RE: 10/30/2023 Formal Request under the Connecticut Freedom of Information Act FOIA – Records Medicaid ABI Waiver Programs and Related Referral Processes

David –

Thank you for clarifying portion 4. of this request.

Upon reviewing your response, it appears that this portion of the request is duplicative to your 10/23/2023 request where you ask for all complaints, grievances, investigations, audit reports, outcomes, and subsequent corrective actions in regard to the ABI Waiver programs. As of current, the only complaints and grievances we have on file are from you, so we are working to compile those and ensure a thorough search for anything additional.

In order to maintain efficient record retention and tracking on the 16 FOIA requests you have sent in since 9/26/2023, DSS will include the response to portion 4. of this request in our response to your 10/23/2023 request.

Pertaining to your addition to portion 5. I will review and verify if we have any of the requested information; however it does appear that this information would still fall under the jurisdiction of the individual access agency's in-house systems.

Thanks,

FOIA Officer
Department of Social Services

EXTERNAL EMAIL: This email originated from outside of the organization. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

I am writing in response to your recent correspondence regarding my Freedom of Information Act (FOIA) request to the Connecticut Department of Social Services (DSS).

4. Quality and Compliance Records: We are seeking all records related to the quality and compliance of the referral processes, including but not limited to complaints, grievances, investigations, audit reports, outcomes, and subsequent corrective actions. This request encompasses records pertaining to all agencies and is not limited to incidents related to ABI Resources. **I still am unclear what you mean by this. Are you looking for audit history with the access agencies?**

I am specifically seeking comprehensive data and records related to the referral processes within the DSS. This includes, but is not limited to, the following:

1. Complaints: All records of complaints filed, including the nature of each complaint and any associated documentation.
2. Grievances: Detailed records of grievances raised, their evaluations, and resolutions.
3. Investigations: Documentation of any investigations conducted, including methods, findings, and conclusions.
4. Audit Reports: Copies of all audit reports pertaining to the referral processes, highlighting any identified issues or concerns.
5. Outcomes: Detailed records of the outcomes of the aforementioned complaints, grievances, and investigations.
6. Corrective Actions: Comprehensive documentation of any corrective actions taken in response to the issues identified in complaints, audits, and investigations.

It is imperative that the records provided are complete and encompass all relevant data to ensure a thorough understanding of the processes and practices within the DSS.

5. Electronic System Accountability Records: We appreciate your clarification regarding the absence of an electronic referral system. However, if any digital tools or platforms are utilized in any capacity by related to the Medicaid ABI Waiver Programs by Medicaid ABI Waiver Program Care Management Consultation Providers, please provide any associated records. **Each access agency has their own electronic system where they house client information, their personal health information and any documentation associated with the case. DSS does not have any records regarding this request, this is considered complete.**

I appreciate your clarification on the absence of a dedicated electronic referral system for the ABI Waiver Program. However, it is essential to expand the scope of our inquiry to include any digital tools, platforms, or systems that may be used, even partially, in the administration, management, of the **referral processes** within the Medicaid ABI Waiver Program, particularly by Care Management Consultation Providers.

In pursuit of a comprehensive understanding of the electronic infrastructure supporting the ABI Waiver Program, I hereby request the following:

1. Records of Electronic Systems in Use: Any and all records detailing the electronic systems, platforms, or tools employed at any stage of the Medicaid referral process within the ABI Waiver Program. This includes, but is not limited to, systems used for patient tracking, data management, referral processing, and communication among providers.
2. System Accountability Records: Documentation pertaining to the oversight, auditing, and accountability measures in place for these electronic systems. This encompasses records of system updates, maintenance logs, compliance reports, and any other relevant quality assurance documentation.

3. System Utilization Records: Detailed descriptions or records showing how these electronic systems are used by Care Management Consultation Providers in the context of the ABI Waiver Program. This should cover the scope, frequency, and nature of their usage.
4. Data Privacy and Security Measures: Information on the data protection and privacy measures implemented within these systems, particularly concerning patient information and referral data.

Please note that this request is specifically for records and documentation.

I trust that the Department of Social Services will facilitate a thorough and prompt response to this expanded inquiry. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$[specified amount].

Thank you for your cooperation and dedication to transparency.

10/30/2023

Dear Mr. Giovanni Pinto FOIA Officer,

I would like to provide additional clarity on the requested records to facilitate a comprehensive and expedited response to our FOIA request.

1. Referral Records: We are seeking complete documentation of all referrals facilitated by Connecticut Community Care for Medicaid ABI Waiver 1, ABI Waiver 2, and the MFP Program. This request includes referrals to all agencies, as our aim is to analyze the referral processes and ensure compliance with all applicable regulations.
2. Funding Documentation: Thank you for clarifying that the ABI Waiver program is funded through a combination of state and federal Medicaid funds. We would appreciate it if you could provide the specific allocation of these funds for Care Management Consultation referrals for the programs in question, broken down by fiscal year from January 1, 2015, to the present date. If possible, please provide this information in a detailed and categorized format to facilitate our analysis.
3. Record of Referral Limitations and Conditions: We are interested in understanding the limitations, restrictions, or conditions attached to the referrals processed by Connecticut Community Care for the Medicaid ABI Waiver Programs. This includes any criteria used to assess eligibility, prioritize, or reject referrals, and how these criteria have been applied over the period from January 1, 2015, to the present date.
4. Quality and Compliance Records: We are seeking all records related to the quality and compliance of the referral processes, including but not limited to complaints, grievances, investigations, audit reports, outcomes, and subsequent corrective actions. This request encompasses records pertaining to all agencies and is not limited to incidents related to ABI Resources.
5. Electronic System Accountability Records: We appreciate your clarification regarding the absence of an electronic referral system. However, if any digital tools or platforms are utilized in any capacity by related to the Medicaid ABI Waiver Programs by Medicaid ABI Waiver Program Care Management Consultation Providers, please provide any associated records.
6. Guidance and Regulation Records: We are seeking all prevailing policies, guidelines, regulations, and communications that govern the referral practices within the Medicaid ABI Waiver Programs. This includes any internal or external communications that provide guidance on how referrals should be managed, assessed, or prioritized.
7. FOIA and DSS Communication Records: We are seeking all communication records between FOIA officers and CT DSS representatives that pertain to the Medicaid ABI Waiver Programs and associated referral processes from January 1, 2015, to the present date.

Thank you for confirming the contact information for Mr. Giovanni Pinto as the acting FOIA Officer communicating with me. We appreciate your diligence and look forward to a thorough response as mandated by the Freedom of Information Act.

Sincerely,

Thank you,

David –

Please find additional information needed for your request in red, and completed portions of your request highlighted below:

1. Referral Records: Complete documentation of all referrals facilitated by Connecticut Community Care for Medicaid ABI Waiver 1, ABI Waiver 2, and the MFP Program. Please specify which referrals you are referencing. Are they referrals to your agency?
2. Funding Documentation: Records specifying the sources of funding for the Medicaid ABI Waiver Program referrals, elucidated under the aforementioned programs. The ABI Waiver program is funded through a combination of state and federal Medicaid funds.
3. Referral Limitations and Conditions: Detailed information on any limitations, restrictions, or conditions attached to the aforementioned referrals. Please specify what you mean by this/what documents you are looking for. Is this related to your agency and where there are limitations or restrictions based on your staffing availability?
4. Quality and Compliance Records: Comprehensive data including but not limited to complaints, grievances, investigations, audit reports, outcomes, and subsequent corrective actions related to the referral processes. Please specify what exact documents you are seeking. Are you looking for critical incidents that were related to your agency? Are you looking for grievances in general through the access agencies? Are you looking for our audit reports from our access agency reviews?
5. Electronic System Accountability: Documents related to complaints, grievances, investigations, audit reports, outcomes, and corrective actions pertinent to the use of electronic referral systems employed in delivering Medicaid program services. We don't have an electronic referral system that we use.
6. Guidance and Regulation: All prevailing policies, guidelines, regulations, and communications that govern the referral practices within the Medicaid ABI Waiver Programs. Working to verify if we have these requested documents.
7. FOIA and DSS Communication Records: Any and all communication records involving FOIA officers and CT DSS representatives related to the subject matter herein. Are you seeking all communications related to this request?
8. Kindly furnish records including the name, title, and contact information of the FOIA officer handling this request. This information has been previously provided to you. For clarification, Giovanni Pinto is the acting FOIA Officer and handles all FOIA requests. The additional name provided on the previous request was the FOIA Officer prior to Mr. Pinto's hiring.
9. Records in instances where any part of this request is denied, I respectfully request a detailed justification for non-disclosure, citing the specific statutory exemptions that underpin the decision. This information is always provided upon request completion.

Your request for information has been received.

The Department will respond in accordance with the requirements of the CT FOIA.

If there are any costs associated with complying with your request, an estimate will be provided to you before the records are compiled and provided to you.

PLEASE NOTE* This will be your 5th currently open FOIA inquiry and 12th overall since 9/26/2023. These requests require substantial information-gathering and are often times duplicative to pending requests, and/or ask for information not under the purview of the Connecticut FOIA. Subject: Formal Request under the Connecticut Freedom of Information Act FOIA – Records Medicaid ABI Waiver Programs and Related Referral Processes

Dear Connecticut FOIA officers,

I am writing to submit a formal request under the provisions of the Connecticut Freedom of Information Act, § 1-200, with the intention of obtaining comprehensive Connecticut records and documents pertaining to the Medicaid Acquired Brain Injury (ABI) Waiver Programs, and the associated referral processes conducted by Connecticut Community Care, located at 43 Enterprise Drive, Bristol, Connecticut, 06010. This request covers the period from January 1, 2015, to the present date.

The nature of the records requested is detailed as follows:

1. Referral Records: Complete documentation of all referrals facilitated by Connecticut Community Care for Medicaid ABI Waiver 1, ABI Waiver 2, and the MFP Program.
2. Funding Documentation: Records specifying the sources of funding for the Medicaid ABI Waiver Program referrals, elucidated under the aforementioned programs.
3. Referral Limitations and Conditions: Detailed information on any limitations, restrictions, or conditions attached to the aforementioned referrals.
4. Quality and Compliance Records: Comprehensive data including but not limited to complaints, grievances, investigations, audit reports, outcomes, and subsequent corrective actions related to the referral processes.
5. Electronic System Accountability: Documents related to complaints, grievances, investigations, audit reports, outcomes, and corrective actions pertinent to the use of electronic referral systems employed in delivering Medicaid program services.
6. Guidance and Regulation: All prevailing policies, guidelines, regulations, and communications that govern the referral practices within the Medicaid ABI Waiver Programs.
7. FOIA and DSS Communication Records: Any and all communication records involving FOIA officers and CT DSS representatives related to the subject matter herein.
8. Kindly furnish records including the name, title, and contact information of the FOIA officer handling this request.
9. Records in instances where any part of this request is denied, I respectfully request a detailed justification for non-disclosure, citing the specific statutory exemptions that underpin the decision.

Given the nature of my work and due to a disability, I kindly request that all responsive documents be provided in an accessible, electronic format.

Your timely attention to this matter is highly appreciated, and I anticipate the reception of the requested records within the statutory timeframe. Should you require any further clarification or additional information to expedite this request, please feel free to reach out to me directly.

Thank you for your cooperation and dedication to transparency.

Re: Appeal of FOIA Request Denial Dated 11.02.2023

Dear FOIA Officer,

I am writing to appeal the decision of the Department of Social Services, dated November 2, 2023, concerning my Freedom of Information Act (FOIA) request for specific information related to the email address providerfraud.dss@ct.gov.

Legal Basis for Appeal

Comprehensive Disclosure Requirement: Under the Connecticut Freedom of Information Act, Conn. Gen. Stat. § 1-200 et seq., public agencies are mandated to provide full access to public records unless expressly exempt. While I appreciate the provision of a list of names with access to the requested email, this response does not fully satisfy the scope of my request.

Detailed Information Requested: My request specifically seeks information beyond the names of individuals with email access. It includes the roles and responsibilities of those individuals, the department or division overseeing the operation, and any relevant contact information for official correspondence.

Public Interest Consideration: The requested information is essential for understanding the administration and oversight of potentially sensitive email communications. This transparency is crucial for public accountability, especially concerning an email address designated for reporting provider fraud.

Disability Accommodation: As previously stated, due to a recognized disability, I require the requested information in an electronic format. This is not merely a preference but a necessary accommodation to ensure equal access to information under the Americans with Disabilities Act.

Complete Response Expected: The FOIA obligates your department to conduct a thorough search for all records responsive to the request. If certain parts of the request are exempt from disclosure, a detailed explanation citing specific statutory exemptions is required.

Action Requested

In light of these considerations, I respectfully request a reevaluation of my FOIA request. Please provide a comprehensive response that includes all requested details related to the management and oversight of the email address providerfraud.dss@ct.gov.

If parts of my request are denied, I ask for a detailed justification, explicitly citing the relevant exemptions under the Connecticut FOIA.

I appreciate your attention to this appeal and anticipate a response that aligns with the principles of transparency and openness as embodied in the Connecticut FOIA.

Thank you for reconsidering this important matter.

Sincerely,

David Medeiros

11.02.2023 | Freedom of Information Act FOIA Request | Connecticut Gov.

Dear FOI Officer,

Under the Connecticut Freedom of Information Act § 1-200 et seq., I am requesting access to and a copy of the following records from 01/01/2015 to the present day:

- a) The names and official titles of the State of Connecticut employees who are responsible for monitoring and managing the email address providerfraud.dss@ct.gov.
- b) The department or division within the State of Connecticut's Department of Social Services that oversees the operation of the email address providerfraud.dss@ct.gov.
- c) Any available contact information for the department or division that manages the email address providerfraud.dss@ct.gov, which may be used for official correspondence.
- d) The names and official titles of the State of Connecticut employees who are responsible for monitoring and managing the email address providerfraud.dss@ct.gov on **Thursday, September 28, 2023 10:38:16 AM (UTC-05:00) Eastern Time**.

I understand that under the Connecticut FOIA, the government is not required to create new records, answer questions or conduct research. However, if any of the requested information is available in an electronic format, I would prefer to receive it in that format.

"Due to a recognized disability, I find that email communications provide the most effective and accessible means of communication for me. I kindly request that this preferred method of correspondence be accommodated."

If you deny any part of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request. I expect your response within the statutory time frame as provided by the law.

Bcc: ABI RESOURCES LLC www.CTbrainINJURY.com <AABIWR@live.com>

CT DSS FOIA Officer,

To clarify and specify my request, I am seeking detailed information regarding the care management and consultation services provided to consumers enrolled in the Acquired Brain Injury (ABI) Waiver Program 1. My request is focused on understanding the unique practices and compliance measures that differentiate the services provided under ABI Waiver Program 1 from those in ABI Waiver Program 2.

Specifically, I am requesting access to and copies of the following documents and records:

1. Detailed Reports and Records: Documents detailing the nature, scope, and methodology of consultation services provided by care managers to consumers in the ABI Waiver Program 1. This includes any formal descriptions, procedural guidelines, or policy documents that delineate the roles and responsibilities of care managers within this program.
2. Comparative Analyses: Any records or reports that compare or contrast the care management services provided in ABI Waiver Program 1 with those offered in ABI Waiver Program 2. This would include comparative studies, evaluations, or internal discussions that highlight the differences or similarities between the two programs.
3. Compliance Reports and Internal Audits: I am particularly interested in obtaining all compliance reports or internal audits conducted concerning the provision of consultation services by care managers to ABI Waiver Program 1 consumers. This includes any findings, recommendations, or actions taken as a result of these audits.
4. Training Materials and Guidelines: Copies of any training materials, educational resources, or guidelines provided to care managers specifically for ABI Waiver Program 1. This should encompass any specialized training or instructions unique to this program.
5. Consumer Feedback and Evaluations: Records of any consumer feedback, evaluations, or surveys that relate to the experiences of individuals enrolled in ABI Waiver Program 1 with their care managers.
6. Administrative Correspondence: Any relevant administrative correspondence that discusses or refers to the care management and consultation services in ABI Waiver Program 1, including memos, emails, or meeting minutes.

Subject: FOIA Request – Care Managers' Consultation Services in ABI Waiver Program

Dear Freedom of Information Officer,

Under the Freedom of Information Act (5 U.S.C. § 552), I request access to and copies of records and documents pertaining to care managers providing consultation services to consumers enrolled in the Acquired Brain Injury (ABI) Waiver Program 1, a practice reportedly exclusive to ABI Waiver Program 2.

Specifically, I am requesting:

1. Records of Services: Detailed records of care managers who have provided consultation services to ABI Waiver Program 1 consumers, including dates, types of services, and consumer demographics.
2. Policy Documents: Copies of any policy documents, guidelines, or internal memos that detail the roles and limitations of care managers in both ABI Waiver Program 1 and 2.
3. Compliance Reports: Any compliance reports or internal audits conducted regarding the provision of consultation services by care managers to ABI Waiver Program 1 consumers.
4. Internal Communications: Relevant internal communications, including emails and meeting minutes, discussing the assignment of care managers to provide consultation services in ABI Waiver Program 1.
5. Training Materials: Training materials or guidelines provided to care managers regarding their roles and limitations in ABI Waiver Program 1 and 2.

Please ensure that the provided records are in an accessible electronic format. If certain documents are exempt from disclosure under the FOIA, kindly provide a Vaughn index, detailing each document and the rationale for its exemption.

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

Thank you for your understanding and assistance.

Dear Freedom of Information Officer,

Under the Freedom of Information Act (5 U.S.C. 552), I am requesting access to and copies of all documents, communications, emails, memos, guidelines, and reports related to the following:

- a) Current Guidelines and Policies: Any and all documents detailing the guidelines and policies governing care management consultation services within the Medicaid Acquired Brain Injury (ABI) Waiver Program, with specific emphasis on distinctions between Program 1 and Program 2.
- b) Program Administration Changes: Documents pertaining to any recent changes or updates in the administration or scope of ABI Waiver Program 1, particularly those authorizing care management consultation services in Program 1.
- c) **Internal Communications: Correspondence, memos, or emails within the Department of Social Services discussing the introduction or implementation of care management consultation services in ABI Waiver Program 1.**
- d) Compliance and Oversight Reports: Any reports or analyses related to compliance and oversight of the ABI Waiver Program, focusing on the adherence to program guidelines and authorized services.
- e) Consumer Impact Assessments: Documents assessing the impact of care management consultation services on consumers in ABI Waiver Program 1, including any feedback or complaints received from consumers or their families.
- f) Market Analysis and Competitive Impact: Reports or studies examining the market dynamics and competitive impact of the introduction of potentially unauthorized services in the ABI Waiver Program.

It contributes significantly to public understanding of the operations and activities of the government.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I will also expect you to release all segregable portions of otherwise exempt material.

I require these records in an accessible electronic format due to my disability. If some documents are exempt from disclosure, please provide a Vaughn index detailing the reasons for such exemption.

I look forward to your prompt response within 20 business days, as the statute requires.

CT DSS FOIA Officer,

To clarify and specify my request, I am seeking detailed information regarding the care management and consultation services provided to consumers enrolled in the Acquired Brain Injury (ABI) Waiver Program 1. My request is focused on understanding the unique practices and compliance measures that differentiate the services provided under ABI Waiver Program 1 from those in ABI Waiver Program 2.

Specifically, I am requesting access to and copies of the following documents and records:

1. Detailed Reports and Records: Documents detailing the nature, scope, and methodology of consultation services provided by care managers to consumers in the ABI Waiver Program 1. This includes any formal descriptions, procedural guidelines, or policy documents that delineate the roles and responsibilities of care managers within this program.
2. Comparative Analyses: Any records or reports that compare or contrast the care management services provided in ABI Waiver Program 1 with those offered in ABI Waiver Program 2. This would include comparative studies, evaluations, or internal discussions that highlight the differences or similarities between the two programs.
3. Compliance Reports and Internal Audits: I am particularly interested in obtaining all compliance reports or internal audits conducted concerning the provision of consultation services by care managers to ABI Waiver Program 1 consumers. This includes any findings, recommendations, or actions taken as a result of these audits.
4. Training Materials and Guidelines: Copies of any training materials, educational resources, or guidelines provided to care managers specifically for ABI Waiver Program 1. This should encompass any specialized training or instructions unique to this program.
5. Consumer Feedback and Evaluations: Records of any consumer feedback, evaluations, or surveys that relate to the experiences of individuals enrolled in ABI Waiver Program 1 with their care managers.
6. Administrative Correspondence: Any relevant administrative correspondence that discusses or refers to the care management and consultation services in ABI Waiver Program 1, including memos, emails, or meeting minutes.

Re: Appeal of FOIA Request Response Dated 10.27.2023

Dear FOIA Officer,

I am writing to appeal the response provided by the Department of Social Services on October 27, 2023, to my Freedom of Information Act request dated October 23, 2023. This request sought detailed information about communications between your department and myself, including names and official titles of all FOIA officers, dates and times of interactions, and all related FOIA requests and responses.

Basis for Appeal

Incomplete Disclosure: While I acknowledge the response provided, it appears that the disclosure did not fully address all elements of my request, specifically concerning the comprehensive details of all interactions and related correspondence as outlined in sections a, b, and c of my original request.

Legal Obligation Under FOIA: Under the Connecticut Freedom of Information Act, Conn. Gen. Stat. §§ 1-200 to 1-206, public agencies are mandated to provide full access to public records, except for those expressly exempted. This encompasses a comprehensive disclosure of all relevant documents and information pertaining to the request.

Public Interest: The information requested is crucial for understanding the nature and extent of the communications between ABI Resources and the Department, which is a matter of public interest and pertains to the principles of transparency and accountability in government.

Accommodation for Disability: As previously stated, due to a recognized disability, I require the requested information in an accessible electronic format. This accommodation is necessary to ensure my equal access to the requested information.

Clarification on Exemptions: If any part of the requested information is exempt from disclosure, I request a detailed written explanation for each exemption, citing the specific statutory provisions.

Action Requested

I respectfully request a reevaluation of my FOIA request, ensuring that a thorough and complete disclosure of all requested information is provided. If certain parts of my request are deemed exempt, I seek a detailed justification for each specific exemption.

I trust that the Department of Social Services will adhere to the principles of transparency and accountability as mandated by the Connecticut FOIA and provide a comprehensive response to my request.

Thank you for your attention to this appeal. I look forward to a prompt and complete resolution of this matter.

Best regards,
David Medeiros

As discussed in previous requests, FOIA does not include producing documents that do not already exist, nor does it include answering specific questions. That being said, we do strive to ensure all requests are thoroughly addressed:

- Sub-Section A
 - Giovanni Pinto – Communications Manager
 - David Seifel – Legislative Manager
- Sub-Section B
 - All dates and time stamps are included on each email provided

Following this response, I will consider this request completed within the Department of Social Services.

Request for Complete Disclosure of Information under the Freedom of Information Act

Date: October 27, 2023

Dear Freedom of Information Act (FOIA) Officer,

I am writing to follow up on my previous request submitted under the Freedom of Information Act (5 U.S.C. § 552), seeking access to specific information held by your agency.

Upon reviewing your response to my initial request, I noticed that while you have indicated that the information sought is included within the documents provided, it appears that there are certain parts of the requested information that have not been fully disclosed. Specifically, I am referring to items A and B, which were outlined in my original request.

I understand that the FOIA process involves a thorough examination of the requested information and appreciate the efforts taken by your team to respond to my inquiry. However, I would like to ensure that my request is comprehensively addressed, and all pertinent information is provided.

In light of the above, I kindly request that you revisit my initial application and **ensure that items A and B are included in the response**. If these items are exempt from disclosure under any specific FOIA exemption, I would appreciate if you could provide a detailed explanation of the exemption applied, as well as the specific reasons why these items cannot be released.

Please know that the information I am seeking is crucial for my ongoing research, and having complete access to it is of paramount importance. I am confident that your agency is committed to upholding the principles of transparency and accountability, and I trust that you will take the necessary steps to address this matter promptly.

Thank you in advance for your time and attention to this request. I look forward to your prompt and positive response.

Sincerely,

David Medeiros

Subject: Freedom of Information Act Request: Communications with David Medeiros and ABI Resources

Dear Connecticut Department of Social Services,

I am writing to formally submit a Freedom of Information Act (FOIA) request, as stipulated by Conn. Gen. Stat. §§ 1-200 to 1-206, seeking disclosure of communications between your department and both Mr. David Medeiros and ABI Resources.

The specifics of my requested records are as follows:

- a. I request a record of names and official titles of all FOIA officers within your department who have engaged in communications with Mr. David Medeiros and/or representatives from ABI Resources.
- b. I seek information on the dates and times of all such interactions.
- c. I request all FOIA requests submitted by Mr. David Medeiros and/or ABI Resources, alongside any corresponding responses and related correspondence from your department.

I assert that the requested information is not shielded from disclosure under the Connecticut FOIA, as it is pertinent to the public's affairs and is not classified as privileged or confidential.

Should any part of the requested documents be deemed exempt from disclosure, I request a comprehensive written justification for each exemption, referencing the pertinent statutory exemption, and ask that only the exempted portions be redacted, leaving the remainder of the document intact. In the event of a partial or full denial of my request, I ask for a written explanation, citing the specific statutory exemptions that justify the denial.

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

Thank you for your understanding and assistance.

Sincerely,

Subject: Urgent: Request for Assistance and Clarification on Medicaid ABI Waiver Consumer Compensation and Compliance with FOIA

To whom it may concern,

I trust this email finds you in good health and spirits. My name is David Medeiros, and I am writing to you in my capacity as a business owner, disability advocate, and concerned Connecticut resident.

I am reaching out to seek your assistance and intervention in a matter that has significant implications on transparency, accountability, and the welfare of individuals under the Acquired Brain Injury (ABI) Waiver Program.

Background:

On September 20, 2023, I submitted a formal complaint and a Freedom of Information Act (FOIA) request to the Department of Social Services (DSS) concerning the employment practices and consumer compensation within the ABI Waiver Program, specifically related to the Supported Living Group (SLG). Unfortunately, the responses received from the DSS have been inadequate, raising concerns about compliance with FOIA and the overall commitment to transparency and accountability.

Key Issues:

Incomplete Response to FOIA Request: Despite my explicit request for comprehensive information regarding consumer compensation, the responses from the DSS have been partial and unclear, without any specific citation of FOIA exemptions for withholding information.

Lack of Clarity on Consumer Compensation: There are serious concerns about the compensation of consumers within the ABI Waiver Program, including potential violations of wage standards, workplace safety issues, and exploitation of individuals with disabilities.

Non-Compliance with FOIA: The DSS's responses seem to disregard the principles of FOIA, which mandates federal agencies to disclose requested information unless specific exemptions apply, with the burden of justification resting on the agency.

Request for Assistance:

Given the gravity of the issues at hand and the potential impact on vulnerable individuals, I am seeking your support to:

Ensure Comprehensive Compliance with FOIA: Prompt the DSS to provide a complete and detailed response to my FOIA request, including specific reasons for any withholding or redaction of information.

Address Concerns on Consumer Compensation: Facilitate a thorough review and investigation into the employment practices and compensation of consumers within the ABI Waiver Program, ensuring fair treatment and compliance with legal standards.

Uphold Transparency and Accountability: Advocate for transparency, accountability, and the protection of the rights and welfare of individuals with disabilities participating in the ABI Waiver Program.

Attached to this email, you will find a comprehensive chronology of the email communications and requests made to the DSS, outlining the issues in detail.

Dear FOIA Officer,

We have received your message stating that you consider this request completed within the Department of Social Services. However, after careful review of our correspondence and the provided documents, it appears that there are outstanding items and issues that need to be addressed to ensure full compliance with the FOIA

and to adequately respond to David Medeiros and ABI Resources' request.

Under the FOIA, federal agencies are required to disclose any information requested unless it falls under one of nine exemptions which protect interests such as personal privacy, national security, and law enforcement. The burden is on the agency to substantiate why an exemption applies to a requested record.

In our case, we have not received a complete response to our request, and no specific exemption has been cited for withholding any part of the requested information. We kindly request that the Department provide the following:

A detailed list of all documents responsive to our FOIA request, including those that have been withheld, partially redacted, or are otherwise not provided in full.

Clear and specific reasons for any withholding or redaction, citing the relevant FOIA exemption.

Information on how to appeal any decisions to withhold or redact information.

An estimated date by which any additional responsive documents will be provided.

We understand that the FOIA process can be complex, and we appreciate the Department's efforts to respond to our request. However, compliance with the FOIA is of paramount importance to ensure transparency, accountability, and public trust. We are committed to working collaboratively with the Department to resolve any outstanding issues and to complete this request to the satisfaction of all parties involved.

Please consider this message as a formal appeal to the Department's initial response to the FOIA request. We expect that the Department will re-evaluate the request, conduct a thorough search for responsive documents, and provide a complete response in accordance with the FOIA. We kindly request a response to this appeal within the statutory 20-working day period.

Would please provide the FOIA request?

Additionally Would please provide your full name and supervisor's name?

Thank you for your attention to this matter. We look forward to resolving this issue promptly and amicably.

Here's why this information falls under the FOIA:

The Freedom of Information Act (FOIA) is a law that gives you the right to access information from the federal government. It is often described as the law that keeps citizens in the know about their government. The information in question relates to the employment practices and treatment of a specific consumer in a program funded by Medicaid under the ABI Waiver, overseen by the Department of Social Services (DSS). Here's why this information would fall under the FOIA:

1. Agency Accountability:

Federal and State Involvement: The letter addresses concerns to the United States Department of Labor, Connecticut Department of Labor, and Connecticut Department of Social Services, all of which are government entities.

Public Funding: The ABI Waiver program is federally funded through Medicaid, making it subject to public accountability and transparency.

2. Public Interest:

Welfare and Rights of Individuals: The complaint highlights potential violations of labor laws, workplace safety, discrimination, and exploitation, all of which are of public interest.

Integrity of Public Programs: Ensuring that public programs are administered fairly, legally, and safely is in the public interest, as it promotes trust in government institutions.

3. Transparency and Oversight:

Review of Government Action (or Inaction): The letter expresses concern that the complaint has not been acknowledged or acted upon, suggesting a need for oversight and transparency in how complaints are handled.

Potential Violations of Law: The issues raised in the complaint could indicate violations of labor laws, safety regulations, and rights of individuals with disabilities, which warrant transparent investigation and accountability.

4. Empowering Citizens:

Right to Know: Under FOIA, citizens have the right to know what actions are being taken by government entities and to ensure that these actions are lawful and ethical.

Ensuring Fair Treatment: Access to information via FOIA empowers citizens to hold government entities accountable for the fair treatment of individuals in public programs.

5. Addressing Grievances:

Formal Investigation: The letter requests a formal investigation into the matter, which aligns with FOIA's role in facilitating access to information that may be used to address grievances and seek redress.

Conclusion:

The FOIA plays a crucial role in ensuring government transparency, accountability, and responsiveness to citizens. In this case, accessing information about the handling of the complaint, the employment practices at Supported Living Group, and the oversight provided by the Department of Social Services is essential to addressing potential injustices, upholding labor standards, and ensuring the welfare of vulnerable individuals in publicly funded programs. The FOIA officer's involvement is crucial in ensuring that this matter is treated with the urgency, transparency, and thoroughness it deserves, in line with the principles of open government and the rights of citizens under the Freedom of Information Act.

Again, Would please provide the FOIA request.

Additionally Would please provide your full name and supervisors name?

Thank you,
David Medeiros

I am writing to bring to your attention a matter that requires urgent review and action. On Wednesday, September 20, 2023, at 7:58 AM, a formal complaint was submitted to the DSS Commissioner and Amy Dumont, DSS Chief Operating Officer, with the subject title "Request for Investigation: ABI Waiver Program Consumer Employment Concerns at Supported Living Group (SLG)."

The electronic system confirmed the successful delivery of the complaint. However, as of the date of this letter, there is no record indicating that the aforementioned representatives have opened or read the submitted complaint.

We acknowledge that the Department of Social Services (DSS) has a responsibility to ensure the welfare and fair treatment of consumers in the ABI Waiver Program, and we trust that this matter will be treated with the urgency and attention it deserves. It is crucial for the integrity of the DSS and the well-being of the consumers that all complaints are thoroughly reviewed and addressed in a timely manner.

We kindly request that the FOIA officer ensures that this complaint is promptly brought to the attention of the relevant parties and that a formal investigation is initiated without further delay.

Thank you for your immediate attention to this serious matter. We are confident that you will handle this issue with the professionalism and urgency it warrants.

I have included a copy of the complaint for your records.

Sincerely,

Subject: Request for Investigation: Employment Concerns at Supported Living Group (SLG)

Dear Sir/Madam,

The information presented in this letter is based on joint communications and inputs received both from the said consumer and their conservator. It is intended to ensure that relevant authorities are made aware of potential concerns for their due consideration and investigation. Neither David Medeiros, ABI Resources, nor any affiliated entities or individuals claim full accuracy of the details however believe that they warrant the attention of the mentioned authorities. The representation of facts is made in good faith, and it is hoped that any action taken in response is with the objective of ensuring fair and just employment practices for all individuals involved.

I am writing to formally express concerns and request an investigation into the employment practices at the Supported Living Group (SLG) located in the Executive Office of Bethany, 23 Amity Rd, Bethany, CT 06524. The details provided below pertain to a brain-injured adult man from Madison, CT who may appear to be both a consumer and employee of SLG's Medicaid federally funded ABI Waiver day program.

Employment Details:

Wage and Hour Standards: The consumer works approximately 21 hours a week but may appear to be compensated at a rate of just \$10 a day. This does not meet the federal minimum wage standards. The format of this payment (cash or check) may appear to be unclear, which can raise concerns about wage documentation and tax implications.

Workplace Safety and Health: The consumer's duties involve several physically demanding tasks. The consumer aids with PCA services, which include assisting other consumers to the restroom, setting up commodes, and transferring them to and from these commodes. The consumer also aids attendees prone to falling and even assists in lifting these individuals from the floor. Given his own health challenges due to a spinal cord injury, these tasks pose significant risks. The consumer may appear to be advised against heavy lifting and has balance and impulsivity issues, which compound the health and safety risks. It's imperative to assess if this environment may appear to be compliant with Occupational Safety and Health (OSHA) regulations.

Employment and Training: The consumer was handed supervisory duties with minimal instructions, potentially jeopardizing the welfare of both himself and those the consumer oversees.

Workplace Discrimination: The potential exploitation due to his disability, given the disparity between his responsibilities and his compensation, may appear to be concerning.

Employee Benefits Security: The ambiguity about his employment status raises questions on whether the consumer receives any employee benefits.

Unemployment Insurance and Workers' Compensation: With unclear employment details and payment methods, there's uncertainty about his coverage under unemployment insurance or workers' compensation in case of a workplace incident.

Motivation and Future Prospects:

The consumer's commitment to his role, despite the challenges, seems largely influenced by the \$10 daily pay and the potential promises of full-time employment after a year with SLG.

Communication and Conflict of Interest:

It seems there may have been some level of coercion or undue influence in the consumer's appointment to this role.

A significant conflict of interest exists, as the consumer's ABI Waiver cognitive behaviorist provider may appear to be also an SLG employee, which can hinder transparent communication about workplace grievances or concerns.

Attendees' Profile:

The attendees, supervised by the consumer, are brain injury survivors with behavioral challenges, making the consumer's responsibilities even more demanding given his own health issues.

Conclusion:

The concerns outlined underscore potential breaches in labor standards and regulations for Connecticut's Medicaid ABI Waiver day programs. The potential exploitation, safety hazards, and conflicts of interest necessitate a comprehensive investigation into SLG's employment practices to ensure the rights and welfare of all its workers, including this specific consumer, are upheld.

Sincerely,

David Medeiros

RE: Freedom of Information Act Request FOIA

I am writing to you under the provisions of the Connecticut Freedom of Information Act § 1-200 to request access to and a copy of all records related to the Medicaid Acquired Brain Injury (ABI) Waiver Program, specifically focusing on the involvement of the Supported Living Group and any compensation provided to consumers for participating in Medicaid ABI Waiver program services.

I am seeking the following records.

- a. Records of amounts of compensation paid to consumers.
- b. Records of frequency of payments.
- c. Records of criteria for eligibility for compensation.
- d. Records of funding sources for the compensation.
- e. Records of any limitations or conditions attached to consumer compensation.
- f. Records of complaints, investigations, or audits related to the payment or compensation of consumers participating in the ABI Waiver Program through the Supported Living Group.
- g. Records of policies, guidelines, or regulations that govern the payment or compensation of consumers within the Medicaid ABI Waiver Program, specifically in relation to services and payments provided by the Supported Living Group.

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

Thank you for your understanding and assistance.

I am writing to you under the provisions of the Connecticut Freedom of Information Act § 1-200 to request access to and a copy of all records related to the Acquired Brain Injury (ABI) Waiver Program, specifically focusing on the involvement of the Supported Living Group and any compensation provided to consumers for participating in services.

To assist in locating the information, I am seeking answers to the following questions:

Are consumers under the ABI Waiver Program paid or compensated in any way for participating in services provided by the Supported Living Group or affiliates? If so, could you provide details on the nature and structure of this compensation, including:

- a. Amounts of compensation
- b. Frequency of payments
- c. Criteria for eligibility for compensation
- d. Funding sources for the compensation
- e. Any limitations or conditions attached to the compensation

Have there been any complaints, investigations, or audits related to the payment or compensation of consumers participating in the ABI Waiver Program through the Supported Living Group? If so, what were the outcomes of these inquiries?

Are there any policies, guidelines, or regulations that govern the payment or compensation of consumers within the ABI Waiver Program, specifically in relation to services provided by the Supported Living Group?

How is the integrity and proper administration of consumer compensation within the ABI Waiver Program ensured, and what safeguards are in place to prevent misuse or misallocation of funds?

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

David –

As discussed in previous requests, FOIA does not include producing documents that do not already exist, nor does it include answering specific questions. That being said, we do strive to ensure all requests are thoroughly addressed:

- Sub-Section A
 - Giovanni Pinto – Communications Manager
 - David Seifel – Legislative Manager
- Sub-Section B
 - All dates and time stamps are included on each email provided

Following this response, I will consider this request completed within the Department of Social Services.

Thank you for your patience,

Request for Complete Disclosure of Information under the Freedom of Information Act

Date: October 27, 2023

Dear Freedom of Information Act (FOIA) Officer,

I am writing to follow up on my previous request submitted under the Freedom of Information Act (5 U.S.C. § 552), seeking access to specific information held by your agency.

Upon reviewing your response to my initial request, I noticed that while you have indicated that the information sought is included within the documents provided, it appears that there are certain parts of the requested information that have not been fully disclosed. Specifically, I am referring to items A and B, which were outlined in my original request.

I understand that the FOIA process involves a thorough examination of the requested information and appreciate the efforts taken by your team to respond to my inquiry. However, I would like to ensure that my request is comprehensively addressed, and all pertinent information is provided.

In light of the above, I kindly request that you revisit my initial application and **ensure that items A and B are included in the response**. If these items are exempt from disclosure under any specific FOIA exemption, I would appreciate if you could provide a detailed explanation of the exemption applied, as well as the specific reasons why these items cannot be released.

Please know that the information I am seeking is crucial for my ongoing research, and having complete access to it is of paramount importance. I am confident that your agency is committed to upholding the principles of transparency and accountability, and I trust that you will take the necessary steps to address this matter promptly.

Thank you in advance for your time and attention to this request. I look forward to your prompt and positive response.

Sincerely,

David Medeiros

Subject: Freedom of Information Act Request: Communications with David Medeiros and ABI Resources

Dear Connecticut Department of Social Services,

I am writing to formally submit a Freedom of Information Act (FOIA) request, as stipulated by Conn. Gen. Stat. §§ 1-200 to 1-206, seeking disclosure of communications between your department and both Mr. David Medeiros and ABI Resources.

The specifics of my requested records are as follows:

- a. I request a record of names and official titles of all FOIA officers within your department who have engaged in communications with Mr. David Medeiros and/or representatives from ABI Resources.
- b. I seek information on the dates and times of all such interactions.

Mail - ABI RESOURCES 860 942-0365 - Outlook

c. I request all FOIA requests submitted by Mr. David Medeiros and/or ABI Resources, alongside any corresponding responses and related correspondence from your department.

I assert that the requested information is not shielded from disclosure under the Connecticut FOIA, as it is pertinent to the public's affairs and is not classified as privileged or confidential.

Should any part of the requested documents be deemed exempt from disclosure, I request a comprehensive written justification for each exemption, referencing the pertinent statutory exemption, and ask that only the exempted portions be redacted, leaving the remainder of the document intact. In the event of a partial or full denial of my request, I ask for a written explanation, citing the specific statutory exemptions that justify the denial.

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

Thank you for your understanding and assistance.

Sincerely,

David Medeiros

Re: Follow-Up on Formal Complaint and Freedom of Information Act (FOIA) Request

To the attention of:

Connecticut Governor Ned Lamont and the Connecticut Department of Social Services.

10/23/2023

I am again writing to bring to your attention a matter that requires urgent review and action. On Wednesday, September 20, 2023, at 7:58 AM, a formal complaint was submitted to the DSS Commissioner and Amy Dumont, DSS Chief Operating Officer, with the subject title "Request for Investigation: ABI Waiver Program Consumer Employment Concerns at Supported Living Group (SLG)."

The electronic system confirmed the successful delivery of the complaint. However, as of the date of this letter, there is no record indicating that the aforementioned representatives have opened or read the submitted complaint.

We acknowledge that the Department of Social Services (DSS) has a responsibility to ensure the welfare and fair treatment of consumers in the ABI Waiver Program, and we trust that this matter will be treated with the urgency and attention it deserves. It is crucial for the integrity of the DSS and the well-being of the consumers that all complaints are thoroughly reviewed and addressed in a timely manner.

We kindly request that the FOIA officer ensures that this complaint is promptly brought to the attention of the relevant parties and that a formal investigation is initiated without further delay.

Thank you for your immediate attention to this serious matter. We are confident that you will handle this issue with the professionalism and urgency it warrants.

I have included a copy of the complaint for your records.

Sincerely,
David Medeiros

Subject: Request for Investigation: Employment Concerns at Supported Living Group (SLG)

Dear Sir/Madam,

The information presented in this letter is based on joint communications and inputs received both from the said consumer and their conservator. It is intended to ensure that relevant authorities are made aware of potential concerns for their due consideration and investigation. Neither David Medeiros, ABI Resources, nor any affiliated entities or individuals claim full accuracy of the details however believe that they warrant the attention of the mentioned authorities. The representation of facts is made in good faith, and it is hoped that any action taken in response is with the objective of ensuring fair and just employment practices for all individuals involved.

I am writing to formally express concerns and request an investigation into the employment practices at the Supported Living Group (SLG) located in the Executive Office of Bethany, 23 Amity Rd, Bethany, CT 06524. The details provided below pertain to a brain-injured adult man from Madison, CT who may appear to be both a consumer and employee of SLG's Medicaid federally funded ABI Waiver day program.

Employment Details:

Wage and Hour Standards: The consumer works approximately 21 hours a week but may appear to be compensated at a rate of just \$10 a day. This does not meet the federal minimum wage standards. The format of this payment (cash or check) may appear to be unclear, which can raise concerns about wage documentation and tax implications.

Workplace Safety and Health: The consumer's duties involve several physically demanding tasks. The consumer aids with PCA services, which include assisting other consumers to the restroom, setting up commodes, and transferring them to and from these commodes. The consumer also aids attendees prone to falling and even assists in lifting these individuals from the floor. Given his own health challenges due to a spinal cord injury, these tasks pose significant risks. the consumer may appear to be advised against heavy lifting and has balance and impulsivity issues, which compound the health and safety risks. It's imperative to assess if this environment may appear to be compliant with Occupational Safety and Health (OSHA) regulations.

Employment and Training: The consumer was handed supervisory duties with minimal instructions, potentially jeopardizing the welfare of both himself and those the consumer oversees.

Workplace Discrimination: The potential exploitation due to his disability, given the disparity between his responsibilities and his compensation, may appear to be concerning.

Employee Benefits Security: The ambiguity about his employment status raises questions on whether the consumer receives any employee benefits.

Unemployment Insurance and Workers' Compensation: With unclear employment details and payment methods, there's uncertainty about his coverage under unemployment insurance or workers' compensation in case of a workplace incident.

Motivation and Future Prospects:

The consumer's commitment to his role, despite the challenges, seems largely influenced by the \$10 daily pay and the potential promises of full-time employment after a year with SLG.

Communication and Conflict of Interest:

It seems there may have been some level of coercion or undue influence in the consumer's appointment to this role.

A significant conflict of interest exists, as the consumer's ABI Waiver cognitive behaviorist provider may appear to be also an SLG employee, which can hinder transparent communication about workplace grievances or concerns.

Attendees' Profile:

The attendees, supervised by the consumer, are brain injury survivors with behavioral challenges, making the consumer's responsibilities even more demanding given his own health issues.

Conclusion:

The concerns outlined underscore potential breaches in labor standards and regulations for Connecticut's Medicaid ABI Waiver day programs. The potential exploitation, safety hazards, and conflicts of interest necessitate a comprehensive investigation into SLG's employment practices to ensure the rights and welfare of all its workers, including this specific consumer, are upheld.

Sincerely,

David Medeiros

RE: Freedom of Information Act Request FOIA

I am writing to you under the provisions of the Connecticut Freedom of Information Act § 1-200 to request access to and a copy of all records related to the Acquired Brain Injury (ABI) Waiver Program, specifically focusing on the involvement of the Supported Living Group and any compensation provided to consumers for participating in services.

To assist in locating the information, I am seeking answers to the following questions:

Are consumers under the ABI Waiver Program paid or compensated in any way for participating in services provided by the Supported Living Group or affiliates? If so, could you provide details on the nature and structure of this compensation, including:

- a. Amounts of compensation
- b. Frequency of payments
- c. Criteria for eligibility for compensation
- d. Funding sources for the compensation
- e. Any limitations or conditions attached to the compensation

Have there been any complaints, investigations, or audits related to the payment or compensation of consumers participating in the ABI Waiver Program through the Supported Living Group? If so, what were the outcomes of these inquiries?

Are there any policies, guidelines, or regulations that govern the payment or compensation of consumers within the ABI Waiver Program, specifically in relation to services provided by the Supported Living Group?

How is the integrity and proper administration of consumer compensation within the ABI Waiver Program ensured, and what safeguards are in place to prevent misuse or misallocation of funds?

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

Thank you for your understanding and assistance.

Sincerely,

Subject: Medicaid ABI Waiver Program Waitlist | Freedom of Information Act FOIA Request | Connecticut Gov. 11.13.2023

Dear Freedom of Information Officer,

Under the Freedom of Information Act, 5 U.S.C. § 552, I am requesting access to and copies of all records and documents maintained by the Connecticut Department of Social Services pertaining to the waiting list of individuals for the Medicaid Acquired Brain Injury (ABI) services in section 17b-260a-4(d) of the Regulations of Connecticut State Agencies.

Specifically, I am seeking the following:

a) Documents Describing the Waiting List Process: Any and all documents that describe the process and criteria used for maintaining the waiting list for ABI services.

b) Statistical Data: Any statistical data or reports on the number of individuals on the waiting list, including the duration of their wait and the reasons for their ineligibility as per section 17b-260a-4(d).

c) Policy and Procedure Manuals: Copies of any policy and procedure manuals or guidelines regarding the administration of the ABI waiting list.

d) Internal Communications: Relevant internal communications discussing the management or policy decisions related to the ABI waiting list. – This is criteria already included in your 9/26/2023 request that is projected to take over a year to complete.

Please note, if certain records or documents are exempt from disclosure under the FOIA, I request that you provide an index of such documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973), along with a detailed explanation of why each document is exempt from disclosure.

I kindly request accommodations due to my disability. To facilitate my accessibility and participation, I would greatly appreciate the use of electronic records. Your support in this matter is highly valued.

Connecticut Department of Social Services, DSS Legal. Formal FOIA request.

In reference to what may appear to be ABI Waiver program discriminatory and biased practices, challenges, and concerns. Additionally, these concerns also relate to the MFP program.

Appendix D: Participant-Centered Planning and Service Delivery**D-1: Service Plan Development (6 of 8)**

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary. This listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by DSS to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an updated and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

The DSS contracted fiduciary listing may appear to be discriminatory to the disabled ABI Waiver population it serves and Medicaid providers:

- The listing is not accessible or viewable to the public.
- Locked and only accessible via an email address verification process, username, and created a password for consumers of the ABI Waiver Program.
- Many of the disabled ABI Waiver Program population cannot afford the internet and the equipment needed to access the internet to navigate their listing.
- Many disabled ABI populations cannot navigate and understand internet-based communication processes.
- Many disabled ABI Waiver populations live with communication and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for callbacks, or requesting the listing mailed to their home address is a highly complex process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without giving the complete DSS
