To.

Connecticut Department of Social Services, DSS Legal. Formal FOIA request.

In reference to what may appear to be ABI Waiver program discriminatory and biased practices, challenges, and concerns. Additionally, these concerns also relate to the MFP program.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary. This listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by DSS to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an updated and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

The DSS contracted fiduciary listing may appear to be discriminatory to the disabled ABI Waiver population it serves and Medicaid providers:

- The listing is not accessible or viewable to the public.
- Locked and only accessible via an email address verification process, username and created password for consumers of the ABI Waiver Program.
- Much of the disabled ABI Waiver Program population cannot afford internet and the equipment needed to access the internet to navigate their listing.
- Much of the disabled ABI population are unable navigate and understand internet-based communication processes.
- The majority of the disabled ABI Waiver population live with communication, and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for call backs or to request the listing be mailed to their home address is a very complicated process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without providing the complete DSS

www.CTbrainINJURY.com 860 942-0365

contracted fiduciary listing. This action is not ethical and biased as disabled ABI waiver consumers are not being afforded their complete options and possibly bias selection of providers that may provide a more beneficial Case Management relationship. ABI Waiver and MFP consumers may appear to be not completely informed and misled during the decision-making process and may be left completely out of the selection process. This may appear to be discriminating and misleading to consumers with disabilities and not providing them the same civil rights into their person-centered program decision process. An example of this would be a verbal phone conversation promoting a specific provider, leading or steering a client to meet with or arranging referral before a consumer is completely informed or provided their complete options by a Case Management selected provider.

- It may appear that DSS, Case Management providers and the contracted fiduciary listing provider are aware of these discriminatory processes and practices.
- How does DSS ensure the disabled population is not being discriminated against and provide the procedural validation system used to ensure civil rights are completely adhered to?
- Additionally, it may appear that the DSS contracted fiduciary listing is discriminatory and biased to intentionally confuse the disabled ABI Waiver consumer in this way as well. Below are the first 2 webpages of many, that DSS'S contracted fiduciary is listing, note that agency providers are listed biasedly and misleadingly, listing the same providers in duplicate, triplicate and more.

[Home](#) [Log Out](#)

- Note the services do not list the services that the disabled ABI Waiver consumers understand and are familiar with such as Companion, ILST, homemaker RA and more. This may appear to be misleading and confusing.

The screenshot shows the 'Directory Report Criteria' page of the ABI Resources LLC website. The page has a blue header with the tagline 'Creating Opportunities for People'. Below the header, there are tabs for 'Portal' and 'Directory'. The main content area is titled 'Directory Report Criteria' and includes a welcome message and search instructions. Search filters include a 'Program' dropdown set to 'ABI', 'Provider Types', 'Regions', 'Services' (with 'Assistive Technology' and 'Environmental Accessibility Adapt' selected), 'Towns', and 'Additional Languages'. At the bottom of the search section are 'Directory' and 'List' buttons. The footer contains a navigation menu, a 'Font Size' adjuster, and a copyright notice for 2022.

- CBT and or Behaviorist services are not listed on the DSS contracted fiduciary listing. This creates many questionable and concerning challenges that may promote a discriminatory and/or bias decision-making process. Case Managers are not providing the disabled ABI Waiver program listing to choose from and may be selecting, making proactive referrals, and promoting behaviorists that benefit Case management relationships more than the Disabled ABI Waiver consumer. This may appear to be a discriminatory and bias practice.

ABI Resources is formally requesting a Department of Social Services internal investigation of these practices and concerns as well as a FOIA request for the policies and practices of protecting the civil rights of the disabled under the ABI Waiver program guidelines.

Hello Amy,

ABI Resources has been working with a family on MFP for over a year now on discharge planning, the client is [REDACTED] in Gales Ferry. Today at the discharge meeting it was brought to our attention that CCCI arranged a meeting with SLG for the client's family. CCCI expressed to everyone, that the family should go with a LARGE agency that can provide all services. ABI Resources is pursuing this legally as a result.

Would you please give me a call? 860 463-3638

All the best,
David Medeiros CBIS

Good afternoon Commissioner Gifford and Mrs Cavallaro,

ABI Resources has been informed that the new agency contacted ABI Resources employees who were working with the Gales Ferry MFP client and has hired them to work with the same exact Gales Ferry MFP client. This is a clear conflict of interest. What safeguards does the Department of Social Services have in place to stop what may appear to be inclusion, referral steering and **poaching**?

All the best,
David Medeiros CBIS

12/09/2022

Here we go again, blowing the whistle.

Yesterday

CCCi Care Manager Doreen Andrews informed a client during a quarterly meeting that she referred him to SLG CBT provider Dr Bissman without his consent. Doreen informed the Team that Dr Brissman is the only person he can use. This appears to be a corruption of decision-making, patient steering, unfair competition, monopolization efforts, kickbacks, and/or inducements for Medicaid Referrals. Storrs Mansfield consumer A.J.

Will DSS please stop care management from forcing Medicaid referrals on consumers?

The client may be reporting this to Fed Medicaid fraud.

All the best,

David Medeiros CBIS

Thank you for taking the time to speak with me today. Please forgive me if I seemed upset, I am sorry. I am a brain injury survivor myself and have PTSD. Sometimes in stressful situations, I have challenges communicating clearly. Here are some examples of some challenges. Now that I know not to contact Dr Giffard with challenges and I will try not to bother you. I do believe that something appears off with past and current referrals and a consumer's right to choose.

Again
 All the best,
 David Medeiros
