

- y) CT DSS Care management agencies are pressuring Consumers verbally during quarterly Medicaid-required Team Meetings with Medicaid agencies to the Supported Living Group LLC for *Medicaid Funded Therapy services*.
- z) CT DSS uses requests and directives from people, not Medicaid Consumers or legal conservators, to their vantage.
- aa) CT DSS care management has and is making additional Medicaid Referrals forcing The Supported Living Group LLC LLCs' Medicaid Therapist on Medicaid Consumers.
- bb) The number of Consumers on the program versus the number of clients The Supported Living Group LLC serves may appear grossly disproportionate to the number of approved Medicaid agency service providers.
- cc) CT DSS may appear to be purposely not collecting or hiding Medicaid data to manipulate FOIA requests. Information such as the number of Medicaid Consumers who receive Medicaid services from The Supported Living Group LLC.
- dd) What is the total number of CT DSS-approved Medicaid agency providers on the CT DSS Approved Provider List?
- ee) What is the total number of Medicaid Consumers receiving MFP and ABI waiver services?
- ff) What number of Medicaid Referrals has The Supported Living Group LLC received from CT DSS care management? What number of Medicaid Referrals have been made to the Supported Living Group LLC?
- gg) What is the total number of Medicaid Consumers receiving Medicaid services from The Supported Living Group LLC?
- hh) What is the total number of CT DSS care management Medicaid Referrals from the Supported Living Group LLC?
- ii) What is the total amount of Medicaid funding billed between The Supported Living Group LLC and CT DSS care management agencies?
- jj) CT DSS care management is dictating Medicaid Referrals to the Supported Living Group LLC and excluding hundreds of approved Medicaid Agencies.
- kk) The Supported Living Group LLC or its owners may force Medicaid Consumers to live in apartments owned by the company president or people with mutual financial benefits. These Medicaid Consumers use Federal Social Security disability funds to pay the rent. If these Medicaid Consumers wish to change Medicaid agency providers, they may also lose their

apartments. These actions are a manipulated complex effort to force Medicaid Consumers to avoid terminating Medicaid relationships.

- ll) The Supported Living Group LLC may have a covert and active stipend system to pay Medicaid Consumers. This type of financial relationship with Medicaid Consumers forces the Medicaid Consumers to stay with The Supported Living Group LLC because they are paying them.
- mm) The Supported Living Group LLC Director of Clinical Services Doctor provides *Medicaid-Funded Cognitive Behavioral Therapy* to the same Medicaid Consumers receiving Medicaid *home-based* services from the same agency. The individual Medicaid consumer is trapped within a circle of Medicaid Funding, each feeding the other in a back-and-forth kickback system. The Therapist dictates the *home-based* Medicaid services needed. The Supported Living Groups' *home-based* providers report the need for more therapeutic services back to The Supported Living Groups' Therapist and vice versa. This back-and-forth process increases Medicaid-Funding services and traps the individual with The Supported Living Group. And CT DSS care management Medicaid services are needed and funded. The Supported Living Group LLC dictates the need for Medicaid service funding and receives the Medicaid services funding. This kickback system dictates the type of Medicaid Services and the number of Medicaid services the Medicaid Consumer must use.
- nn) Care managers have and continue to take verbal actions by consistently calling Medicaid Consumers, pressuring them to change agencies to the Supported Living Group LLC.
- oo) Care Managers are violating Medicaid program policies and intentionally not informing or investigating Medicaid agency providers about concerns.
- pp) CT DSS care management forces the individual to receive The Supported living Group LLC's *Medicaid-funded Cognitive Behavioral Therapy services*, knowing that the Consumer must attend these therapy sessions at The Supported living Group LLC's offices. This is a significant conflict of interest as Medicaid consumers, and other agency employees are poached at this location.
- qq) CT DSS forces Medicaid Agency Providers to be trained and certified by the Supported Living Group to provide the same Medicaid Services.

The Supported Living Group

January 7 ·

The Supported Living Group (SLG) is thrilled to announce a newly established link with Connecticut Community Care (CCC) <https://www.facebook.com/ctcommunitycare> which will work to promote art pieces produced by brain injury survivors!

The link established will enable art pieces created in SLG's ABI Waiver associated supported employment programs to be displayed at CCC offices throughout Connecticut. It is hoped, that this link will provide greater levels of exposure for SLG's talented artists from the brain injury community and open dialogue around the complex recovery process that they have faced.

To learn more about SLG's array of specialized brain injury support services contact us today at: 860-774-3400.

To.

Connecticut Department of Social Services, DSS Legal. Formal FOIA request.

In reference to what may appear to be ABI Waiver program discriminatory and biased practices, challenges, and concerns. Additionally, these concerns also relate to the MFP program.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary. This listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by DSS to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an updated and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

The DSS contracted fiduciary listing may appear to be discriminatory to the disabled ABI Waiver population it serves and Medicaid providers:

- The listing is not accessible or viewable to the public.
- Locked and only accessible via an email address verification process, username and created password for consumers of the ABI Waiver Program.
- Much of the disabled ABI Waiver Program population cannot afford internet and the equipment needed to access the internet to navigate their listing.
- Much of the disabled ABI population are unable navigate and understand internet-based communication processes.
- The majority of the disabled ABI Waiver population live with communication, and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for call backs or to request the listing be mailed to their home address is a very complicated process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without providing the complete DSS

ABI RESOURCES LLC

ABI Resources LLC 39 Kings Highway Suite C, Gales Ferry, CT, 06335
www.CTbrainINJURY.com 860 942-0365

contracted fiduciary listing. This action is not ethical and biased as disabled ABI waiver consumers are not being afforded their complete options and possibly bias selection of providers that may provide a more beneficial Case Management relationship. ABI Waiver and MFP consumers may appear to be not completely informed and misled during the decision-making process and may be left completely out of the selection process. This may appear to be discriminating and misleading to consumers with disabilities and not providing them the same civil rights into their person-centered program decision process. An example of this would be a verbal phone conversation promoting a specific provider, leading or steering a client to meet with or arranging referral before a consumer is completely informed or provided their complete options by a Case Management selected provider.

- It may appear that DSS, Case Management providers and the contracted fiduciary listing provider are aware of these discriminatory processes and practices.
- How does DSS ensure the disabled population is not being discriminated against and provide the procedural validation system used to ensure civil rights are completely adhered to?
- Additionally, it may appear that the DSS contracted fiduciary listing is discriminatory and biased to intentionally confuse the disabled ABI Waiver consumer in this way as well. Below are the first 2 webpages of many, that DSS'S contracted fiduciary is listing, note that agency providers are listed biasedly and misleadingly, listing the same providers in duplicate, triplicate and more.

Home Log Out

- Note the services do not list the services that the disabled ABI Waiver consumers understand and are familiar with such as Companion, ILST, homemaker RA and more. This may appear to be misleading and confusing.

The screenshot shows the 'Directory Report Criteria' page of the ABI Resources LLC website. The page has a blue header with the tagline 'Creating Opportunities for People'. Below the header, there are tabs for 'Portal' and 'Directory'. The main content area is titled 'Directory Report Criteria' and includes a welcome message and instructions on how to use the search filters. The filters include a 'Program' dropdown set to 'ABI', 'Provider Types', 'Regions', 'Services' (with 'Assisted Technology' and 'Environmental Accessibility Adapt' selected), 'Towns', and 'Additional Languages'. At the bottom of the filters are 'Directory' and 'List' buttons. The footer contains a navigation menu with links like 'HOME', 'ABOUT US', 'PROGRAMS & SERVICES', etc., and a copyright notice for 2022.

- CBT and or Behaviorist services are not listed on the DSS contracted fiduciary listing. This creates many questionable and concerning challenges that may promote a discriminatory and/or bias decision-making process. Case Managers are not providing the disabled ABI Waiver program listing to choose from and may be selecting, making proactive referrals, and promoting behaviorists that benefit Case management relationships more than the Disabled ABI Waiver consumer. This may appear to be a discriminatory and bias practice.

ABI Resources is formally requesting a Department of Social Services internal investigation of these practices and concerns as well as a FOIA request for the policies and practices of protecting the civil rights of the disabled under the ABI Waiver program guidelines.

Hello Amy,

ABI Resources has been working with a family on MFP for over a year now on discharge planning, the client is [REDACTED] in Gales Ferry. Today at the discharge meeting it was brought to our attention that CCCI arranged a meeting with SLG for the client's family. CCCI expressed to everyone, that the family should go with a LARGE agency that can provide all services. ABI Resources is pursuing this legally as a result.

Would you please give me a call? 860 463-3638

Good afternoon Commissioner Gifford and Mrs Cavallaro,

ABI Resources has been informed that the new agency contacted ABI Resources employees who were working with the Gales Ferry MFP client and has hired them to work with the same exact Gales Ferry MFP client. This is a clear conflict of interest. What safeguards does the Department of Social Services have in place to stop what may appear to be inclusion, referral steering and **poaching**?

All the best,

Would the Department please keep my personal information confidential to your agency only? I will speak with and aid the Department to provide more clarity. I may be a valuable resource as I have had the unique experience of being a provider for Connecticut Medicaid programs since they began in 1998 and as a survivor of TBI. I have significant concerns about whistleblower retaliation against me personally and the agency I am the founder of, ABI Resources LLC.

This information is based on my past and current experiences providing services for the brain-injured population of Connecticut. I am unsure if this is indeed fraudulent activity or if people are using loopholes to achieve personal financial gain; however, it does appear to be wrong for many reasons. The disclosure is based on a reasonable belief that the alleged wrongdoing has occurred.

November 28, 2022.

- d. [The Medicaid agency provider, The Supported Living Group LLC](#)

2. What: What may appear to be;

- a. Federal Medicaid Funded Programs. Multiple *Medicaid-Funded home-based community services* and *Medicaid Funded Cognitive Therapy* for each Brain Injury Program.
- b. [CT Acquired Brain Injury \(ABI\) Waiver \(0302.R05.00\),](#)
- c. [CT ABI Waiver II \(1085.R01.00\) and,](#)
- d. [The Money Follows the Person Program, MFP.](#)
- e. [Multiple Medicaid-funded home-based and community services.](#)

- f. *Medicaid-funded cognitive behavioral therapeutic services.*
 - g. The total number of agencies on the CT DSS Medicaid Approved Agency Provider List.
 - h. The total number of these Medicaid Consumers on the above brain injury programs.
 - i. The total number of these Medicaid Consumers currently with The Supported Living Group LLC.
 - j. The time period of bulk Medicaid Referrals to The Supported Living Group LLC.
 - k. CT DSS Care Management has and continues to make an astounding amount of Medicaid Referrals to The Supported Living Group LLC. There are hundreds of CT DSS Medicaid-approved providers.
 - l. For both The Supported Living Groups' *Medicaid Home-based services*, as well as,
 - m. The Supported Living Groups *Medicaid Cognitive Behavioral Therapy services*.
3. **How: What may appear to be;**
- a. Corruption of medical decision-making, patient steering, unfair competition, monopolization efforts, kickbacks, or inducements for Medicaid Referrals.
 - b. Violation of any law, rule, or regulation;
 - c. Gross mismanagement;
 - d. Gross waste of funds;
 - e. Abuse of authority; or
 - f. CT DSS care management appears to be funneling Medicaid Referrals to the Supported Living Group LLC exclusively and not using the CT DSS Medicaid approved agency provider list. Excluding hundreds of approved Medicaid Agencies, the Consumer's right to choose and use what may appear to be a referral kickback process.
 - g. Undocumented verbal authorizations, Using the Medicaid Consumer's disabilities to manipulate and mislead.
 - h. The Medicaid Consumers' urgent need for financial support to recover at home, the family's need to return to work, and the Medicaid Consumer's economic desperation.
 - i. CT DSS care management is making medical therapeutic Medicaid Referrals to The Supported Living Group LLC for Medicaid *home-based* services as well as *Cognitive Behavioral Therapy services*. The Supported Living Group LLC therapist dictates the amount of Medicaid funding services each Consumer requires then the Supported Living Group LLC provides these Medicaid-funded *home-based* services.

- j. The Supported Living Group LLC's Medicaid *home-based* service providers then provide the need for more Medicaid Therapeutic services in what appears to be a conflict of interests and kickback system.
 - k. **CT DSS** Medicaid approved provider list is intentionally biased, discriminatory, and corrupt. This corruption has been repeatedly reported to CT DSS for many years. CT DSS and the access agency that manages the Approved Provider Lists have a mutually beneficial relationship.
4. **Why: What may appear to be;**
- a. Consumers have the right to choose their Medicaid providers. Consumers can select multiple Medicaid providers for their *home-based* and community services. CT DSS care management is steering Medicaid-Funded program services and Medicaid Consumers to the Supported Living Group to reduce the CT DSS care management workload, violating the Medicaid Consumers' right to choose. These actions also place the individual into a significantly disadvantaged situation forcing the level of CT DSS care management to be reduced. Additionally, the relationship between CT DSS care management and the Supported Living Group is a significant conflict of interest for the Medicaid Consumer, and each agency works together for their agenda, not the Individuals' needs to support the kickback system.
 - b. CT DSS care management agencies benefit financially by reducing the number of Care Managers needed and reducing the operating costs of their time and effort. CT DSS's benefits include one place to contact and one location to have multiple required meetings on the same day. CT DSS care managers want to refrain from speaking with various agency providers.
 - c. The Supported Living Group LLC appears to receive payment from Medicaid Consumers for housing, Medicaid Funded *home-based* services, and Medicaid-funded Therapeutic services. This arrangement traps the Medicaid consumer into services and contractual relationships.
 - d. Some Medicaid Consumers may appear to be paid stipends from The Supported Living Group LLC to trap the Medicaid consumer into services and contractual relationships.
 - e. Monetary gain.
 - f. Time and ease of care management operations.
 - g. Reduced care management operating costs.

The Connecticut Department of Social Services may appear to be manipulating Medicaid Consumers recovering from brain injuries for financial gain. CT DSS may be using the Medicaid Consumer's disabilities against them. CT DSS may appear to be using a complete lack of knowledge, a crafted complex information system, desperation, time constraints, compromised communication skills, memory challenges, and cognition disabilities. CT DSS care management may appear to be fostering and praying on disabled Medicaid Consumers' lack of informed knowledge and awareness of the rights and policies of their personal Medicaid service programs. CT DSS care management has and continues to arrange and assign Medicaid Referrals to The Supported Living Group LLC to Medicaid Consumers forcing, misleading, and tricking the unaware into using the Medicaid services of the Supported Living Group LLC exclusively.

CT DSS care management first provides the Medicaid program Consumers Medicaid referral to the Supported Living Group LLC with the Medicaid Consumer's information. Secondly, CT DSS care management informs Medicaid Consumers when home Medicaid services will begin through The Supported Living Group LLC. The Medicaid referral process may appear to be completed verbally, mostly over phone calls, leaving the Medicaid Consumer at the will of CT DSS care management directives and conversation time constraints. During this process, the Medicaid Consumer may appear not to be made aware of the DSS-approved Medicaid agency provider list and that there are numerous Medicaid-approved agencies to select. In most cases, CT DSS care management specifies and dictates the Medicaid referral to The Supported living Group LLC to the Medicaid Consumer. Suppose by chance, during the Medicaid referral process; the Medicaid Consumer independently discovers they have more Medicaid agency options. In that case, CT DSS care management verbally explains that the DSS-approved Medicaid provider list may appear outdated.

The Connecticut Department of Social Services may appear to be violating the policies of the Medicaid MFP Money Follows the Person Program and the Medicaid ABI Waiver Programs I and II. Medicaid Consumers are told the Supported living Group LLC is the agency provider of *Medicaid home-based services* and *Medicaid Cognitive Behavioral Therapeutic services*.

- a) CT DSS fosters a complex online self-discovery method to confuse and frustrate Medicaid Consumers to follow their instructions.

- b) CT DSS and Medicaid care management agencies hide the CT DSS Medicaid-approved agency provider list and *Medicaid Cognitive Behavioral Therapist* list from Medicaid Consumers' awareness, using complex conversations and misleading website processes.
- c) CT DSS will not allow the approved Medicaid Provider List to be openly public.
- d) The CT DSS' Medicaid Approved provider list appears intentionally biased and manipulated to benefit CT DSS' care management operation costs and The Supported Living Group LLC, not the Medicaid Consumer.
- e) CT DSS uses a covert internet-based lock and key system to hinder disabled Medicaid Consumers from viewing the approved Medicaid agency provider list. What may appear to be using disability against the Medicaid Consumer and knowing that trusting Medicaid Consumers cannot ask for what they do not know exists. Medicaid consumers' ability to make informed decisions about their Medicaid service provider choices may appear hidden from them. This manipulation enforces the Kickback referral system.
- f) The CT DSS' approved Medicaid agency provider list may appear presented to confuse, frustrate, and manipulate Medicaid Consumers' decision-making process in a grooming-like effort to support and enforce the Medicaid kickback referral process.
- g) CT DSS care management actively lists and promotes the Supported living Group LLC's contact information more than four times on the Medicaid-approved agency provider list.
- h) It may appear that CT DSS care management is benefiting financially from a kickback system of Medicaid Referrals.
- i) CT DSS care management may appear to be masking Medicaid program information from Medicaid Consumers.
- j) CT DSS care management may appear to be misleading Medicaid Consumers and complicating their ability to make informed decisions.
- k) CT DSS care management may force Medicaid Consumers to make quick decisions before they can research, discover, and invoke their rights.
- l) CT DSS care management may appear to monopolize on time frames, expecting Medicaid Consumers to know and understand their rights under the Medicaid program and to advocate for their Medicaid services before individuals know what Medicaid services they have.
- m) CT DSS care management may appear to be the only Medicaid program information source permitted to communicate with Medicaid Consumers about their Medicaid services. Medicaid Agency-provided verbal information or communication about Medicaid services may not be

allowed. CT DSS refers to this communication as a manipulation of the care management process.

- n) CT DSS care management may appear to retaliate against Medicaid agency providers communicating with Medicaid Consumers about Medicaid services.
- o) CT DSS makes it clear to Medicaid agencies that any effort by a Medicaid agency provider to inform Medicaid Consumers of their rights or by showing Medicaid Consumers where to locate information about Medicaid services may result in the possible removal of that Medicaid agency from CT DSS Medicaid-managed programs as well as threats of DSS audits.
- p) CT DSS care management may appear to have and continues to be funneling directly to, promoting, and referring The Supported Living Group LLC's Medicaid services.
- q) Due to what appears to be a kickback system, the Supported Living Group LLC has swiftly become the largest and most dominating Medicaid MFP and ABI Waiver I and II agency provider in Connecticut.
- r) CT DSS care management gives little or no attention to reports of manipulations or kickbacks.
- s) CT DSS care management ignores reported concerns.
- t) CT DSS care management displays The Supported Living Groups' valuable artwork in their offices. This art is a promotional tool to consistently advertise to Medicaid Consumers within CT DSS care management offices. The Supported Living Group LLC provides the art.
- u) CT DSS care management uses The Supported living Group LLC's art for website advertising and internet-based social media sites promoting The Supported Living Group LLC's Medicaid Services and their Care Management services.
- v) CT DSS care management may appear to be using the Medicaid Consumers' disabilities against them to achieve the kickback agenda using verbal authorizations versus documented communication to hide their actions and avoid a paper trail.
- w) CT DSS care management quickly uses time constraints and overwhelm. To seal the deal, Medicaid Consumers must sign Medicaid program contracts quickly before careful review.
- x) CT DSS Care management agencies are pressuring Consumers verbally during quarterly Medicaid-required Team Meetings to switch Medicaid agencies to the Supported Living Group LLC for Medicaid *home-based* services as well as *Medicaid Funded Cognitive Behavioral Therapy Services*.

- y) CT DSS Care management agencies are pressuring Consumers verbally during quarterly Medicaid-required Team Meetings with Medicaid agencies to the Supported Living Group LLC for *Medicaid Funded Therapy services*.
- z) CT DSS uses requests and directives from people, not Medicaid Consumers or legal conservators, to their vantage.
- aa) CT DSS care management has and is making additional Medicaid Referrals forcing The Supported Living Group LLC LLCs' Medicaid Therapist on Medicaid Consumers.
- bb) The number of Consumers on the program versus the number of clients The Supported Living Group LLC serves may appear grossly disproportionate to the number of approved Medicaid agency service providers.
- cc) CT DSS may appear to be purposely not collecting or hiding Medicaid data to manipulate FOIA requests. Information such as the number of Medicaid Consumers who receive Medicaid services from The Supported Living Group LLC.
- dd) What is the total number of CT DSS-approved Medicaid agency providers on the CT DSS Approved Provider List?
- ee) What is the total number of Medicaid Consumers receiving MFP and ABI waiver services?
- ff) What number of Medicaid Referrals has The Supported Living Group LLC received from CT DSS care management? What number of Medicaid Referrals have been made to the Supported Living Group LLC?
- gg) What is the total number of Medicaid Consumers receiving Medicaid services from The Supported Living Group LLC?
- hh) What is the total number of CT DSS care management Medicaid Referrals from the Supported Living Group LLC?
- ii) What is the total amount of Medicaid funding billed between The Supported Living Group LLC and CT DSS care management agencies?
- jj) CT DSS care management is dictating Medicaid Referrals to the Supported Living Group LLC and excluding hundreds of approved Medicaid Agencies.
- kk) The Supported Living Group LLC or its owners may force Medicaid Consumers to live in apartments owned by the company president or people with mutual financial benefits. These Medicaid Consumers use Federal Social Security disability funds to pay the rent. If these Medicaid Consumers wish to change Medicaid agency providers, they may also lose their

apartments. These actions are a manipulated complex effort to force Medicaid Consumers to avoid terminating Medicaid relationships.

- ll) The Supported Living Group LLC may have a covert and active stipend system to pay Medicaid Consumers. This type of financial relationship with Medicaid Consumers forces the Medicaid Consumers to stay with The Supported Living Group LLC because they are paying them.
- mm) The Supported Living Group LLC Director of Clinical Services Doctor provides *Medicaid-Funded Cognitive Behavioral Therapy* to the same Medicaid Consumers receiving Medicaid *home-based* services from the same agency. The individual Medicaid consumer is trapped within a circle of Medicaid Funding, each feeding the other in a back-and-forth kickback system. The Therapist dictates the *home-based* Medicaid services needed. The Supported Living Groups' *home-based* providers report the need for more therapeutic services back to The Supported Living Groups' Therapist and vice versa. This back-and-forth process increases Medicaid-Funding services and traps the individual with The Supported Living Group. And CT DSS care management Medicaid services are needed and funded. The Supported Living Group LLC dictates the need for Medicaid service funding and receives the Medicaid services funding. This kickback system dictates the type of Medicaid Services and the number of Medicaid services the Medicaid Consumer must use.
- nn) Care managers have and continue to take verbal actions by consistently calling Medicaid Consumers, pressuring them to change agencies to the Supported Living Group LLC.
- oo) Care Managers are violating Medicaid program policies and intentionally not informing or investigating Medicaid agency providers about concerns.
- pp) CT DSS care management forces the individual to receive The Supported living Group LLC's *Medicaid-funded Cognitive Behavioral Therapy services*, knowing that the Consumer must attend these therapy sessions at The Supported living Group LLC's offices. This is a significant conflict of interest as Medicaid consumers, and other agency employees are poached at this location.
- qq) CT DSS forces Medicaid Agency Providers to be trained and certified by the Supported Living Group to provide the same Medicaid Services.

The Supported Living Group

January 7 ·

The Supported Living Group (SLG) is thrilled to announce a newly established link with Connecticut Community Care (CCC) <https://www.facebook.com/ctcommunitycare> which will work to promote art pieces produced by brain injury survivors!

The link established will enable art pieces created in SLG's ABI Waiver associated supported employment programs to be displayed at CCC offices throughout Connecticut. It is hoped, that this link will provide greater levels of exposure for SLG's talented artists from the brain injury community and open dialogue around the complex recovery process that they have faced.

To learn more about SLG's array of specialized brain injury support services contact us today at: 860-774-3400.

To.

Connecticut Department of Social Services, DSS Legal. Formal FOIA request.

In reference to what may appear to be ABI Waiver program discriminatory and biased practices, challenges, and concerns. Additionally, these concerns also relate to the MFP program.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary. This listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by DSS to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an updated and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

The DSS contracted fiduciary listing may appear to be discriminatory to the disabled ABI Waiver population it serves and Medicaid providers:

- The listing is not accessible or viewable to the public.
- Locked and only accessible via an email address verification process, username and created password for consumers of the ABI Waiver Program.
- Much of the disabled ABI Waiver Program population cannot afford internet and the equipment needed to access the internet to navigate their listing.
- Much of the disabled ABI population are unable navigate and understand internet-based communication processes.
- The majority of the disabled ABI Waiver population live with communication, and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for call backs or to request the listing be mailed to their home address is a very complicated process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without providing the complete DSS

ABI RESOURCES LLC
39 KINGS HIGHWAY SUITE C
GALES FERRY, CT 06335

ABI Resources LLC 39 Kings Highway Suite C, Gales Ferry, CT, 06335
www.CTbrainINJURY.com 860 942-0365

contracted fiduciary listing. This action is not ethical and biased as disabled ABI waiver consumers are not being afforded their complete options and possibly bias selection of providers that may provide a more beneficial Case Management relationship. ABI Waiver and MFP consumers may appear to be not completely informed and misled during the decision-making process and may be left completely out of the selection process. This may appear to be discriminating and misleading to consumers with disabilities and not providing them the same civil rights into their person-centered program decision process. An example of this would be a verbal phone conversation promoting a specific provider, leading or steering a client to meet with or arranging referral before a consumer is completely informed or provided their complete options by a Case Management selected provider.

- It may appear that DSS, Case Management providers and the contracted fiduciary listing provider are aware of these discriminatory processes and practices.
- How does DSS ensure the disabled population is not being discriminated against and provide the procedural validation system used to ensure civil rights are completely adhered to?
- Additionally, it may appear that the DSS contracted fiduciary listing is discriminatory and biased to intentionally confuse the disabled ABI Waiver consumer in this way as well. Below are the first 2 webpages of many, that DSS'S contracted fiduciary is listing, note that agency providers are listed biasedly and misleadingly, listing the same providers in duplicate, triplicate and more.

- Note the services do not list the services that the disabled ABI Waiver consumers understand and are familiar with such as Companion, ILST, homemaker RA and more. This may appear to be misleading and confusing.

The screenshot shows the 'Directory Report Criteria' page of the ABI Resources LLC website. The page has a blue header with the tagline 'Creating Opportunities for People'. Below the header, there are tabs for 'Portal' and 'Directory'. The main content area is titled 'Directory Report Criteria' and includes a welcome message and instructions on how to use the search filters. The filters include a 'Program' dropdown set to 'ABI', 'Provider Types', 'Regions', 'Services' (with 'Assisted Technology' and 'Environmental Accessibility Adapt' selected), 'Towns', and 'Additional Languages'. At the bottom of the filters are 'Directory' and 'List' buttons. The footer contains a navigation menu with links like 'HOME', 'ABOUT US', 'PROGRAMS & SERVICES', etc., and a copyright notice for 2022.

- CBT and or Behaviorist services are not listed on the DSS contracted fiduciary listing. This creates many questionable and concerning challenges that may promote a discriminatory and/or bias decision-making process. Case Managers are not providing the disabled ABI Waiver program listing to choose from and may be selecting, making proactive referrals, and promoting behaviorists that benefit Case management relationships more than the Disabled ABI Waiver consumer. This may appear to be a discriminatory and bias practice.

ABI Resources is formally requesting a Department of Social Services internal investigation of these practices and concerns as well as a FOIA request for the policies and practices of protecting the civil rights of the disabled under the ABI Waiver program guidelines.

Mon 10/10/2022 10:17 AM

Good morning,

I received notice that HFSC will no longer be able to provide services for JP, I have made a referral for CBT services with Ms. Brisman through SLG for 4 visits 1xmonth. I will keep the team update on this matter

Thank You,
Patricia A Hinrichs MS-HS-BCP
Lead ABI Care Manager

Hi Patty,

Would you please check with DSS on the CBT referral process in regards to the ABI wavier program?

Mon 10/10/2022 11:51 AM

Dave,

I was notified by HFSC and in returned confirmed this with JP and offered the new agency which he accepted. I have to go with what JP agrees to as he is not conserved.

MMS
9:33 AM

Hello Shannon,
apparently SLG is
going to the clients
today. Is ABI being
removed and should
Laura continue with
the new staff that has
been identified?

Index D: Participant-Centered Planning and Service Delivery
D-1: Service Plan Development (6 of 8)

Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an up and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

Wednesday, November 23

Hello Team RR,
It was brought to ABI
Resources' attention
that CCCI's plan is to
use ABI Resources'
service providers intill
December 31, 2022.
Inorder to provide
time for SLG to find
providers, at that time
ABI Resources will
be removed. Is this
correct?

9:32 AM

FW from Pam. Not to
be removed until SLG
has provided staff for
Ronald.

MMS

ABI Resources
resignation from
services is today.

Wed 4/14/2021 12:31 PM

Hello Amy,

ABI Resources has been working with a family on MFP for over a year now on discharge planning, the client is [REDACTED] in Gales Ferry. Today at the discharge meeting it was brought to our attention that CCCI arranged a meeting with SLG for the client's family. CCCI expressed to everyone, that the family should go with a LARGE agency that can provide all services. ABI Resources is pursuing this legally as a result.

Would you please give me a call? 860 463-3638

All the best,
David Medeiros CBIS

11/15/2021

Good afternoon Commissioner Gifford and Mrs Cavallaro,

ABI Resources has been informed that the new agency contacted ABI Resources employees who were working with the Gales Ferry MFP client and has hired them to work with the same exact Gales Ferry MFP client. This is a clear conflict of interest. What safeguards does the Department of Social Services have in place to stop what may appear to be inclusion, referral steering and **poaching**?

All the best,
David Medeiros CBIS

Would the Department please keep my personal information confidential to your agency only? I will speak with and aid the Department to provide more clarity. I may be a valuable resource as I have had the unique experience of being a provider for Connecticut Medicaid programs since they began in 1998 and as a survivor of TBI. I have significant concerns about whistleblower retaliation against me personally and the agency I am the founder of, ABI Resources LLC.

This information is based on my past and current experiences providing services for the brain-injured population of Connecticut. I am unsure if this is indeed fraudulent activity or if people are using loopholes to achieve personal financial gain; however, it does appear to be wrong for many reasons. The disclosure is based on a reasonable belief that the alleged wrongdoing has occurred.

November 28, 2022.

1. Who: What may appear to be;

- a. Medicaid Consumers, possibly hundreds of Medicaid Consumers.
- b. [The Connecticut Department of Social Services CT DSS,](#)
- c. Medicaid Care Management Agencies and
- d. [The Medicaid agency provider, The Supported Living Group LLC](#)

2. What: What may appear to be;

- a. Federal Medicaid Funded Programs. Multiple *Medicaid-Funded home-based community services* and *Medicaid Funded Cognitive Therapy* for each Brain Injury Program.
- b. [CT Acquired Brain Injury \(ABI\) Waiver \(0302.R05.00\),](#)
- c. [CT ABI Waiver II \(1085.R01.00\) and,](#)
- d. [The Money Follows the Person Program, MFP.](#)
- e. [Multiple Medicaid-funded home-based and community services.](#)

- f. *Medicaid-funded cognitive behavioral therapeutic services.*
 - g. The total number of agencies on the CT DSS Medicaid Approved Agency Provider List.
 - h. The total number of these Medicaid Consumers on the above brain injury programs.
 - i. The total number of these Medicaid Consumers currently with The Supported Living Group LLC.
 - j. The time period of bulk Medicaid Referrals to The Supported Living Group LLC.
 - k. CT DSS Care Management has and continues to make an astounding amount of Medicaid Referrals to The Supported Living Group LLC. There are hundreds of CT DSS Medicaid-approved providers.
 - l. For both The Supported Living Groups' *Medicaid Home-based services*, as well as,
 - m. The Supported Living Groups *Medicaid Cognitive Behavioral Therapy services*.
3. **How: What may appear to be;**
- a. Corruption of medical decision-making, patient steering, unfair competition, monopolization efforts, kickbacks, or inducements for Medicaid Referrals.
 - b. Violation of any law, rule, or regulation;
 - c. Gross mismanagement;
 - d. Gross waste of funds;
 - e. Abuse of authority; or
 - f. CT DSS care management appears to be funneling Medicaid Referrals to the Supported Living Group LLC exclusively and not using the CT DSS Medicaid approved agency provider list. Excluding hundreds of approved Medicaid Agencies, the Consumer's right to choose and use what may appear to be a referral kickback process.
 - g. Undocumented verbal authorizations, Using the Medicaid Consumer's disabilities to manipulate and mislead.
 - h. The Medicaid Consumers' urgent need for financial support to recover at home, the family's need to return to work, and the Medicaid Consumer's economic desperation.
 - i. CT DSS care management is making medical therapeutic Medicaid Referrals to The Supported Living Group LLC for Medicaid *home-based* services as well as *Cognitive Behavioral Therapy services*. The Supported Living Group LLC therapist dictates the amount of Medicaid funding services each Consumer requires then the Supported Living Group LLC provides these Medicaid-funded *home-based* services.

- j. The Supported Living Group LLC's Medicaid *home-based* service providers then provide the need for more Medicaid Therapeutic services in what appears to be a conflict of interests and kickback system.
 - k. **CT DSS** Medicaid approved provider list is intentionally biased, discriminatory, and corrupt. This corruption has been repeatedly reported to CT DSS for many years. CT DSS and the access agency that manages the Approved Provider Lists have a mutually beneficial relationship.
4. **Why: What may appear to be;**
- a. Consumers have the right to choose their Medicaid providers. Consumers can select multiple Medicaid providers for their *home-based* and community services. CT DSS care management is steering Medicaid-Funded program services and Medicaid Consumers to the Supported Living Group to reduce the CT DSS care management workload, violating the Medicaid Consumers' right to choose. These actions also place the individual into a significantly disadvantaged situation forcing the level of CT DSS care management to be reduced. Additionally, the relationship between CT DSS care management and the Supported Living Group is a significant conflict of interest for the Medicaid Consumer, and each agency works together for their agenda, not the Individuals' needs to support the kickback system.
 - b. CT DSS care management agencies benefit financially by reducing the number of Care Managers needed and reducing the operating costs of their time and effort. CT DSS's benefits include one place to contact and one location to have multiple required meetings on the same day. CT DSS care managers want to refrain from speaking with various agency providers.
 - c. The Supported Living Group LLC appears to receive payment from Medicaid Consumers for housing, Medicaid Funded *home-based* services, and Medicaid-funded Therapeutic services. This arrangement traps the Medicaid consumer into services and contractual relationships.
 - d. Some Medicaid Consumers may appear to be paid stipends from The Supported Living Group LLC to trap the Medicaid consumer into services and contractual relationships.
 - e. Monetary gain.
 - f. Time and ease of care management operations.
 - g. Reduced care management operating costs.

The Connecticut Department of Social Services may appear to be manipulating Medicaid Consumers recovering from brain injuries for financial gain. CT DSS may be using the Medicaid Consumer's disabilities against them. CT DSS may appear to be using a complete lack of knowledge, a crafted complex information system, desperation, time constraints, compromised communication skills, memory challenges, and cognition disabilities. CT DSS care management may appear to be fostering and praying on disabled Medicaid Consumers' lack of informed knowledge and awareness of the rights and policies of their personal Medicaid service programs. CT DSS care management has and continues to arrange and assign Medicaid Referrals to The Supported Living Group LLC to Medicaid Consumers forcing, misleading, and tricking the unaware into using the Medicaid services of the Supported Living Group LLC exclusively.

CT DSS care management first provides the Medicaid program Consumers Medicaid referral to the Supported Living Group LLC with the Medicaid Consumer's information. Secondly, CT DSS care management informs Medicaid Consumers when home Medicaid services will begin through The Supported Living Group LLC. The Medicaid referral process may appear to be completed verbally, mostly over phone calls, leaving the Medicaid Consumer at the will of CT DSS care management directives and conversation time constraints. During this process, the Medicaid Consumer may appear not to be made aware of the DSS-approved Medicaid agency provider list and that there are numerous Medicaid-approved agencies to select. In most cases, CT DSS care management specifies and dictates the Medicaid referral to The Supported living Group LLC to the Medicaid Consumer. Suppose by chance, during the Medicaid referral process; the Medicaid Consumer independently discovers they have more Medicaid agency options. In that case, CT DSS care management verbally explains that the DSS-approved Medicaid provider list may appear outdated.

The Connecticut Department of Social Services may appear to be violating the policies of the Medicaid MFP Money Follows the Person Program and the Medicaid ABI Waiver Programs I and II. Medicaid Consumers are told the Supported living Group LLC is the agency provider of *Medicaid home-based services* and *Medicaid Cognitive Behavioral Therapeutic services*.

- a) CT DSS fosters a complex online self-discovery method to confuse and frustrate Medicaid Consumers to follow their instructions.

- b) CT DSS and Medicaid care management agencies hide the CT DSS Medicaid-approved agency provider list and *Medicaid Cognitive Behavioral Therapist* list from Medicaid Consumers' awareness, using complex conversations and misleading website processes.
- c) CT DSS will not allow the approved Medicaid Provider List to be openly public.
- d) The CT DSS' Medicaid Approved provider list appears intentionally biased and manipulated to benefit CT DSS' care management operation costs and The Supported Living Group LLC, not the Medicaid Consumer.
- e) CT DSS uses a covert internet-based lock and key system to hinder disabled Medicaid Consumers from viewing the approved Medicaid agency provider list. What may appear to be using disability against the Medicaid Consumer and knowing that trusting Medicaid Consumers cannot ask for what they do not know exists. Medicaid consumers' ability to make informed decisions about their Medicaid service provider choices may appear hidden from them. This manipulation enforces the Kickback referral system.
- f) The CT DSS' approved Medicaid agency provider list may appear presented to confuse, frustrate, and manipulate Medicaid Consumers' decision-making process in a grooming-like effort to support and enforce the Medicaid kickback referral process.
- g) CT DSS care management actively lists and promotes the Supported living Group LLC's contact information more than four times on the Medicaid-approved agency provider list.
- h) It may appear that CT DSS care management is benefiting financially from a kickback system of Medicaid Referrals.
- i) CT DSS care management may appear to be masking Medicaid program information from Medicaid Consumers.
- j) CT DSS care management may appear to be misleading Medicaid Consumers and complicating their ability to make informed decisions.
- k) CT DSS care management may force Medicaid Consumers to make quick decisions before they can research, discover, and invoke their rights.
- l) CT DSS care management may appear to monopolize on time frames, expecting Medicaid Consumers to know and understand their rights under the Medicaid program and to advocate for their Medicaid services before individuals know what Medicaid services they have.
- m) CT DSS care management may appear to be the only Medicaid program information source permitted to communicate with Medicaid Consumers about their Medicaid services. Medicaid Agency-provided verbal information or communication about Medicaid services may not be

allowed. CT DSS refers to this communication as a manipulation of the care management process.

- n) CT DSS care management may appear to retaliate against Medicaid agency providers communicating with Medicaid Consumers about Medicaid services.
- o) CT DSS makes it clear to Medicaid agencies that any effort by a Medicaid agency provider to inform Medicaid Consumers of their rights or by showing Medicaid Consumers where to locate information about Medicaid services may result in the possible removal of that Medicaid agency from CT DSS Medicaid-managed programs as well as threats of DSS audits.
- p) CT DSS care management may appear to have and continues to be funneling directly to, promoting, and referring The Supported Living Group LLC's Medicaid services.
- q) Due to what appears to be a kickback system, the Supported Living Group LLC has swiftly become the largest and most dominating Medicaid MFP and ABI Waiver I and II agency provider in Connecticut.
- r) CT DSS care management gives little or no attention to reports of manipulations or kickbacks.
- s) CT DSS care management ignores reported concerns.
- t) CT DSS care management displays The Supported Living Groups' valuable artwork in their offices. This art is a promotional tool to consistently advertise to Medicaid Consumers within CT DSS care management offices. The Supported Living Group LLC provides the art.
- u) CT DSS care management uses The Supported living Group LLC's art for website advertising and internet-based social media sites promoting The Supported Living Group LLC's Medicaid Services and their Care Management services.
- v) CT DSS care management may appear to be using the Medicaid Consumers' disabilities against them to achieve the kickback agenda using verbal authorizations versus documented communication to hide their actions and avoid a paper trail.
- w) CT DSS care management quickly uses time constraints and overwhelm. To seal the deal, Medicaid Consumers must sign Medicaid program contracts quickly before careful review.
- x) CT DSS Care management agencies are pressuring Consumers verbally during quarterly Medicaid-required Team Meetings to switch Medicaid agencies to the Supported Living Group LLC for Medicaid *home-based* services as well as *Medicaid Funded Cognitive Behavioral Therapy Services*.

- y) CT DSS Care management agencies are pressuring Consumers verbally during quarterly Medicaid-required Team Meetings with Medicaid agencies to the Supported Living Group LLC for *Medicaid Funded Therapy services*.
- z) CT DSS uses requests and directives from people, not Medicaid Consumers or legal conservators, to their vantage.
- aa) CT DSS care management has and is making additional Medicaid Referrals forcing The Supported Living Group LLC LLCs' Medicaid Therapist on Medicaid Consumers.
- bb) The number of Consumers on the program versus the number of clients The Supported Living Group LLC serves may appear grossly disproportionate to the number of approved Medicaid agency service providers.
- cc) CT DSS may appear to be purposely not collecting or hiding Medicaid data to manipulate FOIA requests. Information such as the number of Medicaid Consumers who receive Medicaid services from The Supported Living Group LLC.
- dd) What is the total number of CT DSS-approved Medicaid agency providers on the CT DSS Approved Provider List?
- ee) What is the total number of Medicaid Consumers receiving MFP and ABI waiver services?
- ff) What number of Medicaid Referrals has The Supported Living Group LLC received from CT DSS care management? What number of Medicaid Referrals have been made to the Supported Living Group LLC?
- gg) What is the total number of Medicaid Consumers receiving Medicaid services from The Supported Living Group LLC?
- hh) What is the total number of CT DSS care management Medicaid Referrals from the Supported Living Group LLC?
- ii) What is the total amount of Medicaid funding billed between The Supported Living Group LLC and CT DSS care management agencies?
- jj) CT DSS care management is dictating Medicaid Referrals to the Supported Living Group LLC and excluding hundreds of approved Medicaid Agencies.
- kk) The Supported Living Group LLC or its owners may force Medicaid Consumers to live in apartments owned by the company president or people with mutual financial benefits. These Medicaid Consumers use Federal Social Security disability funds to pay the rent. If these Medicaid Consumers wish to change Medicaid agency providers, they may also lose their

apartments. These actions are a manipulated complex effort to force Medicaid Consumers to avoid terminating Medicaid relationships.

- ll) The Supported Living Group LLC may have a covert and active stipend system to pay Medicaid Consumers. This type of financial relationship with Medicaid Consumers forces the Medicaid Consumers to stay with The Supported Living Group LLC because they are paying them.
- mm) The Supported Living Group LLC Director of Clinical Services Doctor provides *Medicaid-Funded Cognitive Behavioral Therapy* to the same Medicaid Consumers receiving Medicaid *home-based* services from the same agency. The individual Medicaid consumer is trapped within a circle of Medicaid Funding, each feeding the other in a back-and-forth kickback system. The Therapist dictates the *home-based* Medicaid services needed. The Supported Living Groups' *home-based* providers report the need for more therapeutic services back to The Supported Living Groups' Therapist and vice versa. This back-and-forth process increases Medicaid-Funding services and traps the individual with The Supported Living Group. And CT DSS care management Medicaid services are needed and funded. The Supported Living Group LLC dictates the need for Medicaid service funding and receives the Medicaid services funding. This kickback system dictates the type of Medicaid Services and the number of Medicaid services the Medicaid Consumer must use.
- nn) Care managers have and continue to take verbal actions by consistently calling Medicaid Consumers, pressuring them to change agencies to the Supported Living Group LLC.
- oo) Care Managers are violating Medicaid program policies and intentionally not informing or investigating Medicaid agency providers about concerns.
- pp) CT DSS care management forces the individual to receive The Supported living Group LLC's *Medicaid-funded Cognitive Behavioral Therapy services*, knowing that the Consumer must attend these therapy sessions at The Supported living Group LLC's offices. This is a significant conflict of interest as Medicaid consumers, and other agency employees are poached at this location.
- qq) CT DSS forces Medicaid Agency Providers to be trained and certified by the Supported Living Group to provide the same Medicaid Services.

The Supported Living Group LLC.
