Dear David Medeiros,

This is in reply to your Freedom of Information Act request, dated December 3, 2024 for various records related to ADA Title II compliance and enforcement, whistleblower protections, and Medicaid oversight. Your request was received in this office on December 12, 2024 and assigned the case number 25-14028.

Please see below our response to each item of your request:

1. Case Identifiers
Provide all records and inter-agency communications related to the following cases:
539330-JBZ, 539298-RJM, 534659-XGL, 534094-QZH, 534069-BRQ, 534060-HWM, 533252-GXC, 535276-FSL, 532832-MJV, 532674-QMM, 532671-PPV, 532667-DRF, 523966-VSF, 497211-PFB, 490797-TJJ, 489456-MCB, 490814-TPF, 490215-DKH, 478957-DPX, 478956-NSD, 473045-JNW, 452335-DDT, 413343-FZP, 405540-ZXW, 397760-PRZ, 395050-TWW, 392179-NCW, 385105-BPN, 376153-JVL, 357494-WND, 354718-LTZ, 275528-PKR, 301882-TRG, 327008-WFC, 339860-FQG, 352533-WJH.

We conducted a search in the National Archives Catalog with these case file numbers and did not locate any records responsive to your request. Please note that the file numbers you provided do not match the typical format of Department of Justice case files. Generally, Department of Justice case files are designated by a case file number with a three-part numerical file designation, such as 144-15-2301.

If you believe these files originated with a federal agency other than the Department of Justice, please let us know.

2. ADA Compliance and Enforcement
Records, communications, and agreements related to:

ADA Title II enforcement policies.
Complaints or investigations regarding ADA non-compliance in Medicaid programs.

Inter-agency communications between DOJ, CMS, and other entities concerning ADA accommodations, including whistleblower protections.

Department of Justice ADA Title II enforcement files are held in Class 204 (State and Local Governments Under the Americans with Disabilities Act [Title II]) Litigation Case Files and Enclosures, 1991–2003 (Entries A1-COR 204 and A1-ENC 204) in *Record Group 60: General Records of the Department of Justice*. This series consists of litigation case files and enclosures relating to allegations by individuals that, by reason of their disability, they were either excluded from participation in or denied the benefits of the services, programs, or activities of state and local governments or were subjected to discrimination by state and local governments, which are illegal under the Americans with Disabilities Act (ADA) of 1990.

These records are arranged by Department of Justice case file number. We do not hold any name indexes to the records. In order to locate records related to specific cases of interest to you, you would first need to submit a FOIA request to the Department of Justice Civil Rights Division requesting that they provide you with the case file numbers (also referred to as "DJ numbers") for the individuals or organizations that interest you.

Department of Justice case file series also often include a set of policy and procedure files, filed under the file designation -012. Policy and procedure files for Class 204 (ADA Title II) case files would therefore be filed under the designation 204-012. We conducted a search and did not locate any records in our holdings filed under file designation 204-012. We suggest submitting a FOIA request to the Department of Justice Civil Rights Division, as they may still retain those records.

We also conducted a search in the National Archives Catalog for ADA Title II files in the records of Department of Justice senior officials. Most DOJ senior leadership records that have "Title II" in the file title actually relate to Title II of the Civil Rights Act of 1964. However, we did locate the following 3 files that are responsive to your request:

Record Group 60
Subject Files of the Special Assistants to the Assistant Attorney General
Entry P 266
Box 138
Files: Title II Letters; Enforcing the ADA - Status Reports

Box 139
Files: Enforcing the ADA - Status Reports

These records are subject to access restrictions and need to be reviewed for categories of information exempted from disclosure under the Freedom of Information Act (FOIA). We are transferring this portion of your request to our Special Access and FOIA staff for further action. The Special Access and FOIA staff will be in contact about the status of your request.

3. Whistleblower Protections
All records, policies, and communications involving whistleblower protections under 5 U.S.C. § 2302(b)(8).
Internal policies addressing retaliation protections for individuals reporting non-compliance with FOIA, ADA, or Medicaid oversight.
We searched the National Archives Catalog in *Record Group 60: General Records of the Department of Justice* and identified several files responsive to your request.

We would be happy to make these available to you in our research room or to provide reproductions of specific files of interest to you. Attached is a box and folder list for the series.

5. Processing Records
Metadata, logs, and records detailing how this FOIA request has been processed, including internal communications, software platforms used, and timestamps for all actions.
These are active operational records that NARA creates in carrying out its mission and responsibilities as an executive branch agency, rather than archival records. NARA's General Counsel Office provides responses for FOIA requests for operational records. We have referred this portion of your request to them and they will provide you with a separate response.

Visiting NARA and Ordering Reproductions
We would be happy to make the open records available to you in the Textual Research Room at the National Archives at College Park, MD. Please visit our website for information about visiting the National Archives at College Park, including how to schedule a research visit. Scheduling an appointment in advance is encouraged but not required.

All researchers must register for a researcher card. Please complete the online researcher orientation as well as the online researcher registration form before scheduling an appointment.

We can also offer reproductions of specific open files of interest to you. Reproductions are $0.80 per page with a minimum fee of $20.00. If there are specific files you wish to order scans of, please let us know and provide your preferred billing address.

You will be able to receive digital copies of the documents if you choose. You are under no obligation to purchase reproductions after receiving a price quote. Our policy is to process reproduction orders for files in batches of three. Each batch takes approximately 30-60 days to process. We will work on the next batch after payment and delivery of copies/scans has been made for the prior batch.

We do not consider this a denial of your FOIA request. However, if you are not satisfied with our action on this request, your options for appeal and dispute resolution are outlined in the attachment. If you have any questions, you may reach us at archives2reference@nara.gov.

This completes the processing of your request.

Sincerely,

Procedural delays and denials violate due process and equal protection under the law (Tennessee v. Lane, 2004).
Supremacy Clause (Article VI, Clause 2)

Federal FOIA and ADA laws supersede any conflicting agency-specific practices.
Relevant Statutes and Case Law

FOIA: 5 U.S.C. § 552, U.S. DOJ v. Reporters Committee for Freedom of the Press (1989).

Ensuring transparency and accountability in government programs involving taxpayer funds.
Safeguarding constitutional rights under the First, Fifth, and Fourteenth Amendments.
Highlighting systemic reform needs in ADA enforcement, Medicaid transparency, and whistleblower protections.
Consequences of Non-Compliance
Failure to comply with this request will result in:

Judicial Action: Pursuing legal remedies for injunctive relief and damages under FOIA and ADA statutes.
Oversight Escalation: Filing complaints with DOJ OIG, OGIS, or federal courts.
Public Disclosure: Engaging media, advocacy groups, and watchdog organizations to expose systemic non-compliance.

Conclusion
This request invokes the highest standards of constitutional law and statutory obligations. I expect a complete and transparent response within 20 business days, as required under 5 U.S.C. § 552(a)(6)(A).

This Freedom of Information Act (FOIA) request demands the immediate attention of the highest authorities in the U.S. government. It directly addresses systemic failures in Medicaid oversight, ADA enforcement, and whistleblower protections—issues central to the lives of millions of Americans and critical to the integrity of federal and state programs. By exposing potential misuse of taxpayer funds and barriers to accessibility for vulnerable populations, this request transcends individual cases to reveal a broader narrative of systemic accountability, justice, and public trust. Leaders in Congress, the Department of Justice, and oversight agencies have a constitutional obligation to act decisively on this matter to uphold the values of transparency, equality, and justice that underpin our democracy. Failure to respond promptly and fully to this FOIA request risks exposing entrenched inequities that erode public faith in our institutions.

This FOIA request also represents a rallying cry for journalists, advocates, and every American committed to justice and systemic reform. It shines a spotlight on the intersection of healthcare, civil rights, and government accountability, demanding immediate national discourse and united action. As the most comprehensive and consequential transparency effort in U.S. history, it calls for investigative reporting that transcends political divisions and highlights the universal human rights at stake. This is not just a request for information—it is a demand for transformative change, and its response has the potential to shape the future of U.S. healthcare and governance, sparking a nationwide movement for accountability, equity, and justice.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

DAVID MEDEIROS
