Your description of events
David Medeiros and ABI Resources LLC have reported facing discriminatory business practices in the context of the Connecticut Medicaid Acquired Brain Injury (ABI) Waiver Program. Specifically, the grievances include:

Inequitable Medicaid Referrals: ABI Resources LLC has experienced marginalization and an unfair distribution of Medicaid referrals, resulting in a noticeable decrease compared to other providers. This suggests a biased distribution system that disadvantages both the organization and its clients.

Lack of Engagement and Rectification by Authorities: Despite multiple efforts by David Medeiros to engage in constructive dialogue with the Connecticut Department of Social Services regarding these discriminatory practices, there has been a significant lack of engagement and rectification from the department. This lack of response has negatively impacted the operations of ABI Resources and the well-being and quality of service accessible to the disabled individuals they serve.

The report by David Medeiros and ABI Resources LLC indicates a call for action to address these discriminatory practices and implement a fairer and more transparent system for Medicaid referrals within the ABI Waiver Program.

Connecticut Department of Social Services, DSS Legal. Formal FOIA request.

In reference to what may appear to be ABI Waiver program discriminatory and biased practices, challenges, and concerns. Additionally, these concerns also relate to the MFP program.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary. This listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by DSS to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an updated and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

The DSS contracted fiduciary listing may appear to be discriminatory to the disabled ABI Waiver population it serves and Medicaid providers:

- The listing is not accessible or viewable to the public.
- Locked and only accessible via an email address verification process, username and created password for consumers of the ABI Waiver Program.
- Much of the disabled ABI Waiver Program population cannot afford internet and the equipment needed to access the internet to navigate their listing.
- Much of the disabled ABI population are unable navigate and understand internet-based communication processes.
- The majority of the disabled ABI Waiver population live with communication, and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for call backs or to request the listing be mailed to their home address is a very complicated process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without providing the complete DSS

contracted fiduciary listing. This action is not ethical and biased as disabled ABI waiver consumers are not being afforded their complete options and possibly bias selection of providers that may provide a more beneficial Case Management relationship. ABI Waiver and MFP consumers may appear to be not completely informed and misled during the decision-making process and may be left completely out of the selection process. This may appear to be discriminating and misleading to consumers with disabilities and not providing them the same civil rights into their person-centered program decision process. An example of this would be a verbal phone conversation promoting a specific provider, leading or steering a client to meet with or arranging referral before a consumer is completely informed or provided their complete options by a Case Management selected provider.

- It may appear that DSS, Case Management providers and the contracted fiduciary listing provider are aware of these discriminatory processes and practices.
- How does DSS ensure the disabled population is not being discriminated against and provide the procedural validation system used to ensure civil rights are completely adhered to?

- Additionally, it may appear that the DSS contracted fiduciary listing is discriminatory and biased to intentionally confuse the disabled ABI Waiver consumer in this way as well. Below are the first 2 webpages of many, that DSS'S contracted fiduciary is listing, note that agency providers are listed biasedly and misleadingly, listing the same providers in duplicate, triplicate and more.

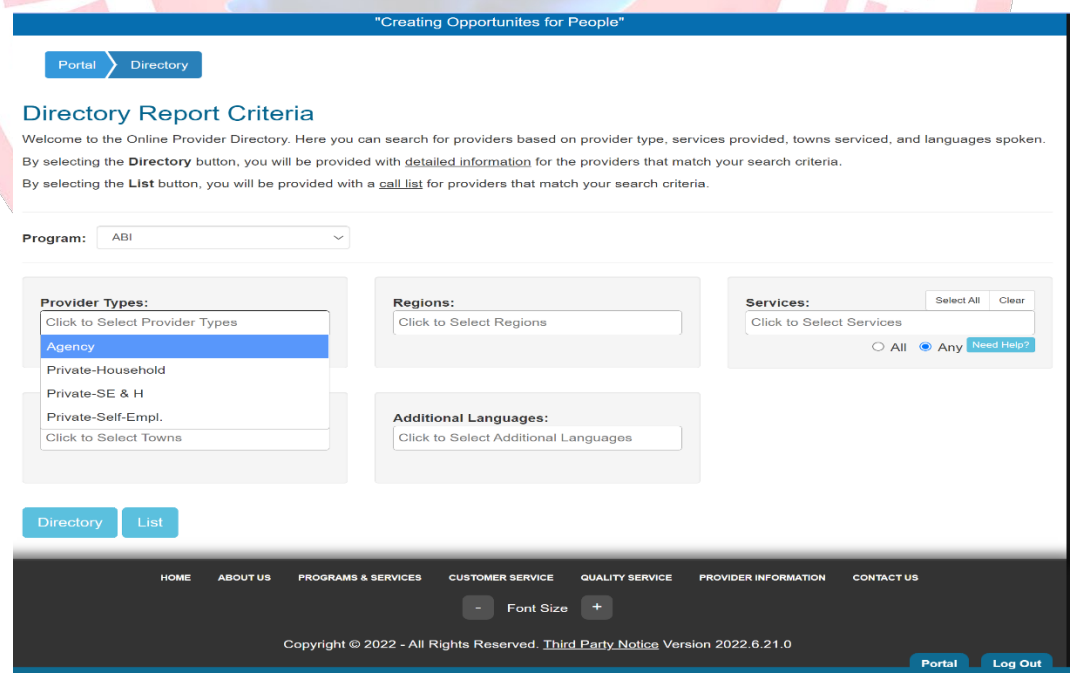
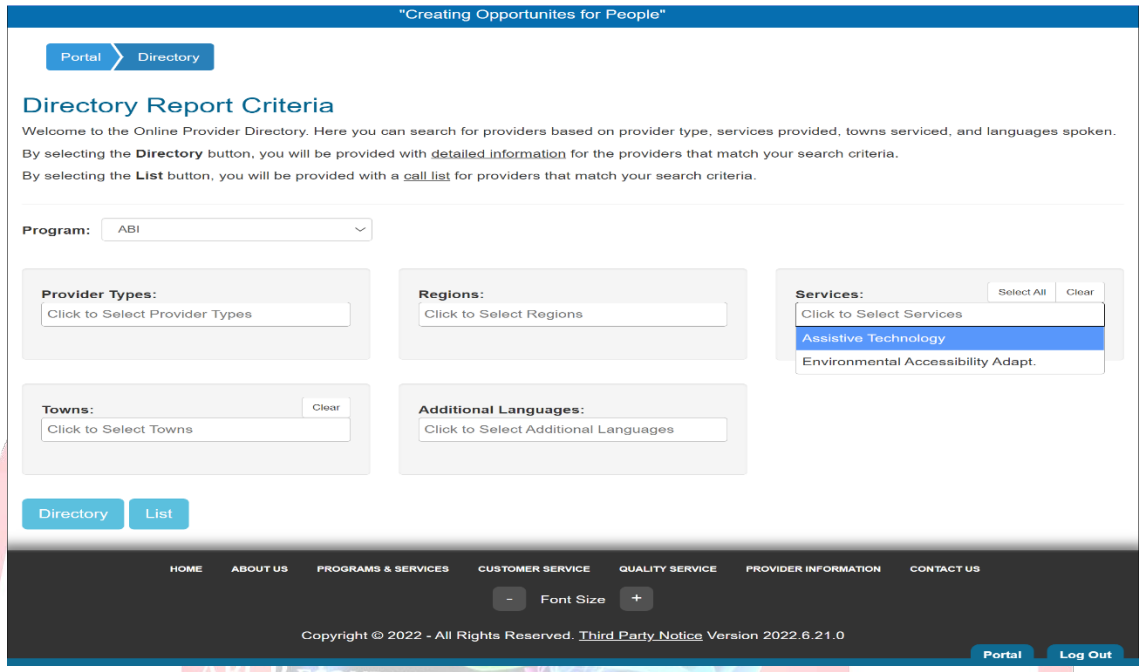
- Note that disabled ABI Waiver consumers may have significant challenges with understanding the list of provider types.



- Note the services do not list the services that the disabled ABI Waiver consumers understand and are familiar with such as Companion, ILST, homemaker RA and more. This may appear to be misleading and confusing.



- CBT and or Behaviorist services are not listed on the DSS contracted fiduciary listing. This creates many questionable and concerning challenges that may promote a discriminatory and/or bias decision-making process. Case Managers are not providing the disabled ABI Waiver program listing to choose from and may be selecting, making proactive referrals, and promoting behaviorists that benefit Case management relationships more than the Disabled ABI Waiver consumer. This may appear to be a discriminatory and bias practice.

ABI Resources is formally requesting a Department of Social Services internal investigation of these practices and concerns as well as a FOIA request for the policies and practices of protecting the civil rights of the disabled under the ABI Waiver program guidelines.

- Many disabled ABI populations cannot navigate and understand internet-based communication processes.
- Many disabled ABI Waiver populations live with communication and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for callbacks, or requesting the listing mailed to their home address is a highly complex process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without giving the complete DSS

contracted fiduciary listing. This action is not ethical and maybe biased as disabled ABI waiver consumers are not afforded their complete full and unbiased selection of providers that may provide a more beneficial Case Management relationship. ABI Waiver and MFP consumers may appear not completely informed or misled during decision-making and may be left entirely out of the selection process. This may appear to be discriminating and misleading to consumers with disabilities and not providing them the same civil rights in their person-centered program decision process. An example of this would be a verbal phone conversation promoting a specific provider, leading or steering a client to meet with or arranging a referral before a consumer is wholly informed or provided their complete options by a Case Management selected provider.

- DSS, Case Management providers, and the contracted, the fiduciary listing provider may be aware of these discriminatory processes and practices.
- How does DSS ensure the disabled population is not discriminated against and provide the procedural validation system to ensure civil rights are completely adhered to?
- Additionally, it may appear that the DSS contracted fiduciary listing is discriminatory and biased to confuse the disabled ABI Waiver consumer in this way. Below are the first two webpages of many that DSS'S contracted fiduciary is listing; note that agency providers are listed biasedly and misleadingly, listing the same providers in duplicate, triplicate, and more.

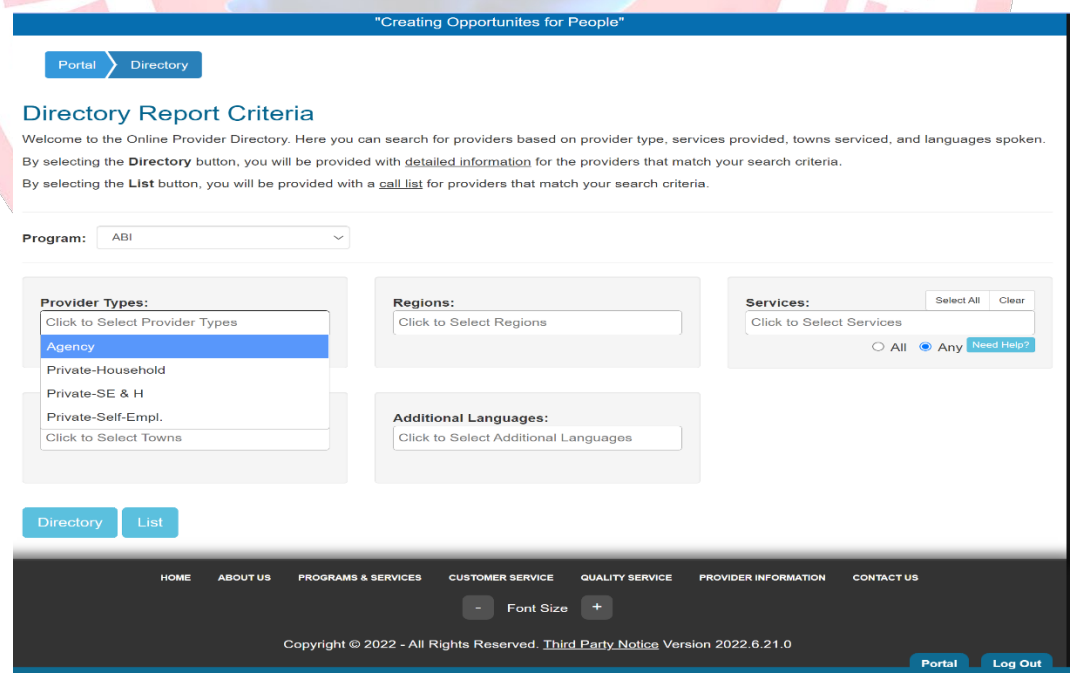
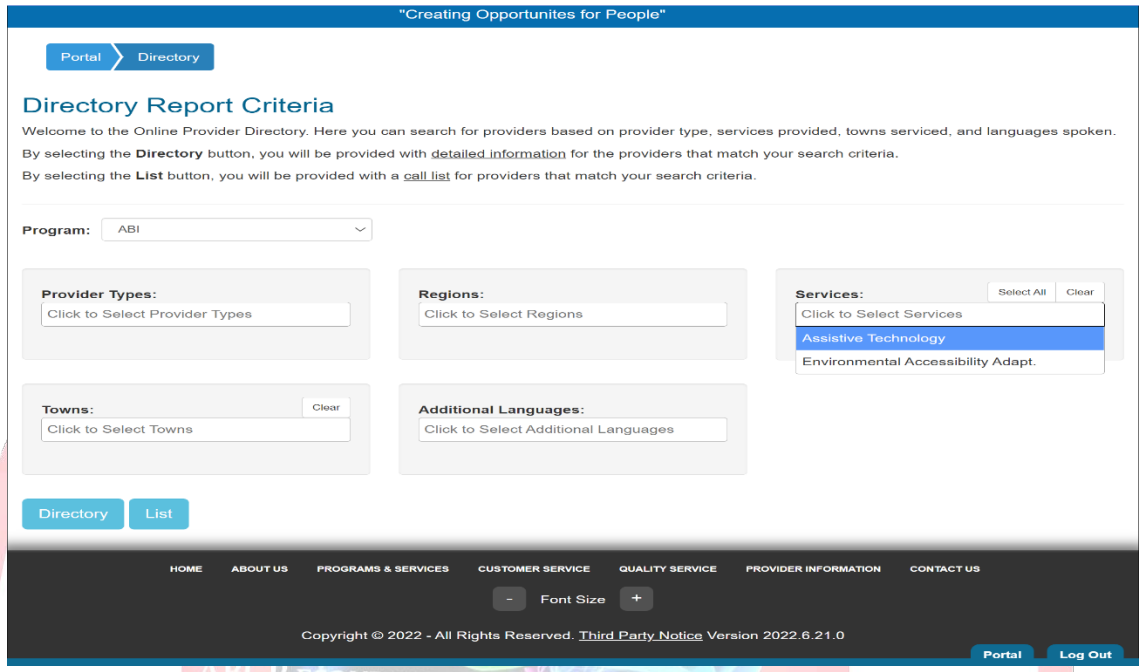
- Note that disabled ABI Waiver consumers may have significant challenges understanding the list of provider types.



- Note that the services do not list the services that the disabled ABI Waiver consumers understand and are familiar with, such as Companion, ILST, homemaker RA and more. This may appear to be misleading and confusing.



- CBT and Behaviorist services are not listed on the DSS contracted fiduciary listing. This may create questionable and concerning challenges that may promote a discriminatory or biased decision-making process. Case Managers are not providing the disabled ABI Waiver program listing to choose from and maybe selecting, making initiative-taking referrals, and promoting behaviorists that benefit Case management relationships more than the Disabled ABI Waiver consumer. This may appear to be a discriminatory and biased practice.

ABI Resources formally requests a Department of Social Services internal investigation of these practices and concerns and a FOIA request for the policies and procedures for protecting the civil rights of the disabled under the ABI Waiver program guidelines.

Connecticut Department of Social Services, DSS Legal. Formal FOIA request.

In reference to what may appear to be ABI Waiver program discriminatory and biased practices, challenges, and concerns. Additionally, these concerns also relate to the MFP program.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Case managers share with waiver consumers the provider listing, which is developed by a DSS contracted fiduciary. This listing identifies providers by service type and geographic coverage area who meet the qualifications as set forth by DSS to service waiver participants. The case managers facilitate opportunities for participants to speak with and/or interview prospective providers prior to selection. Program participants are able to contact the fiscal intermediary to get an updated and customized listing of the provider directory. For household employees, a background check is conducted by the fiscal intermediary and the results are shared with the consumer to aid in their selection.

The DSS contracted fiduciary listing may appear to be discriminatory to the disabled ABI Waiver population it serves and Medicaid providers:

- The listing is not accessible or viewable to the public.
- Locked and only accessible via an email address verification process, username, and created a password for consumers of the ABI Waiver Program.
- Many of the disabled ABI Waiver Program population cannot afford the internet and the equipment needed to access the internet to navigate their listing.
- Many disabled ABI populations cannot navigate and understand internet-based communication processes.
- Many disabled ABI Waiver populations live with communication and memory challenges. Calling the DSS contracted fiduciary, waiting on hold, leaving voicemail requests for callbacks, or requesting the listing mailed to their home address is a highly complex process for most.
- Case Managers are providing verbal recommendations to ABI Waiver and MFP consumers of providers that they believe would be a good fit for the consumer without giving the complete DSS

A.B.I. RESOURCES

State of Connecticut
Department of Social Services.
55 Farmington Avenue, Hartford Connecticut
Attn: *Kathy Bruni and DSS*

October 21, 2019.

Hello Kathy Bruni and DSS,

There are many inaccuracies within the DSS letter received. Would you please contact, review and consider all relevant information sources?

In reference to the DSS letter:

- The father received ABI Resources' contact information via the care manager and called us for vetting.
- The father was very impressed by ABI Resources.
- During the interview, the father asked what services ABI Resources provides and was informed of the services provided by ABI Resources under the waiver program, ILST, Companion, RA and when we can start.
- The father loved that ABI Resources is within one mile of their home.
- The father loved that ABI Resources is equipped with a music recording studio, as FB has been and continues to be very involved with music.
- The father has worked within the local school systems with our employee Steven, that provides music education resources for ABI Resources as well as the school systems.

- Back in July, care manager Christine Russel and I had a conversation about the process of being discharged, identifying an agency for a home OT evaluation, getting that evaluation approved by DSS, identifying a company to provide home modifications, creating a transition home plan, creating a service plan, presenting that service Plan to DSS for approval, finalized by a provided service plan and date to start services.
- Later in July, Christine Russel called and asked if ABI Resources provides PCA services and I said no. ABI Resources provides ILST companion and RA services.
- The father called and asked if ABI Resources would provide PCA services and was informed that ABI resources does not provide PCA services.
- Each month ABI Resources has sent an email requesting an updated status.
- The first week of October Christina Russel called me and informed me that ABI Resources would be providing RA1 services 3 hours a day, 7 days a week, when approved by DSS.
- No service plan has been provided yet, as Christina and Ebony are first working on the OT home evaluation authorization from DSS.
- I have attached email communications for reference.

I believe that this father is incredibly impressed by ABI Resources and wants to receive all services from ABI Resources exclusively. ABI resources will only provide ILST Companion and RA services. When a service plan is finalized and provided, care manager Christina Russel will inform the family of each service and their roles.

ABI Resources and I wish to have a healthy conflict free relationship with you and the Department of Social Services.

Thank you for your time,

Respectfully,

David Medeiros CBIS

Hello Christine and Eboni,

Can you please let us know the status of this case?

Thank you.

From Eboni Payne

Hello Robert,

Thank you for sending the name.

On my end, we are currently awaiting DSS to approve a quote for a PT home evaluation. Once that is approved we can schedule to have the eval done.

Once the eval is done we will have a contractor come out and quote the work that needs to be done based off of the eval. Once that is finished we submit all of that to DSS for their approval. After the approval modifications can begin.

Hopefully, I will receive an answer back from DSS this week on the PT evaluation quote.

Hope this answers your questions, if you are looking for something specific that I have missed, please let me know.

Thank you,

Eboni Payne

Vey late on Monday night, Robert Brule received this communication from Christina Russell, Care Manager

> Hi Robert,
>
> I presented the new proposed plan of care to DSS. It was denied. PCA can't be replaced with ILST. I described the service to the SW whom reviews the plans with the nurse, and she said that PCA must remain in the plan and not replaced with ILST. I did call Jim, right before he returned to work and he was going to work on identifying an agency that can provide the PCA service, only. I do have to f/u with him to check on the status. I am sure he is very busy with work and that is why I haven't heard anything yet.
