Dear DSS Commissioner, Amy Dumont, COU CT Department of Social Services.

I am writing to again draw your immediate attention to a matter of significant concern and urgency. It has come to our notice that ABI Resources, a vital service provider within our community, has been subject to a series of distressing incidents which, to our knowledge, have not been appropriately addressed by the Department of Social Services (DSS).

The lack of evident response or preventative measures from DSS is raising concerns about the department's commitment to promoting a safe and supportive environment for such essential organizations like ABI Resources. Their invaluable contribution towards serving some of our community's most vulnerable individuals cannot be underestimated, and it is deeply concerning to observe the apparent lack of action taken to safeguard this vital institution.

We understand the complexities involved in such circumstances, but it is crucial that DSS acknowledges the issue to further occurrences. This includes conducting a thorough investigation into these incidents, implementing stricter security measures where necessary, and ensuring those responsible are held accountable for their actions.

By addressing these concerns promptly and efficiently, DSS COU will send a strong message that such behaviors are unacceptable and will not be tolerated. This decisive action will undoubtedly contribute to the strengthening of community trust and confidence in the department's dedication to ensuring the safety and welfare of all organizations under its jurisdiction.

We look forward to your prompt attention to this matter. We are confident that the DSS COU will take our concerns seriously and demonstrate its commitment to uphold the dignity and safety of all service providers in our community, particularly those as vital as ABI Resources.

Please inform us about the measures that are being taken to address this situation. We remain hopeful that with your department's prompt intervention, we can ensure a safer and more secure environment for ABI Resources, allowing them to continue their important work unhindered.

Thank you for your cooperation.

Hello Amy and Department of Social Services (DSS) COU.

I am writing this letter to formally bring to your attention a matter of grave concern, which pertains to the activities of the ABI Waiver Program behavioral service provider, CCSNCT, with regards to Medicaid Acquired Brain Injury (ABI) Waiver consumers referrals and solicitation.

CCSNCT, in their capacity as a Medicaid ABI Waiver service provider, is involved in a concerning practice of actively referring, promoting and encouraging ABI Waiver consumers to register for events and services organized by Project Genesis, an entirely separate entity. These solicitations have included adding Project Genesis events to consumer calendars and communication logs, and verbal endorsements of their services during Medicaid Waiver Team meetings as well as directly with consumers.

This practice violates the established norms and principles of professional conduct and integrity. It unfairly influences the choices of ABI Waiver consumers who rely on CCSNCT for their caregiving needs, and creates an undue burden on these individuals to participate in services or events they may not have otherwise chosen or needed.

Given the sensitive nature of the services offered and the vulnerability of the consumers under the Medicaid ABI Waiver, such behavior by CCSNCT is highly inappropriate. It can potentially lead to a conflict of interest, and adversely affect the consumers' ability to make fully informed decisions regarding their care and participation in various events or services.

In light of these concerns, ABI Resources respectfully request immediate attention and intervention from the Department of Social Services. The promotion of Project Genesis by CCSNCT to Medicaid ABI Waiver consumers should cease forthwith to ensure the preservation of the consumers' rights, as well as to maintain the ethical standards that service providers are expected to uphold.

Thank you in advance for your attention to this matter. I have full faith that the Department will take appropriate action to rectify this situation.

Will DSS provide detailed information on the specific steps the department plans to take in rectifying the ongoing issue of unauthorized solicitation and steering by CCSNCT towards ABI Waiver consumers for Project Genesis.

Your prompt response is highly appreciated.

All the best,

David Medeiros

Subject: Immediate Action Required: Solicitation and Protocol Violations by ABI Waiver Behaviorist Nichole Collins.

To the attention of: DSS Commissioner and Amy Dumont, DSS / COU.

I trust this message finds you well.

In reference to our recent meeting, we, at ABI Resources, are writing with an escalating concern regarding a repeated breach of protocol by one of the ABI Waiver Behaviorists, Ms. Nichole Collins. Her continued actions are compromising not only the integrity of our client support system but also that of the Medicaid ABI Waiver program. Today's discovery is yet another additional request for DSS intervention.

It has been observed, reported and documented that Ms. Collins, in her role as a behaviorist, has been directing case management activities and implementing care plans without appropriate consultation or consensus, which are strictly against the established procedures of the ABI Waiver program. Her unilateral decisions and actions have violated the program's guidelines and potentially endangered consumer safety.

Additionally, her actions have involved unilaterally referring and transitioning a client to an agency of her choice, an act that unequivocally constitutes solicitation and an explicit violation of the ABI Waiver protocols. This approach not only infringes on the client's rights to explore all appropriate options but also has created unnecessary conflicts of consumer safety. Her repeated advocacy for preferred agencies, which has been shared with the conservator, is beyond the bounds of her role and is, quite frankly, unacceptable.

In line with the regulations specified by Sec. 17b-260a-17, we are formally requesting that the Department of Social Services (DSS) and the Chief Operating Unit (COU) urgently investigate this matter. It is clearly articulated in this section that providers must adhere strictly to the stipulated guidelines, with failure to do so leading to potential repercussions, including the termination of the provider's service contract, removal from the Provider Directory, or disqualification as a provider.

Our primary concern is to ensure the safety, well-being, and best interests of our clients. In pursuit of this, we hereby request the removal of Ms. Nichole Collins from the Waiver program based on the grievances described above and in compliance with Sec. 17b-260a-17.

We trust in your commitment to uphold the integrity of the DSS ABI Waiver program, ensuring its operations remain fair, transparent, and fundamentally client-focused. Should you require any further information or documentation pertaining to this matter, we stand ready to provide the same.

We look forward to your prompt action in this regard.

Thank you for your immediate attention to this matter.

Sincerely,

David Medeiros

The Supported Living Group

January 7 · 🌐

The Supported Living Group (SLG) is thrilled to announce a newly established link with Connecticut Community Care (CCC) <https://www.facebook.com/ctcommunitycare> which will work to promote art pieces produced by brain injury survivors!

The link established will enable art pieces created in SLG's ABI Waiver associated supported employment programs to be displayed at CCC offices throughout Connecticut. It is hoped, that this link will provide greater levels of exposure for SLG's talented artists from the brain injury community and open dialogue around the complex recovery process that they have faced.

To learn more about SLG's array of specialized brain injury support services contact us today at: 860-774-3400.

Michelle Brisman, Ph.D.

Director of Clinical Services

Dr. Michelle Brisman comes to us with a B.A. from Binghamton University and a Doctorate of Philosophy from Yeshiva University. She began her formal career as a clinical neuropsychologist at the United Cerebral Palsy Association in NY before undertaking her internship at the Kessler Institute for Rehabilitation in NJ, where she specialized in cognitive rehabilitation of various medical and neurologically compromised populations — a specialization she continued to pursue when she was offered the position of Director of Medical Rehabilitation Services at the Capital Region/Eastern Connecticut Easter Seals in 2001, working closely with neurologically affected groups, such as those with TBI/ABI, stroke, Multiple Sclerosis, seizure disorders, and brain tumors.
