medicaid mismanagement.

7. Documented Failures of State Agencies

- David submitted a notarized complaint to the Connecticut Commission on Human Rights and Opportunities (CHRO) detailing ADA violations and retaliation. However, CHRO failed to acknowledge the complaint, assign a case number, or investigate the allegations, creating procedural obstacles.

8. Evidence of Inaction by the Connecticut Attorney General

- Despite escalating the matter and providing comprehensive evidence of systemic failures, the Connecticut Attorney General's Office did not respond to or investigate the allegations, effectively enabling discriminatory practices.

9. Federal Agency Inaction

- After submitting a detailed complaint to the U.S. Department of Justice (DOJ) and the Department of Health and Human Services Office for Civil Rights (HHS OCR), David received no meaningful response or enforcement action, revealing a vacuum of oversight and accountability.

10. Pattern of Retaliation and Non-Compliance

- Through repeated attempts to obtain ADA accommodations, transparency in Medicaid fund usage, and responses to whistleblower complaints, David identified a systemic pattern of evasion, retaliation, and disregard for constitutional and statutory obligations by Connecticut state agencies and federal oversight bodies.

These actions were uncovered as part of David's ongoing efforts to advocate for the rights of individuals with disabilities, ensure transparency in public programs, and expose systemic failures in government accountability.

Additional Facts Supporting the Allegation

1. Documented Failures by State Agencies

- **Connecticut Commission on Human Rights and Opportunities (CHRO):**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- David Medeiros submitted a notarized complaint to CHRO on October 24, 2024, detailing ADA violations and systemic retaliation by DSS. CHRO failed to:
 - Assign a case number.
 - Investigate the allegations.
 - Provide any substantive acknowledgment or response, violating its statutory mandate to investigate discrimination complaints.
- This procedural inaction obstructs justice and denies David's right to due process.

2. Connecticut Department of Social Services (DSS) Retaliation:

- DSS officials publicly ridiculed David during ABI Waiver forums and excluded him from critical discussions, despite his role as a whistleblower and disability advocate.
- DSS has refused to provide reasonable ADA accommodations, including accessible communication formats (e.g., email-only correspondence), in direct violation of the ADA and Section 504 of the Rehabilitation Act.

3. Inaction by the Connecticut Attorney General's Office:

- Despite receiving evidence of systemic ADA violations, whistleblower retaliation, and Medicaid mismanagement, the Attorney General's Office failed to investigate or respond, abdicating its responsibility to enforce state and federal laws.

4. Federal Oversight Failures:

- The U.S. Department of Justice (DOJ) and the Department of Health and Human Services Office for Civil Rights (HHS OCR) were notified of systemic ADA violations, whistleblower retaliation, and constitutional breaches in November 2024. Despite this, no federal investigations or enforcement actions have been initiated, perpetuating state agency misconduct.

5. Evidence of ADA Non-Compliance:

- DSS repeatedly refused David's requests for ADA-compliant communication, such as screen-reader-compatible documents and simplified processes, exacerbating the challenges he faces as a traumatic brain injury (TBI) survivor.

6. Mismanagement of Public Funds:

- DSS has obstructed transparency regarding Medicaid fund usage, particularly funds allocated to the ABI Waiver Program. This raises significant concerns about potential misuse or mismanagement of taxpayer dollars.

7. Exploitation of Disability:

- State and federal officials are aware of David's brain injury and cognitive challenges, yet they have exploited his disability by creating procedural barriers and denying accommodations, effectively excluding him from advocacy and justice processes.

8. Pattern of Systemic Corruption and Retaliation:

- Agencies at both the state and federal levels have demonstrated a clear pattern of protecting their leadership and shielding systemic inefficiencies, corruption, and discrimination, rather than addressing legitimate complaints.
- By refusing to act on whistleblower disclosures, these agencies have enabled misconduct, eroded public trust, and fostered an environment where accountability is absent.

9. Violation of Transparency Laws:

- DSS and CHRO have failed to comply with Freedom of Information Act (FOIA) requests and Connecticut FOIA statutes, denying access to public records necessary for oversight and accountability.

10. Legal Precedents Supporting the Allegation:

- **Tennessee v. Lane (2004):** Establishes the obligation of public entities to provide equitable access for individuals with disabilities.
- **Whistleblower Protection Act (5 U.S.C. § 2302):** Prohibits retaliation against individuals reporting government misconduct.
- **Mathews v. Eldridge (1976):** Guarantees procedural due process protections under the Fifth Amendment.

These additional facts provide clear evidence of systemic failures, retaliatory practices, and non-compliance with federal and state laws, underscoring the urgency for federal intervention.

1. Gross Mismanagement:

1. Mismanagement of Medicaid Funds:

- The Connecticut Department of Social Services (DSS) has obstructed transparency regarding the allocation and use of Medicaid funds, particularly those allocated to the Acquired Brain Injury (ABI) Waiver Program. This raises significant concerns about:
 - Potential misuse or diversion of federal and state funds.
 - Failure to ensure Medicaid resources reach vulnerable populations who rely on these programs for essential services.

2. Failure to Enforce ADA Compliance:

- DSS and the Connecticut Commission on Human Rights and Opportunities (CHRO) have failed to implement federally mandated ADA accommodations. This mismanagement denies equitable access to government programs and services for individuals with disabilities, violating their civil rights and federal law.

3. Lack of Oversight and Accountability:

- Despite numerous complaints and evidence of systemic issues, neither state nor federal agencies, including the DOJ and HHS OCR, have taken

appropriate enforcement action. This absence of oversight enables further mismanagement and neglect of statutory responsibilities.

4. Inadequate Response to Whistleblower Disclosures:

- State agencies and federal oversight bodies have disregarded whistleblower allegations of systemic corruption and Medicaid mismanagement. By failing to investigate these claims, they allow financial inefficiencies and unethical practices to persist unchecked.

5. Procedural Failures:

- CHRO's refusal to assign a case number or investigate complaints demonstrates a lack of procedural rigor, leading to delays, inaction, and denial of justice for complainants like David Medeiros.
- DSS's refusal to provide ADA-compliant communication formats further exemplifies mismanagement of its internal processes, directly impacting the ability of individuals with disabilities to access critical services.

6. Exploitation of Vulnerable Populations:

- The ongoing failures disproportionately harm individuals with disabilities, Medicaid recipients, and whistleblowers, undermining public trust and violating fundamental principles of equity and justice.

7. Failure to Address Retaliation:

- The retaliatory actions taken against whistleblowers, including exclusion, ridicule, and denial of accommodations, are evidence of a system designed to suppress accountability rather than address mismanagement.

8. Erosion of Public Trust:

- The systemic failures of DSS, CHRO, and federal oversight bodies have created a culture of impunity, eroding public confidence in the integrity of government institutions and their ability to serve the public effectively.

These actions and inactions constitute gross mismanagement, endangering the integrity of federally funded programs, compromising public accountability, and perpetuating harm to vulnerable populations. Immediate federal intervention is required to address these systemic issues.

- The absence of substantive action or follow-up from these federal agencies revealed a broader pattern of neglect and inaction.

5. FOIA and ADA Compliance Failures

- Requests for ADA-compliant communication and public records related to Medicaid funds and the ABI Waiver Program were either ignored or obstructed.
- These failures were documented through email exchanges, unanswered requests, and a lack of transparent processes.

Each discovery is supported by correspondence records, witness testimony, and David's detailed documentation of the systemic barriers and retaliatory practices he encountered. These actions collectively indicate deliberate neglect and systemic discrimination.

Additional Facts Supporting the Allegations

1. Documented Retaliation and Exclusion by DSS:

- DSS officials publicly ridiculed David Medeiros during ABI Waiver forums, as corroborated by witnesses and documented in communications. These actions created a hostile environment, directly impeding his ability to advocate for Medicaid beneficiaries and individuals with disabilities.
- DSS failed to provide reasonable accommodations under the ADA, including email-only correspondence and simplified processes, despite David's documented cognitive challenges as a brain injury survivor.

2. CHRO's Failure to Investigate:

- Despite submitting a notarized complaint on October 24, 2024, and multiple follow-up communications, CHRO refused to assign a case number or initiate an investigation, violating its statutory obligation to investigate discrimination complaints.
- CHRO's inaction effectively denied David due process and equal protection under the law, prolonging systemic discrimination and retaliation.

3. Attorney General's Office Inaction:

- Submissions to the Connecticut Attorney General included detailed evidence of DSS's ADA violations and whistleblower retaliation. Despite the compelling nature of the evidence, the office failed to respond, investigate, or intervene.

- This neglect demonstrates a disregard for its duty to ensure state agency compliance with federal and state laws.

4. Federal Oversight Failures (DOJ and HHS OCR):

- The Department of Justice and the Office for Civil Rights at HHS were notified of systemic ADA violations, misuse of Medicaid funds, and whistleblower retaliation. Despite comprehensive documentation, neither agency initiated a substantive investigation or provided updates.
- Federal inaction perpetuates the culture of impunity within Connecticut's state agencies.

5. FOIA and Transparency Failures:

- DSS obstructed transparency by refusing to provide records related to Medicaid fund usage and ABI Waiver operations, despite FOIA and state FOIA laws mandating timely responses.
- Requests for ADA-compliant documents and communication were ignored, compounding David's inability to access critical information.

6. Pattern of Systemic Neglect and Corruption:

- Connecticut's financial reliance on Medicaid creates an incentive to suppress transparency and accountability. The refusal to investigate whistleblower complaints, accommodate disabilities, or ensure compliance highlights a coordinated effort to shield systemic mismanagement.

7. David Medeiros' Vulnerability as a Brain Injury Survivor:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Agencies weaponized David’s cognitive challenges to create procedural barriers, delay responses, and obstruct justice, further exacerbating the discrimination and retaliation he faced.
- The refusal to accommodate his needs constitutes a violation of the ADA and Rehabilitation Act, underscoring the systemic failure to protect vulnerable individuals.

Summary of Supporting Evidence:

- Witness testimony from public forums and interactions with DSS officials.
- Documentation of correspondence with CHRO, DSS, the Attorney General’s Office, DOJ, and HHS OCR.
- Records of FOIA requests, ADA accommodation requests, and their subsequent denials or lack of response.

to advocate for Medicaid beneficiaries and individuals with disabilities. These actions targeted him specifically as a whistleblower, suppressing his ability to expose systemic Medicaid mismanagement.

- **Public Ridicule:** During public meetings, DSS officials publicly ridiculed David, leveraging his disability as a brain injury survivor to discredit his advocacy efforts and silence his concerns. This abuse of authority undermines the principles of public accountability and transparency.
- **ADA Violations:** DSS knowingly failed to provide reasonable accommodations for David's disability, such as email-only correspondence and simplified processes, obstructing his ability to navigate complex procedural systems and defend his rights.

2. Connecticut Commission on Human Rights and Opportunities (CHRO):

- **Failure to Investigate:** Despite being mandated to investigate discrimination complaints, CHRO refused to assign a case number or take action on David's notarized complaint. This inaction denied him due process and equal protection, effectively protecting DSS and perpetuating systemic discrimination.
- **Neglect of Statutory Duty:** CHRO's refusal to fulfill its investigative role demonstrates an abuse of authority by prioritizing institutional preservation over its mission to protect civil rights.

3. Connecticut Attorney General's Office:

- **Inaction on Documented Evidence:** Despite receiving comprehensive evidence of DSS's retaliatory practices, ADA violations, and systemic discrimination, the Attorney General's Office failed to act. This neglect reflects an abdication of its responsibility to ensure state agencies comply with federal and state laws, effectively enabling retaliatory practices.

4. Federal Oversight Bodies (DOJ and HHS OCR):

- **Failure to Intervene:** Despite being notified of systemic ADA violations, whistleblower retaliation, and misuse of Medicaid funds, both the Department of Justice and the Office for Civil Rights within HHS failed to enforce federal protections. Their inaction perpetuated the abuse of authority by state agencies, signaling tolerance for these violations.

Retaliatory Actions Against Whistleblowing Efforts:

- **Suppression of Advocacy:** By excluding David from forums and ridiculing his efforts, DSS and other agencies sought to suppress his whistleblowing on Medicaid mismanagement.
- **Weaponized Disability:** Agencies exploited David's cognitive challenges as a brain injury survivor to create procedural barriers, delay responses, and obstruct justice, effectively silencing his advocacy.
- **FOIA Obstruction:** DSS obstructed transparency by refusing to fulfill FOIA requests, denying David access to information crucial for holding the agency accountable.

DB.42.131.Inf. DOGE

- **Exclusion from Public Decision-Making:** By barring David from participating in public discussions, DSS violated his First Amendment rights to petition the government and participate in public forums.
- **Denial of Accommodations:** Refusing to honor ADA accommodation requests, including simplified communication and accessible formats, demonstrates systemic discrimination against individuals with disabilities.

Key Evidence of Abuse of Authority:

- Documented public ridicule and exclusion by DSS officials during ABI Waiver forums.
- Refusal of CHRO to investigate notarized complaints, ignoring statutory obligations.
- Lack of action from the Connecticut Attorney General's Office despite clear evidence of violations.
- Procedural barriers and delays created to undermine David's advocacy.
- Denials of FOIA requests and ADA accommodations, obstructing access to justice and accountability.

Summary:

How This Action Was Discovered

David Medeiros discovered the retaliatory actions and discriminatory practices through his direct interactions with state agencies, including CHRO, DSS, and the Attorney General's Office.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

These interactions were marked by deliberate inaction, procedural barriers, and public exclusion.

Key discoveries include:

1. Retaliatory Actions at Public Forums:

- During ABI Waiver Program discussions, DSS officials publicly ridiculed David and excluded him from critical decision-making processes. These actions were directly observed and documented by David as clear attempts to undermine his advocacy efforts and credibility as a whistleblower.

2. Failure to Respond to ADA Accommodation Requests:

- Despite repeated requests for reasonable ADA accommodations, including simplified correspondence and email-only communication, DSS and CHRO refused to comply. This non-compliance became evident through continued procedural delays and inaccessible communication methods.

3. CHRO's Refusal to Acknowledge Complaint:

- After filing a notarized complaint with CHRO on October 24, 2024, David discovered the agency's refusal to assign a case number or take any investigative action. Follow-ups on October 30, 2024, further confirmed CHRO's neglect of its statutory duties.

4. Attorney General's Silence:

- Evidence submitted to the Connecticut Attorney General's Office on November 1, 2024, was met with complete inaction. David discovered the lack of

accountability through the Attorney General's failure to respond to his submissions.

5. Federal Inaction by DOJ and HHS OCR:

- Complaints escalated to the DOJ and HHS OCR on November 10, 2024, provided detailed documentation of ADA violations, whistleblower retaliation, and systemic misconduct. The absence of follow-up or enforcement from these federal agencies highlighted their neglect.

6. Obstructed FOIA Requests:

- DSS and CHRO failed to provide timely responses to FOIA requests, further obstructing David's efforts to obtain transparency regarding Medicaid fund usage and agency accountability.

Through these events, David identified a coordinated pattern of retaliation, inaction, and systemic discrimination, underscoring a deliberate effort to suppress his advocacy and whistleblower disclosures.

Additional Facts Supporting the Allegation of Abuse of Authority

1. Documented Retaliation and Public Exclusion:

- **DSS Forum Behavior:** During ABI Waiver Program forums, DSS officials publicly ridiculed David Medeiros and excluded him from critical discussions, despite his role as a disability advocate and whistleblower. This retaliation was witnessed by multiple attendees and documented in communication records.
- **Exclusion from Decision-Making Processes:** Despite being a key stakeholder and advocate for individuals with disabilities, David was systematically excluded from forums and denied opportunities to provide input on critical Medicaid policies.

2. Failure to Investigate by CHRO:

- Despite filing a notarized complaint on October 24, 2024, detailing ADA violations and retaliation by DSS, CHRO refused to assign a case number or investigate the allegations. This failure to act highlights CHRO's abdication of its statutory responsibility to protect individuals from discrimination.

3. Attorney General's Refusal to Act:

- On November 1, 2024, David submitted evidence of misconduct and retaliation to the Connecticut Attorney General's Office. The Attorney General's Office has failed to provide acknowledgment, initiate an investigation, or take any corrective action, enabling ongoing abuses.

4. Pattern of ADA Non-Compliance:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Multiple ADA accommodation requests, including email-only correspondence and accessible formats for communication, were systematically denied by DSS and CHRO. This lack of compliance demonstrates a deliberate effort to obstruct David's ability to participate meaningfully in governmental processes.

5. FOIA Obstruction:

- David submitted FOIA requests to DSS and other agencies to obtain records related to Medicaid fund usage and ABI Waiver Program policies. These requests were either ignored or delayed far beyond statutory deadlines, highlighting a pattern of intentional non-compliance and a lack of transparency.

6. Federal Inaction and Neglect:

- Complaints escalated to the DOJ and HHS OCR on November 10, 2024, were met with silence. Despite being provided with comprehensive evidence of systemic ADA violations, whistleblower retaliation, and misuse of federal funds, federal agencies failed to investigate or enforce compliance.

7. Exploitation of Disability:

- Agencies are fully aware of David's traumatic brain injury (TBI) and related cognitive challenges but have weaponized these vulnerabilities by creating procedural barriers, ignoring accommodation requests, and delaying responses. This exploitation underscores the systemic nature of the abuse.

8. Medicaid Mismanagement Concerns:

- DSS's refusal to disclose Medicaid fund usage, particularly regarding the ABI Waiver Program, raises serious concerns about potential mismanagement or misuse of federal funds. The lack of transparency and retaliatory actions suggest an attempt to shield systemic inefficiencies from public scrutiny.

9. Violation of Whistleblower Protections:

- David's disclosures of Medicaid mismanagement have made him a target for coordinated retaliation. DSS and CHRO have actively suppressed his whistleblower complaints by obstructing due process and refusing to investigate credible allegations.

10. Pattern of Systemic Failures:

- These actions are not isolated incidents but part of a broader pattern of abuse, non-compliance, and lack of accountability by state and federal agencies. This systemic corruption endangers vulnerable populations and erodes public trust in government institutions.

These additional facts demonstrate a coordinated effort by state and federal entities to suppress David Medeiros' advocacy, deny his rights, and protect systemic corruption from exposure.

5. Legislative and Policy Failures

- Inaction by the Connecticut General Assembly (CGA) and Office of Policy and Management (OPM) in enforcing accountability for Medicaid spending dates back to **2018**, worsening over time as financial pressures on the state increased.

How Did You Discover This Action?

David Medeiros, as a whistleblower, disability advocate, and founder of ABI Resources, uncovered these actions through firsthand involvement, research, and communication with affected populations. The following outlines how these actions were discovered:

1. Direct Involvement in Advocacy and Reporting:

- As a **Medicaid Acquired Brain Injury Waiver (ABI Waiver) provider**, David observed consistent **mismanagement, delays, and non-compliance** with Medicaid policies, impacting vulnerable populations reliant on these services.
- His firsthand interactions with **Connecticut Department of Social Services (DSS)** officials revealed systemic failures in the administration of funds, refusal to provide transparency, and retaliatory practices against those raising concerns.

2. Complaints Filed and Ignored:

- After filing formal complaints with **DSS, CHRO, and other state agencies**, David noted repeated refusals to assign case numbers, investigate allegations, or address the reported issues, indicating procedural obstructions and systemic retaliation.
- Follow-ups with state and federal oversight bodies, including **HHS OCR and DOJ**, yielded no action, further exposing a coordinated effort to suppress whistleblowers.

3. Testimonies from Affected Populations:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. - Through his work with ABI Resources, David received **testimonies from individuals and families**, highlighting **delayed Medicaid services**, discriminatory practices, and inaccessible public forums for those with disabilities.
- These accounts confirmed widespread **financial inefficiencies** and administrative failures within state programs.

4. **Analysis of FOIA Responses and Obstructions:**

- Requests for Medicaid fund records under **FOIA (5 U.S.C. § 552)** were delayed, denied, or inadequately addressed, further revealing the deliberate suppression of transparency regarding the misuse of federal and state funds.
- DSS and CHRO's refusal to provide complete, timely, and accurate information raised significant concerns about financial mismanagement.

5. **Patterns of Retaliation:**

- Retaliation against David personally—including public ridicule, exclusion from forums, and denial of accommodations—demonstrated a coordinated effort to silence his whistleblower activities.

6. **Escalation to Federal Agencies:**

- Escalation to **DOJ** and **HHS OCR** in **2023 and 2024** confirmed federal inaction despite substantial evidence of systemic violations, indicating complicit neglect or deferral of oversight.

4. How Did You Discover This Action?

The systemic issues, non-compliance, and misconduct were discovered through a combination of personal experience, formal FOIA requests, whistleblower reports, and independent research.

The key events leading to the discovery include:

1. Direct Experience with ADA Violations:

- Barriers encountered while accessing government records and communications.
- Persistent failure to fulfill reasonable ADA accommodation requests, such as screen-reader-compatible formats, communication via MuckRock, and simplified summaries.

2. FOIA Requests and Responses:

- Patterns of non-compliance became evident through inadequate responses to FOIA requests submitted over the years.
- Specific examples include DOJ FOIA requests #534659-XGL, #539298-RJM, #534060-HWM, and #539330-JBZ, which revealed systemic delays, incomplete searches, and procedural violations.

3. Review of Medicaid Oversight Practices:

- Examination of Medicaid's Acquired Brain Injury (ABI) Waiver Program highlighted gross mismanagement, lack of transparency, and misuse of public funds.
- Reports of Medicaid provider violations and inadequate state and federal oversight further confirmed systemic issues.

4. Whistleblower Disclosures and Advocacy Efforts:

- Reports from whistleblowers and advocacy organizations unveiled patterns of retaliation, obstruction, and negligence by state and federal agencies.
- Independent investigations corroborated claims of systemic non-compliance and mismanagement.

5. Analysis of Agency Correspondence and Public Records:

- Communications and public documents revealed discrepancies, omissions, and failures to comply with federal laws, including the ADA, FOIA, and whistleblower protection statutes.

6. Formal Reports and Grievances Submitted:

- Comprehensive grievance reports and requests for clarity submitted on September 24, 2024, and November 22, 2024, highlighted unresolved issues and non-compliance.
- Lack of adequate responses to these reports confirmed widespread institutional failures.

Through these methods, it became clear that the systemic issues were not isolated incidents but part of a broader pattern of negligence, obstruction, and mismanagement affecting vulnerable populations and undermining public trust in government institutions.

5. What additional facts support your allegation?

The following additional facts substantiate the allegations, ensuring alignment with constitutional, statutory, and procedural standards as per **DB.42.131.Inf.** principles:

1. Documented Patterns of Systemic Non-Compliance

- **FOIA Failures:** Repeated delays and denials of FOIA requests, including failure to process expedited requests and provide statutorily required ADA accommodations.
 - **Example:** DOJ FOIA Cases (e.g., #534659-XGL and #539298-RJM) show a pattern of delayed responses without statutory justifications for redactions or denials.
 - **ADA Violations:** Ignored requests for accessible formats, summaries, and identification of personnel responsible for responses.
 - **Statutory Basis:** Violates 42 U.S.C. § 12132 (ADA Title II) and Section 504 of the Rehabilitation Act.
-

2. Agency Mismanagement and Oversight Failures

- **Lack of Coordination:** Agencies such as the DOJ, CMS, and Connecticut state entities failed to coordinate efforts to ensure Medicaid oversight and ADA compliance.
 - **Specific Example:** Medicaid ABI Waiver Program exhibits systemic non-compliance, with no evidence of proper investigation or corrective action despite numerous whistleblower reports.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- **Gross Mismanagement:** Evidence of internal disorganization, lack of training on FOIA/ADA compliance, and improper handling of whistleblower disclosures.
 - **Supporting Records:** Internal audits and communications, highlighted in prior FOIA responses, reveal procedural gaps.
-

3. Misuse of Taxpayer Funds

- **Fraudulent and Inefficient Use:** Documentation shows Medicaid funds potentially mismanaged through the ABI Waiver Program, with discrepancies in provider records and oversight reports.
 - **Statutory Connection:** Violates **31 U.S.C. §§ 3729-3733 (False Claims Act)** by enabling fraud and waste of public funds.
 - **Public Interest Concern:** The lack of transparency undermines public trust and violates federal standards for the proper use of taxpayer dollars.
-

4. Whistleblower Retaliation and Barriers

- **Failure to Address Retaliation:** Whistleblowers reporting systemic failures faced retaliatory actions and procedural barriers.
 - **Example:** Whistleblowers highlighted FOIA/ADA non-compliance and systemic Medicaid mismanagement, but their concerns were ignored or met with inadequate responses.

- **Statutory Protection:** Violates **5 U.S.C. § 2302(b)(8)**, protecting employees who disclose information on fraud, waste, or abuse.
-

5. Constitutional Violations

- **First Amendment:** Undermines the right to petition the government for redress of grievances by failing to respond adequately to FOIA requests.
 - **Fifth and Fourteenth Amendments:** Denial of procedural fairness and equal protection by creating barriers to ADA accommodations and transparent records access.
 - **Supremacy Clause:** Federal law preempts state practices; federal agencies have failed to enforce compliance with **42 U.S.C. § 12132** and other federal statutes.
-

6. Supporting Evidence

- **Whistleblower Reports:** Detailed whistleblower reports (e.g., 09.24.2024 Whistleblower Report) reveal systemic failures in Medicaid and ADA oversight.
 - **FOIA Response Logs:** Evidence of inadequate searches and failure to identify responsible personnel, contrary to FOIA requirements.
 - **Correspondence:** Communications between agencies and whistleblowers demonstrate inaction and procedural failings.
-

7. Precedents and Legal Standards

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Case law and federal regulations affirm the obligations of agencies to comply with FOIA and ADA, including:
 - **Tennessee v. Lane (2004)**: ADA compliance as a constitutional mandate.
 - **NARA v. Favish (2004)**: FOIA obligations to ensure transparency and accountability.
 - **Executive Order 13392**: Requires improved disclosure of agency information and accountability.
-

Conclusion

These facts collectively demonstrate a systemic failure to adhere to constitutional, statutory, and procedural obligations, affecting vulnerable populations and whistleblowers while undermining public trust. This evidence forms an irrefutable basis for immediate action, further supporting the **DB.42.131.Inf.** framework.

How Did You Discover This Action?

The discovery of these systemic failures and gross mismanagement occurred through a combination of direct experience, official correspondence, and extensive documentation spanning multiple years. Key discoveries include:

1. Direct Experience and Advocacy Work:

- As a whistleblower, I encountered systemic failures while advocating for accountability and justice within programs like the Connecticut Medicaid Acquired Brain Injury (ABI) Waiver Program.
- Persistent denials of ADA accommodations, delays in FOIA compliance, and lack of transparency highlighted widespread administrative issues.

2. Official Communications and Records:

- Repeatedly receiving incomplete, noncompliant, or dismissive responses to Freedom of Information Act (FOIA) requests.
- Letters and decisions from federal agencies, including the Department of Justice (DOJ), failed to address legal and procedural obligations.

3. Pattern Recognition Over Time:

- Analysis of agency actions over years, including denial of ADA accommodations and mishandling of complaints such as DOJ Complaints #534659-XGL, #539298-RJM, #534060-HWM, and #539330-JBZ.
- Inconsistent responses and refusals to provide accessible documentation exposed systematic non-compliance.

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

4. **Public Records and Reports:**

- Reviewing state and federal records revealed discrepancies, including missing oversight mechanisms and a lack of accountability in Medicaid and civil rights enforcement.

5. **Third-Party Verifications:**

- Consultations with legal experts, advocates, and third-party organizations confirmed systemic patterns of misconduct, mismanagement, and non-compliance across multiple agencies.

These discoveries collectively demonstrated a consistent failure to uphold constitutional, statutory, and regulatory requirements, necessitating immediate action to protect rights, ensure accountability, and restore public trust.

Additional Facts Supporting Allegations of Gross Mismanagement

1. Documented Patterns of Non-Compliance:

- **Freedom of Information Act (FOIA):** Multiple delays, incomplete responses, and inadequate searches for records associated with DOJ Complaint Numbers (#534659-XGL, #539298-RJM, #534060-HWM, and #539330-JBZ). These actions violate **5 U.S.C. § 552**, which mandates timely and transparent responses to FOIA requests.
- **Americans with Disabilities Act (ADA):** Persistent failure to implement requested accommodations, such as exclusive use of the MuckRock platform and screen-reader-compatible formats. These violations contravene **42 U.S.C. § 12132** and **29 U.S.C. § 794**, which ensure equitable access for individuals with disabilities.

2. Interference with Whistleblower Protections:

- Direct evidence of retaliation against whistleblower activities, including unwarranted delays, procedural obstacles, and redirection of requests to inappropriate offices. These actions undermine **5 U.S.C. § 2302(b)(8)**, which prohibits retaliation against employees or individuals disclosing systemic mismanagement or legal violations.

3. Evasion of Accountability:

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes. DB.42.131.Inf. DOGE

- Agencies failed to provide the names, roles, and contact information of responsible personnel as required under FOIA. This lack of transparency further obscures accountability and impedes oversight.

4. **Systemic Patterns of Gross Mismanagement:**

- Failure to coordinate between federal and state agencies, including DOJ, CMS, and Connecticut's DSS. These gaps have resulted in mismanagement of Medicaid funds under the **Acquired Brain Injury Waiver Program**, risking harm to vulnerable populations and violating fiduciary obligations under **31 U.S.C. §§ 3729-3733** (False Claims Act).

5. **Public Harm and Taxpayer Loss:**

- Ineffective oversight and non-compliance with statutory obligations have resulted in significant public harm, including:
 - Barriers to accessing healthcare for individuals under Medicaid's ABI Waiver Program.
 - Wasted taxpayer funds on non-compliant administrative practices.
 - Diminished public trust in government transparency and accountability.

6. **Independent Evidence:**

- Multiple FOIA responses, internal communications, and agency acknowledgments (or lack thereof) corroborate these allegations. Independent reviews, such as oversight reports and public records, reveal systemic failures.

7. **Legal Framework Violations:**

Constitutional rights, ADA compliance, whistleblower protections, systemic reform, transparency enforcement, public accountability, equal protection, due process, disability rights, government oversight, federal investigations, structural reform, equitable access, taxpayer protections, restorative justice, civil rights violations, systemic discrimination, federal-state compliance, Medicaid accountability, procedural justice, anti-discrimination statutes.
