Subject: Urgent Request for Investigation into OSC Case Records, Altered Decisions, and Suppressed Reports

Dear FBI Team,

I am formally requesting your assistance to investigate systemic failures, misconduct, and potential criminal activity surrounding the handling of my submissions to the **Office of Special Counsel (OSC)**. These failures directly impact whistleblower protections, Medicaid oversight, and public accountability.

Issues to Investigate

1. Case Numbers and Records Management

- **Case Numbers Requiring Investigation:**
  - **DI-25-000310**
  - **DI-25-000325**
  - **DI-25-000379**
  - **DI-12192024714**
  - **DI-12112024134**
    - **OSCFiling-MedeirosDavid-DI-11252024342.pdf**
    - **OSCFiling-MedeirosDavid-DI-11272024158.pdf**
    - **OSCFiling-MedeirosDavid-DI-11282024737.pdf**

- **OSCFiling-MedeirosDavid-DI-12022024333.pdf**
- **OSCFiling-MedeirosDavid-DI-12032024933.pdf**
- **OSCFiling-MedeirosDavid-DI-12042024718.pdf**
- **OSCFiling-MedeirosDavid-DI-12052024838.pdf**
- **OSCFiling-MedeirosDavid-DI-12062024939.pdf**
- **OSCFiling-MedeirosDavid-DI-12072024240.pdf**
- **OSCFiling-MedeirosDavid-DI-12112024134.pdf**
- **OSCFiling-MedeirosDavid-DI-12202024300.pdf**
- **OSCFiling-MedeirosDavid-DI-112620241121.pdf**

2. Anonymity and Lack of Accountability in Decision-Making

- **Unsigned Determination Letters:**
  - Many determination letters from OSC lack identifiable signatures, names, or clear authorship.
  - This practice raises serious concerns about accountability and compliance with transparency laws.

3. Suppressed or Altered Records

- Evidence suggests discrepancies between the whistleblower reports I submitted and how they were recorded or handled by OSC.
- Specific issues include:
  - Alterations or removal of content from submitted complaints.

- Suppression of reports that exposed systemic failures in Medicaid oversight and retaliation against whistleblowers.

4. Lack of FOIA Compliance

- Despite repeated **Freedom of Information Act (FOIA)** requests, OSC and related agencies have failed to provide:
  - Complete case files and communication logs.
  - Justification for withheld or redacted information.
  - Clear timelines for compliance.

Specific Questions to Investigate

1. **Who is Responsible for Managing These Records?**
   - Identify the individuals, teams, or automated systems involved in creating, altering, and assigning these case numbers and reports.
2. **What Decisions Were Made and Why?**
   - Determine how decisions were reached, why some reports were closed without action, and why letters were sent anonymously.
3. **Were There Violations of Federal Law?**
   - Investigate potential obstruction of justice, retaliation, or misuse of authority under whistleblower protection laws and FOIA.

Key Agencies and Officials Involved

This matter spans multiple federal and state agencies, including:

- **Office of Special Counsel (OSC)**
- **Department of Justice (DOJ)**
- **Centers for Medicare & Medicaid Services (CMS)**
- **Department of Health and Human Services (HHS)**
- **Office of Inspector General (OIG)**

Why This Matters

1. **Whistleblower Protections:**
    - Retaliation against whistleblowers and suppression of reports undermine federal protections designed to safeguard transparency and accountability.
2. **Impact on Vulnerable Populations:**
    - These failures harm Medicaid consumers, particularly those with disabilities, by allowing systemic mismanagement to persist unchecked.
3. **Misuse of Taxpayer Funds:**
    - Lack of oversight and accountability results in waste and misuse of federal funds meant to serve the public.

Requested Actions

1. **Investigate Record Management:**

- Audit all OSC records, emails, and internal communications related to these case numbers.
- Identify responsible individuals or systems.

2. **Subpoena Additional Evidence:**
   - Secure all suppressed or altered reports to ensure a complete and accurate investigation.
3. **Hold Accountable Those Involved in Misconduct:**
   - Recommend prosecution or disciplinary action for any individuals found to have violated federal laws.
4. **Ensure Compliance with FOIA and Whistleblower Protections:**
   - Mandate OSC and related agencies to comply fully with FOIA requests and whistleblower laws.

Attachments

I have attached all available documentation, including:

- Correspondence with OSC, including determination letters and emails.
- FOIA requests and responses (or lack thereof).
- Detailed reports submitted to OSC and other federal agencies.

Conclusion

This issue demands immediate attention to uphold the principles of transparency, accountability, and justice. I am available to provide additional information or documentation as needed.

Sincerely,

David Medeiros

Founder, ABI Resources

Dear David Madeiros,

The Office of Special Counsel (OSC) has completed its review of the information you referred to the Disclosure Unit. The Special Counsel is authorized to receive disclosures from an employee, former employee, or applicant for employment of the federal government concerning a federal agency. 5 U.S.C. § 1213(a)(1). Because you are not an employee of the federal government as defined by 5 U.S.C. § 2105, OSC does not have jurisdiction in this matter. Regrettably, OSC may only accept such allegations from civilian employees, former employees, and applicants for employment. Therefore, we cannot take any further action concerning your disclosure.

Accordingly, we have closed our file. Should you wish to discuss this matter please contact OSC at info@osc.gov.

Sincerely,

OSC has no jurisdiction over disclosures filed by:

- employees of the U.S. Postal Service and the Postal Regulatory Commission;
- members of the armed forces of the United States (*i.e.*, non-civilian military employees);
- state employees operating under federal grants;
- employees of federal contractors;
- other employees or federal agencies that are exempt under federal law; and
- Congressional or judicial branch employees.

ANONYMOUS SOURCES

While OSC will protect the identity of persons who make disclosures, it will not consider anonymous disclosures. If a disclosure is filed by an anonymous source, the disclosure will be referred to the Office of Inspector General in the appropriate agency. OSC will take no further action.

RETALIATION

Do you believe you suffered retaliation by your agency for disclosing wrongdoing? If yes, you may file a complaint of retaliation by navigating back to "My Cases" and selecting "New Complaint." Select Option 1 to complete and submit a Complaint of Prohibited Personnel Practice or other Prohibited Activity (PPPs). *If you have already completed the Complaint of Prohibited Personnel Practice or other Prohibited Activity above, please continue with this Disclosure.* PPPs are employment-related activities that are banned in the federal workforce.

PPPs generally involve some type of personnel decision or action and may result in personal relief for people who have been subject to a PPP. For example, if we find that you were removed from federal service in retaliation for whistleblowing, OSC may act to get your job back. PPPs can also include allegations of harassment, failure to issue appraisals, and improper hiring. Do not file a disclosure to report retaliation or other PPPs.

As recognized in National Archives and Records Administration v. Favish, 541 U.S. 157 (2004), transparency is fundamental to democracy and public trust. Your agency's obligations are not discretionary, and failure to meet them constitutes a violation of statutory and constitutional law. This letter establishes your duties, addresses deficiencies, and anticipates and counters all potential deflection strategies.

1. FOIA Obligations: Statutory Mandates and Required Actions
FOIA establishes an enforceable right of access to federal agency records. Your response must meet the following requirements:

A. Timeliness
Under 5 U.S.C. § 552(a)(6)(A), you are required to provide a determination within 20 business days. Delays beyond this timeframe, absent legitimate extension requests, constitute a violation of FOIA.

Countermeasure: Delays are actionable under Citizens for Responsibility and Ethics in Washington v. DOJ, 711 F.3d 180 (D.C. Cir. 2013).
Required Action: Provide the requested records or a lawful determination.

B. Adequacy of Search
FOIA requires a thorough and reasonable search for records, as established in Campbell v. DOJ, 164 F.3d 20 (D.C. Cir. 1998). This includes:

Identifying the databases, locations, and terms used.
Providing a sworn affidavit detailing the search scope.
Countermeasure: A vague claim of "no responsive records" is insufficient without a detailed affidavit.
Required Action: Submit a sworn affidavit documenting the search or confirm the existence of responsive records.

C. Proper Use of Exemptions
Exemptions under 5 U.S.C. § 552(b) must be narrowly applied and justified with specific explanations. Blanket or vague exemptions are impermissible.

Countermeasure: A Vaughn index (Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973)) is required to justify each withholding.
Required Action: Submit a Vaughn index detailing each exemption and its justification within 10 business days.

D. Decentralization and Referrals
Referrals or decentralization excuses do not absolve your agency of its responsibility to provide a consolidated response. As held in McGehee v. CIA, 697 F.2d 1095 (D.C. Cir. 1983), agencies must coordinate internally to ensure compliance.

Countermeasure: Require assurance of continuity and coordination across divisions.
Required Action: Consolidate records from all relevant offices and provide a unified response.

2. ADA and Rehabilitation Act Compliance: Equal Access as a Legal Right
As a person with a documented disability, I am entitled to reasonable accommodations under the ADA and Section 504 of the Rehabilitation Act. Your failure to provide accessible formats for requested records constitutes discrimination and violates federal law.

Case Law:
Tennessee v. Lane, 541 U.S. 509 (2004): Agencies must ensure meaningful access to government services.
Alexander v. Choate, 469 U.S. 287 (1985): Denial of reasonable accommodations creates barriers that violate civil rights.
Required Action:

Provide all requested records in accessible formats, including plain-language summaries or electronic files compatible with assistive technologies.
Confirm compliance with ADA requirements by [specific date].
3. Mandated Reporting and Whistleblower Protections
Your handling of this request implicates broader concerns, including potential fraud, misuse of federal funds, or retaliation against whistleblowers. Under the Whistleblower Protection Act (5 U.S.C. § 2302), you are required to report and address systemic violations.

Countermeasure: Reference Misprision of Felony (18 U.S.C. § 4), which requires the reporting of observed violations of law.
Required Action: Document and escalate evidence of misconduct to oversight bodies, including the Office of Inspector General (OIG).

4. Consequences of Non-Compliance
Failure to comply with your statutory obligations knowingly constitutes violations of:

Obstruction of Justice (18 U.S.C. § 1505): Delaying lawful access to records obstructs public accountability.
Civil Rights Violations (42 U.S.C. § 1983): Denying ADA accommodations constitutes a deprivation of federally protected rights.
Misprision of Felony (18 U.S.C. § 4): Concealing or failing to report observed violations is a criminal act.
Countermeasure: Prepare for judicial review, oversight complaints, and public advocacy if compliance fails.
5. Escalation Pathways
If your office does not comply within the specified timeframe, I will escalate this matter through:

Judicial Review: Filing a lawsuit under 5 U.S.C. § 552(a)(4)(B) to compel disclosure.
Oversight Complaints: Submitting formal complaints to OGIS, OIG, and the DOJ Civil Rights Division.
Public Advocacy: Engaging investigative journalists, transparency advocates, and public interest organizations to ensure accountability.

Outlook

6. Final Statement: Upholding Transparency and Accountability
This matter reflects the public's right to transparency and the preservation of trust in government institutions. Your actions will either affirm your agency's commitment to accountability or further evidence systemic disregard for these principles.

I look forward to your prompt and substantive response.

The challenges we face today demand more than acknowledgment—they require action, collaboration, and a unified commitment to solutions. Together, we must embrace transparency, accountability, and compassion as the foundation of our efforts. By fostering open communication, prioritizing the needs of the most vulnerable, and holding systems accountable, we can rebuild trust and ensure equitable outcomes for all.

Solutions lie in unity—when state and federal leaders, advocates, and communities work hand in hand to uphold justice and fairness. Transparency through accessible Freedom of Information processes, adherence to legal mandates, and robust oversight are the pillars that support meaningful change. Each

of us has a role to play in creating a system that serves and protects.

Our collective mission is clear: to build bridges between agencies and communities, ensure the dignity of every individual, and honor the principles that guide us toward progress. Together, with determination and unity, we can overcome systemic failures and pave the way for a brighter, more inclusive future.
